

THE NEWS IN BRIEF.

Kansas corn was somewhat injured by the late drouth. Fire in a commission building at Chicago killed 6,000 chickens. Both McKinley and Bryan will be at the Chicago Grand Army reunion. Princess Cantacuzene, who was Julia Dent Grant, has given birth to a son. The gold democrats have decided not to place a presidential ticket in the field. Mr. Gompers has fallen in his attempt to settle the Chicago building strike. The outlook for the sheep industry in Utah is said to be quite unsatisfactory. The Texas Socialists state convention nominated G. H. Royal, of Lampasas, for governor. Ex-President Cleveland denies the report that he advised gold Democrats to support McKinley. Charles Hoyt, the well-known playwright, has been ordered confined in a private insane asylum. The city of Chicago is having expansion troubles. The suburban towns do not want to be absorbed. Ex-Representative George M. Curtis, of Iowa, has declined the office of first assistant postmaster general. Colonel Meade, in command of the marines at Taku, has been invalided home on account of rheumatism. The treasury department has instructed collectors of customs to prohibit the shipment of arms to China. The prohibition state convention of New York nominated Dr. William T. Wardwell, of New York, for governor. At Pittsburg the Crucible Steel company of America, with a capital stock of \$50,000,000, was formally organized. Troops B, J and L of the First United States cavalry, have arrived from Fort Russell, and gone into quarters at Interbay. At Buffalo, N. Y., the eastern elevator of the American Linsseed Oil company burned. The elevator and its contents were valued at \$750,000. Mme. Janussek, the actress, who was stricken with paralysis, is improving steadily, and will be out in two weeks, it is hoped. She is in her 71st year. Emporia, Kan., is a dry town. All druggists except four and three alleged jointists have been arrested for selling intoxicating liquor contrary to the city ordinance. The imperial government has sanctioned the raising of three new regiments of native infantry to garrison colonial stations, such as Mauritius and Singapore. Twenty thousand acres of land in the oil fields of Shelby county, Ill., have been purchased and the work of developing the same will be inaugurated at once. Peru has adopted a single gold standard and has issued a gold coin known as the libra or Peruvian pound, which is identical in weight and fineness with the English pound sterling. Charles Holmes, of Middleton, N. Y., who recently advertised for a wife "to wear my dead wife's clothes and share a pension of \$16 a month," received hundreds of answers and last week married Miss Margaret Canfield, of New York, who answered the "ad." The London Daily Express has the following from St. Petersburg: "Admiral Skreydiouff, commanding the Russian squadron in Chinese waters, has received precise instructions to bombard the Chinese coast towns immediately on receipt of confirmation of the report of the massacre at Peking." The Canton correspondent of the Daily Telegraph says: "There are daily arrests of Boxers and strangers caught loaded with arms and ammunition. Executions are quickly made. In the country districts the people are more threatening and bolder than in the city. These inflammatory placards are freely posted." A decree calling for a constitutional convention and providing for the election of delegates was promulgated in Cuba. An order for 110,000 garments to be made at once, was received at the United States quartermaster's depot at Jeffersonville, Ind. Secretary Root said today that he supposed the Fourteenth infantry had arrived at Taku. By the end of this month, the United States would have 5,000 troops in China. He said the reports of yellow fever among the soldiers of the First infantry would not prevent the departure of that regiment from Cuba. Jeanne Bernhardt, the younger sister of Sarah, who died in Paris last week, although not widely known, was regarded in France as a highclass actress, who had a career before her. She played with her sister in this country when Bernhardt was on her first American tour. Surgeon General Sternberg has made every arrangement for the care of the sick and wounded soldiers on Chinese soil. Provision has been made for the quartermaster's department for the immediate transportation of an abundance of medical stores and supplies, including a full supply of hospital tents with flooring, stoves, etc. At Akron, Ohio, Hon. Sydney Edgerton, aged 82, died after a long illness. He was the first justice of the supreme court of Idaho and the first governor of Montana, having been appointed by President Lincoln. He was twice elected congressman from the Akron, Ohio, district. Dr. William R. Brooks, director of Smith observatory, discovered a new comet at Geneva, N. Y., in the eastern heavens. Its position at discovery July 23, thirteen hours, was right ascension two hours, forty-two minutes, forty seconds, declination north twelve degrees, thirty minutes with northerly motion.

