

Pale and Weak Women

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best gifts fade away.

Lydia E. Pinkham's Vegetable Compound

helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural crises and is the safeguard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

"It must constantly be borne in mind," asserts President Hadley, of Yale, "that the training of the free citizen is not so much a development of certain lines of knowledge as a development of certain essential qualities of character and habits of action. If a citizen possesses these qualities of character, he will acquire the knowledge which is essential to the conduct of the country's institutions and to the reform of the abuses which may arise."

CHINA IS WEAKENING

Celestials Make Abject Appeals for Cessation of Hostilities.

LI HUNG CHANG AS A MEDIATOR

United States Begged to Stop Advance of Allied Troops at Tung Chow—Entrance of Armed Foreigners into Peking May Shake Tottering Throne.

WASHINGTON, Aug. 17.—At the close of a day of intense anxiety the Department of State today made public the latest correspondence between the United States government and China, constituting not only a remarkable series of state papers, but at the same time dispelling all doubt and uncertainty as to the American policy in the present critical juncture. The urgent, almost pathetic appeal, of Li Hung Chang, submitted early in the day, that the victorious march of the allies stop at Tung Chow, and that the military commanders on the field be instructed to arrange an armistice at that point, was met with a response that General Chaffee already had been given complete instructions, empowering him to carry out an arrangement in concert with other commanders for the delivery of the ministers and persons under their protection to the relief column, but at Tung Chow, as had been suggested, but at the imperial city of Peking.

Furthermore, it was made known to China that General Chaffee's instructions left him free rein as to whether he should insist on entering Peking and going to the legations or should receive the delivery of the legationaries at the gate of the inner Tartar city or at the great outer wall. In short, China, through her peace envoy, sought a halt and an armistice at Tung Chow, twelve miles from Peking, whereas the response of the American government is that if there is to be a halt—an armistice—it must be at the walls of the imperial city.

The following memorandum was handed to Mr. Adee by Mr. Wu at 9 o'clock this morning:

"A cable from Earl Li Hung Chang, envoy plenipotentiary of China, dated August 15, and received by Minister Wu at 7 p. m. on the same day:

"The allied forces are approaching Tung Chow. I have memorialized the imperial government to depute envoys to negotiate an armistice with the several commanders on the spot. I will also shortly proceed to Peking. The powers, being fully aware of the embarrassing position in which their majesties, the empress dowager and the emperor, are placed, are earnestly requested to telegraph instructions to their respective commanders, after arriving at Tung Chow with their forces, to stop their further advance to the capital, so as not to cause alarm and fear to their majesties and calamities to the people. For such advance would shake the foundations of the Ta Ching empire and wound the feelings of all her people, high and low. For a compliance with this appeal the millions of people of the empire will be profoundly grateful to the powers. Please communicate this cablegram at once to the secretary of state."

The following memorandum in reply was handed to Mr. Wu this afternoon:

"Forseeing that there would be insufficient time after receiving a reply to our memorandum of August 5 to get instructions to the relief column before it had reached Peking, we sent on the same day to the general commanding the American forces in China the following dispatch:

"ADJUTANT GENERAL'S OFFICE, WASHINGTON, D. C., Aug. 12, 1900. Fowler, Che Foo: For Chaffee, August 12. The secretary of war directs me to inform you that Li Hung Chang, appointed by the Chinese government to negotiate with powers, requests cessation of hostilities. We have replied that we are ready to enter into an agreement of the powers and Chinese government for cessation of hostilities on condition that a sufficient body of the forces composing the relief column shall be permitted to enter Peking unmolested and to escort foreign ministers and residents back to Tien Tsin, the movement being provided for and secured by such arrangements and dispositions of troops as shall be considered satisfactory by generals commanding the forces composing the relief expedition. We have communicated this to all the powers. Japanese government takes same position. We have not heard from the other powers. CORBIN."

Troops Needed at Shanghai. BERLIN, Aug. 17.—A semi-official dispatch from Shanghai, dated August 15, says: The foreign consuls acting on a joint resolution, have sent to their respective governments the following telegram: "If the Indian troops (British) are withdrawn from Wu Sung it will constitute a menace to the safety of Shanghai. The troops are to be landed on the basis of international understanding. To insure the adequate safety of Shanghai, more troops ought to be landed immediately."

THE LIVE STOCK MARKET.

Latest Quotations From South Omaha and Kansas City.

