VOL. XXIX.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, JULY 5, 1900.—EIGHT PAGES.

NO. 3

The peculiar adjustment of the ocular muscles may be shown by holding this picture directly in front of the eyes, at a distance of about fourteen inches and drawing slowly toward the face. These delicate yet strong muscles will hold the eyes to a focus until you reach the limit of their power, when the eyes suddenly cross and the ball goes into the boy's open mouth. Nearly all eye trouble is brought about by raising the place of focus by pushing without good eyes or good glasses. I can supply the latter. You can have the former.

who has just returned from a visit  
of four months in New York State

former pops who is not a supporter of  
the Sioux Falls ticket.

A fire broke out at the Ocean  
docks at Hoboken New Jersey last

It is reported that a fiend in hu-  
man form at Ansley beat his wife  
and daughter last week most un-  
mercifully. The wife had her nose  
broken in the melee and was con-  
fined to her bed for two or three  
days as the result of the beating.  
The daughter who attempted to  
protect her mother was also pound-  
ed terribly. A coat of tar and  
feathers might do such a person  
good.

A Timely Rain.  
This vicinity was visited Sunday  
night with two and five-twelfth  
inches of rain. It was accompan-  
ied by neither hail nor wind, but  
was a steady down pour for nearly  
six hours, so the ground absorbed  
it as fast as it fell. It came in good  
time for the corn, millet and past-  
ures, but a little late for the wheat,  
yet it will make thousands of bush-  
els of wheat for the county in lo-  
calities where the drouth had not  
been so severe as in other parts.

During the last thirty days the  
total receipts of milk at the Kim-  
ball creamery amounted to 310,098  
pounds, for which the farmers  
furnishing it received \$1,826.53.

During the month of May, 1898,  
285 tubs of butter were made at the  
Alexandria creamery, for which the  
patrons received the sum of \$2,745.  
During the same month of this year  
395 tubs were made for which the  
patrons received \$4,436. This is a  
fair indication of the increase in  
business at all South Dakota cream-  
eries.

Not Guilty.  
Monday Judge Armour's court  
was engaged in the preliminary  
trial of Joe Morris, one of the par-  
ties charged with having robbed  
Pink Brown on the night of the  
22nd of \$140. and valuable papers.  
The preponderance of the evidence  
was to the effect that Mr. Morris  
was not guilty and the court, after  
taking the matter under advisement  
until the next morning so decided.  
Ed. Penn who was one of the oc-  
cused stated that Morris had taken  
the money and had given he and Ed  
Hogland each a portion of the  
money to leave the town so suspicion  
would rest on them. Morris  
had several witness to prove that he  
was not at the barn where Brown  
was with the money from the time  
he ate his supper about 7 p. m. un-  
til 11 or 12 that night, which was  
after Penn had exhibited some  
seven bills of paper money to Will  
Hersh and others that evening.  
Upon the evidence developed in the  
prosecution of Morris the county  
attorney decided that it would be  
useless to proceed with the trial  
against Ed and Charley Collins  
who had been arrested on the charge  
of complicity, hence they were both  
discharged.

Headquarters Department of Nebraska,  
Grand Army of the Republic.  
State House, Lincoln, Neb.,  
June 25 1900.

General Order No. 3.  
1. The Thirty-fourth National  
Encampment of the Grand Army  
of the Republic will be held at  
Chicago, Ill., on the 26 to 31st  
August.

2. On account of its favorable  
location, its many attractions, and  
the effort the loyal citizens of Chi-  
cago are making, that the men who  
stood at the front during the Sixties  
their friends, and comrades in later  
wars may have a week of camp life,

# ROYAL Baking Powder Absolutely Pure

Makes hot breakfast-breads wholesome—no  
yeast germs, no alum. Makes cake, biscuit  
and pastry of superior fineness, flavor and deli-  
cacy. Makes food that will keep moist and  
sweet. Is most economical, because it is the  
purest and greatest in leavening strength. In  
the easy, expeditious preparation of the finer  
cakes and pastries, Royal is indispensable.

Care must be taken to avoid baking powders made  
from alum. Such powders are sold cheap, because  
they cost but a few cents per pound. Not only  
will they spoil the cake, but alum is a corro-  
sive acid, which taken in food means injury to health.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

and once more meet their comrades.  
This may be the last and only time  
that we will be so favorably situat-  
ed.