LONG WAIT FOR NEWS

Another Day of Silence from the Chinese Capital Passed.

NEWS EXPECTED AT ANY MOMENT

Washington Officials Are Looking for Answer to the Numerous Inquiries—Minister Wu is Still Confident that the Legationers Are Alive.

WASHINGTON, July 30.—There is a growing expectation at the State department that news of the utmost importance may be forthcoming at any moment from Peking. It was even thought that something might be received today, but this hope was doomed to disappointment. The few cablegrams that were received referred to minor matters and did not touch at all upon conditions in the Chinese capital. It is believed that the basis for this expectation is the knowledge on the part of officials that certain machinery heretofore set in motion may result in the opening up of communication through some secret and reliable channel. It is known that a second effort has been made by our own government to get another message from Mr. Conger and that nearly all of the powers also have resorted to private agencies in their own interest with a like object. The fact has just been developed that one of the last acts of the late Colonel Liscum before his death at Tien Tsin was to undertake the dispatch of a spy to Peking. General Doreward, the British commanding officer at Tien Tsin, also sent out two messengers and it is believed that the Japanese did the same. Up to date not one of the messengers has returned to Tien Tsin, nor has there been a single word heard from any of them. This fact, however, has not caused the abandonment of hope, and this is true in particular of the message expected from Mr. Conger. Minister Wu is perhaps the basis for this hope on our part and he maintains unshaken confidence in his original assertion that the news, when it does come, will show that the legationers are alive. The message reported to have come through Missionary Wilder at Chefoo is regarded as most promising. Minister Wu had no cablegrams himself today, nor had the State department any directly from China. Nothing further has been heard as to the date set for the beginning of the movement toward Peking, and it is remembered that the details must be fixed by the military commanders upon the spot. A message came to the War department from the quartermaster on the Lenox, announcing the arrival of that ship, together with the Conemaugh, at Kobe, Japan. They have aboard the mounts for the Sixth cavalry, and although they will start for Taku at once, not less than five days will be consumed in this last stage of the voyage. It is doubtful whether General Chaffee would care to leave Taku without horses for the Sixth cavalry, particularly as, according to all reports, mounted cavalry is needed for successful operations in the flat country lying between Tien Tsin and Taku. This fact alone may delay operations until late in the present week, though at least a portion of the international column may start on the day fixed, namely, tomorrow. Assurances received here show that the Japanese government is doing all in its power to facilitate the international movement and although the good will of the Japanese was never suspected, as far as the United States is concerned, the knowledge is gratifying. Secretary Long has a cable message today from the commander of the Buffalo, at Hong Kong, stating that he has sailed for Taku. The Buffalo is taking out much needed relief men for the naval crews and also a lot of stores aboard for the approaching campaign.

THREATENING SHANGHAI.

Situation Demands More Troops—Chinese Going to Peking.

LONDON, July 30.—The Shanghai correspondent of the Times, wiring yesterday, says: "I learn that Li Hung Chang and Lu Chuan Lin, governor of Kiang Su, both rabidly anti-foreign, are advancing toward Peking with large bodies of troops. Their advent must seriously affect the situation there. "Today the consular body decided that the situation demands the presence of a military force in Shanghai and the consuls have notified their governments accordingly." Relief at Nagasaki. WASHINGTON, July 30.—The war department has received the following cablegram: "Nagasaki, July 27.—Relief arrived at Nagasaki July 26. Claude R. Leslie, Company I, Fourteenth infantry, died of disease contracted in line of duty—dysentery. His remains will be shipped to San Francisco. Civilian Employee Arthur Hennessy drowned June 27; buried at Nagasaki. "HARRY O. PERLEY, "Major, Medical Department." Prohibits Arms for China. ROME, July 30.—The Official Journal publishes a royal decree prohibiting the exportation of arms, ammunition or other munitions of war, to China. Kills His Wife and Escapes. ELDORA, Ia., July 30.—In a jealous rage Otto Pennington at Oaxaca today shot and killed his wife in the presence of their two children and several members of Mrs. Pennington's family and was prevented from taking the lives of all those about him only by a severe struggle, during which he emptied his revolver at the objects of his wrath. None but his wife, however, was hit. Pennington had been appointed from his family and the tragedy was the sequel to a long story of domestic unhappiness. The murderer so far has eluded capture.