SOUTH OMAHA. Union Stock Yards—Arrivals of cattle were light and a rest in the market was in much better shape than it was yesterday. Buyers seemed to want fresh supplies and the prices paid compared favorably with yesterday's. The demand for the better grades of corned steers was active and as high as \$5.70 was paid, which, it is thought, is nearly as much as they would have brought any time this week. The cow market was not materially different today as far as prices are concerned, but the light supply gave a little more life to the trade. The demand for the better grades has been good all the week. There was a lively trade again on stockers and feeders. The heavier weights were in the greatest demand and brought good strong prices and sales were made that looked like 25c higher than those of a week ago. Light cattle were just about steady today, but for the week they have advanced more than the heavy cattle. The supply of western cattle was not very heavy and prices as a rule were about steady at yesterday's decline. Stock market with ready sale. The better grades in some cases sold a little stronger.

Hogs—Receipts of hogs were the lightest of any day since Monday. Reports from other points were in favor of the selling interests, and as the demand here was good the market opened active and higher, particularly on the light weights. Packers all wanted light hogs and the more desirable loads were picked up about 5c higher than yesterday, with the bulk of the sales ranging from \$5.00 to \$5.15. Sheep—The sheep market was in bad shape today. French arrivals were small, but for the week the supply has been over 20,000 and another big run is looked for next week. The Chicago market was rather demoralized, as the demand for mutton is light, which, of course, had a depressing effect upon trade at this point. Quotations: Choice western grass wethers, \$3.50 to \$3.75; fair to good grass wethers, \$3.00 to \$3.25; choice grass yearlings, \$3.00 to \$3.25; fair to good yearlings, \$2.50 to \$2.75; fair to good spring lambs, \$1.50 to \$1.75; fair to good spring lambs, \$1.25 to \$1.50; feeder lambs, \$2.75 to \$3.00.

KANSAS CITY. Cattle—Receipts, 2,500; calves, 250; market steady to strong; native steers, \$4.00 to \$4.25; Texas steers, \$3.00 to \$3.25; Texas cows, \$1.50 to \$1.75; stockers and feeders, \$3.00 to \$3.40; bulls, \$2.00 to \$2.25; calves, \$3.00 to \$3.25. Hogs—Receipts, 5,000; market strong to active; bulk of sales, \$5.00 to \$5.15; heavy, \$5.00 to \$5.15; light, \$4.50 to \$5.00; Yorkers, \$5.00 to \$5.15; feeder lambs, \$2.75 to \$3.00.

THE TERMS OF PEACE.

United States Will Insist Upon Many Things From China.

WASHINGTON, Aug. 18.—A cabinet official said today that unquestionably the native Christians in China, said to number several thousand, will be included in any arrangement made between this government and China incident to the cessation of hostilities. At the present stage of the Chinese situation this situation has not been seriously discussed by the cabinet, but there is no doubt, according to this member, that the United States is honor bound to protect them and will secretly look out for their security.

"What will be done with them?" he was asked. "That has not been decided, but rest assured that in their disposition the honor of the United States will be fully preserved. It may be arranged for them to go to the Philippines or one of many other places available. "It was stated that while the matter has not been formally discussed the indemnity to be collected will be not only for the families of the victims, but to compensate this government for the expense it has been put to in suppressing the uprising.

Miraculous Escape of a Boy. BEATRICE, Neb., Aug. 20.—If anything more miraculous ever occurred than an accident which happened here, those who witnessed it will doubt it even if told. A team attached to a pump repair wagon was running away. On the wagon were two Whitecomb boys, the youngest about seven years old. Crossing the street was a Rock Island freight train. The flagman saw the team coming and so did Agent Karstens, who was at the crossing, and both attempted to flag the team, but the horses were unmanageable and couldn't be stopped. The result was one of the most complete smashups that can be imagined. The train struck the wagon squarely and not even a spoke was left intact. Everyone in sight expected both occupants of the wagon would surely be killed, but a few moments after the wagon was struck the youngest boy crawled out from under the debris. He had a cut on the chin which later had to be sewed up, but aside from this he was uninjured except for some bruises. His brother only sustained a slight cut on the thigh and the horses escaped without a scratch.

in the world which women may rely upon positively. Pe-runa is good for everyone, but particularly for women. The various weaknesses which afflict their delicate organism spring from inflammation or catarrh of the mucous lining, and Pe-runa is a specific for catarrh in any organ of the body. Any congestion of a mucous membrane simply means catarrh of the organ affected. This is why Pe-runa cures all sorts of troubles where other remedies fail. If there is a catarrhal affection the matter with you anywhere Pe-runa will cure you.