3. The Department Commander,  
believing that there would be a  
great number of the comrades and  
their friends attend the coming En-  
campment, made a personal visit to  
Chicago, and has secured rooms at  
the Leland hotel on Michigan Ave.,  
fronting on the lake and the beauti-  
ful park in which is located the  
monument of our illustrious and  
beloved commander, John A. Logan,  
for Department Headquarters,  
which will be the home of all the  
Nebraska people during the week  
of the encampment. Every person  
that attends should register and let  
his presence be known. The rates  
at the hotel will be \$3 per day, in-  
cluding room and board. There  
will be free quarters for all com-  
rades that come and have certificates  
from their post commanders show-  
ing that they are members of the  
Grand Army of the Republic. The  
quarters will be in fine, commodious  
buildings, near the railroad station.  
The rooms will be furnished with  
new cots. The parties occupying  
them will furnish their own blank-  
ets. There will be attendants at  
the rooms to care for them and check  
the baggage.

4. Each post commander should  
at once canvass his post and ascer-  
tain the number of persons that are  
going and that will want accommo-  
dations at the hotel and free quar-  
ters, and send their names to the  
Assistant Adjutant General, Lin-  
coln, Neb., so that there shall be  
no confusion and disappointment  
on their arrival in the city.

5. The comrades and citizens of  
Chicago are doing all they can to  
make this a time to be remembered  
by all that attend.

"Let us again gather and meet  
our old comrades, and clasp their  
hands in memory of the days of our  
youth, when  
"Friendships that time cannot sever,  
Mystic and blood-stained the tie,  
Friendships were formed and cemented,  
Friendships that never can die."

6. The time for holding the State  
Reunion is upon us. The 13th,  
14th, 15th, 16th and 17th of August  
will soon be here. There will be a  
meeting of the Reunion Committee  
on July 10, 1:00 p. m. at this office,  
at which time the program will be  
prepared and published in General  
Orders. The local committee are  
at work and know how to give the  
comrades a royal time on the old  
camp ground. Hurry up your  
harvesting and the spring chickens,  
and come to the State Reunion at  
Lincoln. Remember the time Au-  
gust 13 to 18. The usual low rail-  
road rates have been secured.

7. The attention of post com-  
manders is directed to the necessity  
of being prompt in forwarding their  
reports to the Assistant Adjutant  
General, to enable the Department  
to make its reports to national  
headquarters on time.

8. The following aids-de-camp  
upon the Department Commander's

Staff have been appointed:  
David Jack, Peru, Post No. 30L  
W. H. Comstock, Wescott, Post,  
No. 274.

John Gillaty, Fairburg, Post No.  
77.

Will M. Gifford, Lewiston, Post  
No. 172.

H. W. Davis, Lincoln, Post No.  
214.

P. Wymore, Cullaway, Post No.  
264.

J. D. Garner, Lincoln, Post No.  
25.

And they will be obeyed and re-  
spected accordingly. All comrades  
securing appointment as aids will  
report to the Assistant Adjutant  
General their acceptance, and se-  
cure their badges from B. P. Cook,  
Assistant Quartermaster General,  
Lincoln, Neb.

By order of JOHN REESE, Depart-  
ment Commander.  
Official: JAMES D. GAGE, Assis-  
tant General.

L. O. Roblee, who a month ago  
bought twelve head of cows of the  
Beatrice Creamery Co. received a  
letter yesterday from W. W. Mar-  
ple complementing him upon the  
record his cows are making in but-  
ter fat. Only eleven of the twelve  
were giving milk the past month  
and eight of the twelve will be  
fresh before January. But the  
eleven averaged \$3.20 per head for  
the month. At this rate the twelve  
cows, all giving milk which is the  
case now, would make \$38.40 per  
month from the cream product  
alone, which only lacks 60 cents of  
being the price paid per head for  
the cows. This is a practical test  
of the business and demonstrates  
that it will pay any one who will  
engage in it and give the business  
his personal attention as Mr. Roblee  
is doing. It must be remembered  
that in addition of the butter fat,  
the owner of his cows has the milk  
left to use.

Chief Source of Amber.  
Gold of the Baltic sea, as amber is  
often called, is found in various places  
on the globe, but nowhere in such  
abundance as on the shores of the  
Baltic from Memel to Danzig, and  
there principally on the coast of the  
oblong piece of land jutting out into  
the sea between the Kurische and the  
Frische Haff. It is, in fact, a vegeta-  
ble product, a fossil gum of a conif-  
erous tree, and from time immem-  
orial it has been used as a jewel  
by many a fair lady.

A Natural Inquiry.  
"Papa," said Tommy Treadway.  
"Now, Tommy," replied Mr. Treadway,  
"I shall answer only one more ques-  
tion today. So be careful what you  
ask." "Yes, papa." "Well, go on."  
"Why don't they bury the Dead sea?"

A Woman's Discovery.  
Isabelle—"I used to sacrifice myself  
for other people." Belinda—"Don't  
you do it now?" Isabelle—"No, I've  
quit it; people seem to like me just as  
well and I know I'm more amiable and  
better looking."—Detroit Free Press.