KILLS KING OF ITALY.

Assassin Shoots Down Humbert in Crowded Thoroughfare.

MONZA, Italy, July 30.—King Humbert has been assassinated. Here was shot here last evening by a man named Angelo Bressi de Prato and died in a few minutes. King Humbert was shot at 10:45 o'clock last evening and died at 11:30 in the evening. The murderer cynically avowed his guilt of the crime. The king had been attending a distribution of prizes in connection with a gymnastic competition. He had just entered his carriage with his aide de camp, amid the cheers of the crowd when he was struck by three revolver shots fired in quick succession. One pierced the heart of his majesty, who fell back and expired in a few minutes. The assassin was immediately arrested and was with some difficulty saved from the fury of the populace. He gave his name as Angelo Bressi, describing himself as of Prato in Tuscany.

ROME, July 30.—The news of the terrible event did not arrive here until after midnight. Senator Sarraco, the premier, immediately summoned a meeting of the cabinet and the ministers will start at the earliest possible moment for Monza. The prince and princess of Naples are on board the Yela, yachting in the Levant. LONDON, July 30.—Angelo Bressi, the assassin of King Humbert, according to a special dispatch from Rome, dated today, is an anarchist.

CODY'S SHOW TRAIN WRECKED.

One Killed and Many Injured in Wreck Near Detroit.

DETROIT, Mich., July 30.—Section one of the Buffalo Bill wild west show train suffered a severe collision near Milwaukee Junction shortly before daylight yesterday, resulting in the smashing of a show employes' sleeping car containing some forty sleeping inmates. One of the latter is dead and nine others are in Detroit hospitals suffering from more or less serious injuries. The dead man is Edward Sullivan, of Bridgeport, Conn. Mystic Minister Arrested. OTTUMWA, Ia., July 28.—Rev. Z. T. Queen, a prominent Christian minister of Mystic, was placed under arrest, charged with bigamy. The information was sworn to by James Queen of Bancroft, Neb., who claims that he is a son of Rev. Queen and that his mother is still living and has not been divorced. Rev. Queen was married in May to a Mystic woman, who listens to her husband's denial of the charges with an equanimity that betrays her confidence in him. The son says that his father resided in Oxford, Neb., until about seven years ago with his mother, when he mysteriously disappeared. Wait for Rathbone's Bonds. HAVANA, July 30.—The court before whom Estes G. Rathbone, formerly director of posts, was arraigned yesterday, after his arrest on charges of fraud, issued an order directing that the prisoner be removed to this afternoon to the carcel, but Lieutenant Colonel Scott, acting governor general, advised that he be allowed to remain in the vivac until it was known whether bail would be secured. His attorneys are confident of getting a satisfactory bondsman tomorrow. Many persons called upon Mr. Rathbone to express their sympathy with him in his predicament. Among them was General Lee. A Ranchman Under Arrest. CHAMBERLAIN, S. D., July 30.—Meyer Winter, who conducts a large ranch and mercantile business at Westover, eighty miles west of this city, was brought before United States Commissioner Tidrick, in this city, upon information of Brand inspecting Jack Foster, charged with driving away some cattle from the Rosebud Indian reservation. He was held to answer to the next United States grand jury at Deadwood, in September, and was released under \$500 bail, and rearrested by Sheriff Julifs of Lyman county charged with receiving stolen property. Cubans Approve of Decree. HAVANA, July 30.—The decree calling the constitutional convention and providing for the election of delegates meets with almost universal approval at the hands of the Cuban press. The element which has always clamored for independence sees in the convention the probable consummation of the plans of a lifetime. The Cubans say that the United States government has been "frank and honest in declarations that are of vital importance to Cuba." Cure for Yellow Fever. CITY OF MEXICO, July 30.—Advices from Vera Cruz show that Dr. Bellinzaghis' experiments with yellow fever patients continue to show remarkable results. All the new patients treated with the serum are improving and the black vomit has been stopped. Long's Secretary Dies. WASHINGTON, July 30.—News was received here tonight of the death of Lewis Harvie Finney, private secretary to Secretary Long, at Warm Springs, Va., today. He was a native of Virginia. He had been private secretary to Assistant Secretary Soley and to Secretary Herbert. A Crank or Anarchist. KANSAS CITY, Mo., July 30.—Jerome Fedeli, Italian vice consul in Kansas City, was greatly shocked when he learned of the assassination of King Humbert of Italy. "King Humbert was greatly beloved by his people," said Mr. Fedeli, "and I cannot conceive why anyone but a crank or an anarchist should wish to take his life. He was good and kind and charitable. I knew him well. He will be succeeded in all probability by his oldest son, the Prince of Naples, who is a young man not yet 30 years of age."

