

LANGUID

How are the children this spring? Complaining a good deal of headache, can't study as well as usual, easily fall asleep, and are tired all the time? And how is it with yourself? Is your strength slipping away? Do you tremble easily, are your nerves unstrung, do you feel dull and sleepy, and have you lost all ambition?

That's Spring Poisoning

Nearly every one needs a good spring medicine; a medicine that will remove impurities from the system, strengthen the digestion, and bring back the old force and vigor to the nerves. A perfect Sarsaparilla is just such a medicine; a Sarsaparilla that contains the choicest and most valuable ingredients; a Sarsaparilla accurately and carefully made, and one that experience has shown is perfect in every way.

That's AYER'S

"The only Sarsaparilla made under the personal supervision of three graduates: a graduate in pharmacy, a graduate in chemistry, and a graduate in medicine."

\$1.00 a bottle. All druggists.

"I am perfectly confident that Ayer's Sarsaparilla and Pills have saved my life by taking them every fall and spring. I have kept them in the house for the past twenty years."—EVA N. HART, Buffalo, N. Y., March 26, 1900.

CARTER MEDICINE CO. WINS.

Obtains Injunction in Case Involving Simulation of Labels.

Brent Good, president of the Carter Medicine Company, yesterday received a telegram from his lawyers in Chicago, Messrs. Lowden, Estabrook & Davis, informing him that a final injunction, with costs, had been granted against the Chicago Label and Box Company. This company makes a specialty of manufacturing labels, boxes, etc., for druggists. The Carter Company has been following them through the courts for two years on the complaint that the label company was making simulation of the labels of Carter's Little Liver Pills. They have now obtained a final injunction with costs, and the costs are very large, as the complaint was submitted to a Master in Chancery for a final accounting.

The Carter Medicine Company has been the first and only one to prosecute printers or engravers who have prepared such labels and wrappers. It marks a new departure in infringement cases, and their victory is one of great importance to the whole "proprietary trade," and of interest to retail druggists.—New York Times, May 4, 1900.

WINTER BILE

Causes bilious head-ache, back-ache and all kinds of body aches. Spring is here and you want to get this bile poison out of your system, easily, naturally and gently. CASCARETS are just what you want; they never grip or gripe, but will work gently while you sleep. Some people think the more violent the griping the better the cure. Be careful—take care of your bowels—salts and pill poisons leave them weak, and even less able to keep up regular movements than before. The only safe, gentle inside Spring cleaner for the bowels are sweet, fragrant CASCARETS. They don't force out the fecal matter with violence, but act as a tonic on the whole 30 feet of bowel wall, strengthen the muscles and restore healthy, natural action—buy them and try them. You will find in an entirely natural way your bowels will be promptly and permanently put in good order for the Spring and Summer work.

DEPUTY REEVES HAS CONFESSED.

He gives up Nearly Five Thousand Neely and Places With Him.

HAVANA, May 21.—W. H. Reeves, deputy auditor of the island, made a confession at midnight and gave up \$4,500 given to him by C. F. W. Neely, the arrested financial agent of posts at Havana, to perform certain services the day he left.

General Wood and the postal inspectors refuse to disclose the nature of the confession, barely admitting that a confession has been made.

It is claimed that \$1,400 more will be recovered today.

Another charge against Neely is that he has defrauded the customs out of several thousand dollars' worth of duties by importing nominally for postal use large quantities of paper, which was afterward sold to a printing house in Havana.

The Cubans are now talking a good deal regarding postal matters, the main idea apparently being that the Americans, having found so many of their countrymen implicated, will not proceed to extremities. The Cubans do not believe that Neely will be extradited.

With the confessions of Reeves and Rich, supplemented by those of the station clerk, and by the statements of the Havana postmaster, it is considered that the evidence against Neely is complete.

General Wood says that the report from Muncie, Ind., that nearly \$2,000,000 worth of stamps have been printed there and sent for distribution to Cuban postoffices can be regarded as a canard. There is nothing here to show that any such counterfeit stamps have been sent. It is believed now that the whole story is known and that the amount of the defalcation will fall between \$100,000 and \$125,000.

Hazel for Federal Judge.

WASHINGTON, May 21.—The president has determined upon the nomination of John R. Hazel to be United States judge for the western district of New York. It is probable that his name will be sent to the senate today.

End of Tribes in Sight.

ARDMORE, I. T., May 21.—The Dawes commission and the Choctaw and Chickasaw commission have agreed that the enrollment of the two tribes shall be closed on June 1. No Choctaw or Chickasaw Indian born after that date, whether intermarried or full blood, will be registered on the tribal rolls or allowed to participate in the allotment of tribal lands. All new born, however, will receive their share of the school funds.

The property of those who die after that date will descend to the heirs in accordance with the Arkansas statute of descent distribution.