A MOTHER'S CRAZY ACT.

She Attempts to Exterminate Part of Her Family.

SCHUYLER, Neb., July 28.—Mrs. James Gadsden has been mentally deranged for some time past and has been confined in one of the Omaha hospitals most of the time during the past four months, returning home at intervals. If she has been considered dangerous it was not known to her neighbors and friends. The other night she returned quite unexpectedly. At 2 p. m. next day, while Mr. Gadsden was getting the horse and carriage ready to ride she was heard in the house. Rushing in Annie Gadsden, a little daughter about twelve years old, was found lying in a pool of blood with her mother standing over her with a smoking 38-calibre revolver in her hands. The mother had fired two shots, one taking effect in her right side, the other just below the left arm. The woman was disarmed after a severe struggle. Mr. Gadsden ordered a carriage from the hotel and taking the child hurried to the 2:30 train and with Dr. Cavanaugh started for St. Joseph hospital at Omaha. Sheriff McLeod took Mrs. Gadsden in charge. She says she thought they were all going to be chopped in pieces with hatchets and she had intended to kill them to avoid such a horrible fate. The extent of the injuries of the little girl are not known. Enforcement of Game Laws. LINCOLN, July 28.—Governor Poynter has addressed the following communication to the ninety county sheriffs of the state, calling attention to their duty to prosecute violations of the state game laws: EXECUTIVE CHAMBER, LINCOLN. Dear Sir: My attention has been called to frequent violations of the game laws of the state in the killing of young chickens before the opening of the season. The law makes it your duty, under severe penalties, to prosecute all such violations. These prosecutions are made binding upon yourself, your deputy or any constable or peace officer in your county. I would refer you to the game laws, section 86, and direct that you enforce its provisions within your jurisdiction. W. A. POYNTER, Governor. The law cited by the governor provides a penalty of \$5 for every ruffed grouse or pheasant, pinnated grouse, prairie chicken, sharp-tailed, dusky or other species of killing quail between January 1 and September 1. A similar penalty is provided for killing quail between January 1 and September 1, and for killing wild ducks or geese between May 1 and September 1. Regarding prosecutions the law says: "It is made the duty of all county attorneys to see that the provisions of this act are enforced and they shall prosecute all offenders on receiving information of the violation of any of the provisions of the act; and it is made the duty of all sheriffs, deputy sheriffs, constables and police officers to perform against and prosecute each and every party whom there is reasonable or probable cause to believe are guilty of violating any of the provisions of this act." Not Hurt by Dry Weather. HAYES CENTER, Neb., July 28.—An enthusiastic dairy meeting was held here in the town hall. The purpose was to increase the interest and discuss questions of importance to those engaged in the dairy business. There was a large attendance. The meeting was presided over by Mr. Blood, county treasurer and president of the local creamery company. Mr. Wilkinson, superintendent of the Beatrice Creamery company, took an active part in the discussion of different questions and gave some very valuable information. The dry weather will not affect this county much because of the interest taken in the milk business. What Nebraska Exports. LINCOLN, July 28.—According to figures compiled by the state bureau of statistics, the shipments of corn from Nebraska last year exceeded by over 10,000,000 bushels the shipments of the year before. In other grains there was a slight falling off, due largely to increased home consumption. The growth of the four industry for the year is shown in an increase of over 10,000,000 pounds in shipment. Shipments of hogs were larger by 100,000 head and sheep an increase of 600,000 head. In other kinds of livestock there was but little change. Large Yield of Winter Wheat. BRADSHAW, Neb., July 28.—Farmers in this vicinity who have threshed make a very favorable report in regard to the yield of winter wheat. Some fields have yielded forty bushels, while the lowest yield we have heard of was above twenty bushels. Spring wheat is not quite so good, the yield ranging all the way from twelve to twenty bushels. Oats, rye and barley are making a fair yield and the present prospects for a good corn crop is flattering. Is Admiral Dewey's Brother. OMAHA, July 28.—William Henry Dewey, brother of the hero of Manila bay, is in the city, stopping at a hotel. He resembles his illustrious brother somewhat, but is considerably older, being now in his 76th year. But for the full beard, which is heavy and streaked with gray, he might easily be mistaken for "Dewey." The senior Dewey is a railroad contractor of Nagasaki, Idaho, and is now on his way to New York in the interests of the Idaho Northern Railway company. State Capital Notes. LINCOLN, July 28.—The supreme court bar docket, now being prepared for the printer, will contain more cases than any previous docket for the last ten years. The exact number of cases listed is slightly over 1,700, while the last preceding docket for the last ten years had slightly over 1,700, while the last preceding docket numbered only 1,400. State Treasurer Meserve has issued a call for state warrants numbered 58,451 to 58,850, amounting to \$42,000, payable August 6.

WEATHER WET AND COOL.

And the Crop Outlook is of a Satisfactory Character.

UNIVERSITY OF NEBRASKA, Lincoln, July 26.—The past week has been cool and wet, with less than the normal amount of sunshine. The daily mean temperature has averaged about 6 degrees below the normal. The rainfall equalled or exceeded the normal in nearly all parts of the state, and ranged from one to three inches in a good portion of the state. The wet weather of the past week has retarded, haying, thrashing and stacking, but has been very favorable for the growth of corn. In the eastern and northern counties the rain of the 15th came in season to prevent serious damage to the corn crop. However, the crop on the early-planted corn was shortened somewhat in most southern counties by the dry weather, although the late-planted was uninjured. In most central and southwestern counties the early-planted corn was seriously damaged and in some counties practically ruined, while the late-planted suffered some damage. The rain placed the ground in fine condition for working, and plowing has commenced in eastern counties.

Wins Suit Against Hall Association.

LYONS, Neb., July 26.—A suit brought by the Grain Growers' Mutual Hall association against W. J. Kelley, one of the policy holders of this place, was on trial before Judge Clements, and the case was decided in favor of the defendant, Kelley. This is the first of a dozen or more suits on file by the Grain Growers' Mutual Hall association against policy holders residing in this county to force payment of assessments levied by the original Grain Growers' Mutual Hall association of Omaha, which has been withheld by the policy holders here on the ground that the assessment was excessive and illegal and the signature of the policy holder thereto was obtained by fraud.

Holds Opened in Washington.

WASHINGTON, July 26.—Bids were opened at the Indian office for the brick dormitory, laundry, water and sewer system, heating and addition to the school building at the Omaha and Winnebago Indian school agency, Nebraska. The bidders were as follows: John B. Herman, Norfolk, Neb., \$36,732; Charles C. Maroy, Pender, Neb., for brick dormitory alone, \$23,735; John S. Kitterman, Ida Grove, Ia., \$38,000; Patrick Handley, Anadarko, O. T., \$30,750; Charles P. Tifts, Sioux City, for sewer and water system, \$200, for heating, \$1,825; J. B. Rahm, Omaha, water and sewer system only, \$2,396.

Cattleman is Missing.

HOLDREGE, Neb., July 26.—Nels Anderson, a wealthy stockman, living near Holdrege, started for Chicago with several carloads of stock two weeks ago and nothing has been heard from him since he left Galesburg on his way home. His folks have telegraphed to various points, but no trace of him can be found, and they fear foul play. He still has 1,000 head of cattle feeding in his yards and has the finest ranch in the county.

Hope to Kill Off Saloons.

LONG PINE, Neb., July 26.—Long Pine was a "dry" town two years ago. Now it promises to be "wet" with a vengeance. A short time ago a license was granted to T. S. Cook, after a hard fight. The town cannot support two saloons, but another man is asking for a license and a number of the anti-saloon license people have signed his petition. It is supposed to be a shrewd scheme to kill off the first man.

Soldier Dies on the Way.

PLATTSMOUTH, Neb., July 25.—George Mostin, who enlisted in Company C, Thirty-ninth regiment, and went to the Spanish-American war, was taken sick while on his way home from Manila and died on shipboard. Word was received in this city that the body had been forwarded from San Francisco.

Arrange for Rural Delivery.

FREMONT, Neb., July 26.—The rural free mail delivery from Fremont will be established August 1, instructions from the department to that effect having been received. Two routes will be operated, one to a point five miles north and three west of the city, thence east, then south to the Military road, thence east to the city.

Carload of Cattle Stolen.

FULLETON, Neb., July 25.—F. B. Wages and W. W. Fitzgerald of this county have been arrested on the charge of stealing a carload of cattle from a pasture belonging to Walter Sovereign and attempting to ship them by rail from St. Paul. The men will be placed in jail at St. Paul to await trial.

Case of Small-Pox Reported.

DES MOINES, Ia., July 25.—The state board of health was notified of one case of smallpox in Glidden township, Carroll county. It is reported to be of a mild nature and is carefully guarded. This is the first case of the kind reported to the Iowa board for several weeks.

Mrs. Andrews Reaches Lincoln.

LINCOLN, July 26.—Mrs. E. Benjamin Andrews, wife of Chancellor Andrews, has arrived here. Chancellor Andrews is now in Chicago, but is expected here next week. He will be formally inaugurated September 22.

Captain Brown Resigns.

LINCOLN, Neb., July 26.—Adjutant General Barry has accepted the resignation of Allen F. Brown, captain of company F, Second Nebraska, commonly called the Lincoln Light infantry. An order was issued calling upon the company to hold an election on July 30, to fill the vacancy. It is said that First Lieutenant Bolshaw is the most likely candidate for the position. Captain Brown is out of the state on leave of absence, and is not expected to return.

RECREATION AND HEALTH.

Both Can Be Secured at the Indiana Mineral Springs, Indiana.

Like the young man in springtime, whose fancy "lightly turns to thoughts of love," when summertime comes we all turn our thoughts to the consideration of the important question of where we shall go for rest, recreation and health.

There are all kinds of health and pleasure resorts throughout this broad land of ours, some of them, unfortunately, anything but what their names imply, and apparently operated for no other purpose than to relieve the invalid and pleasure seeker, financially. So much so is this the case that it is indeed gratifying to the one seeking rest and recuperation from the cares of the business and social world, as well as the pain racked invalid, who is fortunate enough to discover a place where to use a popular expression, he "gets his money's worth."

One of the most interesting, picturesque and delightful places in this country is unquestionably the resort known as the Magno Mud and Lithia Water Cure, located at Indiana Mineral Springs, Indiana. Here come the overworked business man, the worn out devotee of society and the professional man on the verge of nervous prostration, as well as the sufferer from rheumatism, kidney and skin diseases for which the baths are especially beneficial. The place is also largely patronized by those who only seek pleasure and recreation, its location making it particularly adapted for this purpose. There are many romantic and beautiful spots and places of interest in the vicinity and it would be hard to find a section of country containing so many beautiful drives. The country is very hilly, but the roads are all graveled and kept in good condition. This is one of the things that makes the place especially attractive to those afflicted with rheumatism, as driving is about the only outdoor pleasure one crippled with rheumatism can indulge in. Some of the cures effected are really marvelous and many who have gone to the Magno Mud Cure as a last resort have returned home within a few weeks filled with renewed health and strength. The accommodations, service, table and attendance is all that can be desired and the rates very reasonable indeed. The Springs is under the able management of Major H. L. Kramer and a postal card inquiry addressed to him will bring complete detailed information as well as a copy of the "Mudlavia Magazine," a unique and interesting publication.

ST. MARY'S ACADEMY, Notre Dame, Indiana.

We call the attention of our readers to the advertisement of St. Mary's Academy which appears in another column of this paper. The 46th year opens September 4th, 1900. We do not need to expatiate upon the scholastic advantages of St. Mary's for the catalogue of the school shows the scope of work included in its curriculum, which is of the same high standard as that of Vassar and Bryn Mawr, and is carried out faithfully in the class rooms. We simply emphasize the spirit of earnest devotion which makes every teacher at St. Mary's loyally strive to develop each young girl attendant there into the truest, noblest, and most intelligent womanhood. Every advantage of equipment in the class rooms, laboratories and study rooms, every care in the matter of food and clothing, and exceptional excellence of climatic conditions—all of these features are found at St. Mary's, in the perfection of development only to be obtained by the consecration of devoted lives to educational Christian work, in a spot favored by the Lord.—The Fine Arts Journal.
