You know how it is--watches must be cleaned, wound and oiled, in order to keep good time.

It isn't the material that goes into your repaired watch that results in a perfect job, it is the know how that does the business, any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing, and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.

### Governor Roosevelt.

Will be at Broken Bow Wednesday morning Oct. 3, at 8 o'clock sharp. He will speak at the depot not to exceed 20 minutes. Those that want to see and hear the famous statesman warrior that led the gallant band up San Juan Heights, should not fail to be on time as the train bearing him will leave at 8:15 a. m. Hon. John L. Webster the talented lawyer and orator of Omaha who will accompany Governor Roosevelt here will remain over and speak at a latter hour. It will be a big day for republicans and every one who can should be present.

Senator Dolliver of Iowa and other prominent speakers will also address the people.

MRS. MARY ELLEN LEASE Will address the citizens of Broken Bow and vicinity Monday evening, Sept. 24. Mrs. Lease enjoys the reputation of being one of the first political orators in the United States. No one should fail to hear this gifted lady.

Republican Meeting at Sargent. Last night one of the best political meetings was held at Sargent that has been held there for years. The principle speaker of the evening was Hon. G. L. Dobson, of Des Moines Iowa. Many of the residents who heard it, said it was the best speech ever delivered in Sargent. The other speakers were Col. Savage, Joseph Pigman and J. C. Porter. Col. Savage stated that in his campaign over the state "that he saw four McKinley and Dietrich buttons to one of Bryan's"

The Custer County Fair. The attendance at the county fair Thursday was estimated between 3,000 and 3,500. The attendance Friday was not so large, yet it was highly satisfactory. We have not been able to learn the amount of the receipts of the fair, but have been assured by the president of the society that they were ample to meet all liabilities. In both the attendance and financially, the fair was a decided success. The management was successful in providing all the attractions in the way of sport that they advertised, and in every way worked hard to make the exhibition satisfactory as well as successful.

The exhibits in the art hall, as well as in the poultry department, were not all in until Thursday, but when all in, made a very creditable display in both. The school exhibit was fully up to the standard, Miss Emma Keyner's school, of Hoosier Valley, had, among others, a very good showing.

In addition to the cattle we mentioned last week, Peter Kapp had on exhibition a fine Hereford bull. Among the agricultural products was a very fine exhibit by G. R. Russom. Some person from Hoosier Valley had a fine display of melons. All the exhibits in the agricultural hall were exceptionally good, but being unable to learn the name of the individual exhibitors, we are unable to give them personal mention.

The only great defect in the exhibit was the lack of exhibitors in stock. As Custer is one of the best stock raising counties in the state, we think a special inducement should be offered to make the stock display one of the prominent features of the fair. To do this, a large premium should be offered for several grades of cattle, as well as hogs. If a premium of \$100 could be put up each, for herds of five of Herefords, Shorthorns, Polled Angus, Red Poll, with a less amount for Jerseys and grades, it would be an inducement for stockmen to bring in their cattle. Let the \$100 in each class be divided into three premiums, 1st, 2d and 3d, in proportion to \$50, \$30 and \$20. This would give all a chance to make expenses. Another needed improvement is sheds for cattle. If the society has not the money to offer in premiums, it might be secured by popular subscription, the same as is frequently done for races. Stockmen would doubtless subscribe to a fund of that kind, as well as merchants, who are interested in seeing stock interests represented at the county fair. We do not favor making less of other attractions, but making the stock exhibit an additional feature.

## DR. PRIGES' CREAM Baking Powder

In Use the most Economical

Greater in leavening strength, a spoonful raises more dough, or goes further.

Working uniformly and perfectly, it makes the bread and cake always light and beautiful, and there is never a waste of good flour, sugar, butter and eggs.

With finer food and a saving of money comes the saving of the health of the family, and that is the greatest economy of all.

PRICE BAKING POWDER CO., CHICAGO. NOTE.—Many mixtures, made in imitation of baking powders, are upon the market. They are sold cheap, but are dear at any price because they contain alum, a corrosive poison.

### REPUBLICAN SPEAKING

Judge J. W. Ownby, of Paris, Texas, will discuss the political issue of the day from the republican standpoint at Ansley, Thursday evening, September 27, at 7:30, and at Anselmo Friday evening, Sept 28.

M. B. A. Wins First Prize. In the street parade last Friday, under the special inducement offered by the Custer County Agricultural Society, the Modern Brotherhood of America won first prize for the largest number of any civic society represented. The premium offered is \$15.00.

A Change in Train Service. Owing to a change, which went into effect Sunday, Sept. 16th, passenger trains Nos. 43 and 44 do not extend beyond Broken Bow. No. 43 arrives here at 5 p. m., and No. 44 leaves at 6:20 a. m. No. 41 arrives at the same time as formerly, but No. 42 arrives more than an hour later, 11:44 p. m.

Howard Savage for Supervisor. At the republican supervisor convention for district No. 1, held at Westerville last Saturday, Howard Savage, of Sargent, was nominated. Mr. Savage was formerly editor and publisher of the Sargent Leader, and is a man well qualified to fill the position. The voters will make no mistake in voting for him. His competitor on the fusion ticket is Bob Mills, of Westerville, whom the Beacon so bitterly denounced when he was a member of the county board four years ago.

St. John's Episcopal Church. Fifteenth Sunday after Trinity, September 23d. Morning service, 10:45 a. m.; subject of sermon, "The Perfect Life, how to Live it." Sunday school at 12 m. Evening service at 8 p. m. Subject of address, "The Peace of God." You are cordially invited.

Broken Bow Contributes to Galveston Relief. Last Friday Mayor Royse issued an appeal to the citizens of Broken Bow in behalf of the Galveston relief fund. Sunday he had received and forwarded \$10. The good work is still going on, and opportunity is offered to any one who feels able and inclined to help the unfortunates.

The Mid-Road Ticket. The mid-road county and representative conventions have put a ticket in the field that would be a credit to any party. The nominees are H. J. Shinn for county attorney, and Joseph Gilmore, of Grant, and H. L. York, of West Union, for representatives. They now have a newspaper established at the county seat, and another strong advocate of mid-road party principles in the Callaway Independent, at Callaway, which will enable the leaders of the party to put up a live campaign for their ticket. As they are in the field in defense of the original principles of the populist party, they will in another year be the principal rival of the republican party. Those who persist in following Bryan this year at the sacrifice of principles, and for spoils, will be heartily sick of their course, and will again seek shelter in the populist household. There is, however, quite a number of former populists who have become completely disgusted with the leaders of the fusion element, who will vote the republican ticket this fall, and for all time to come, if the policy of the present administration is continued. They are men who realize that the financial condition of the country has been greatly improved under McKinley's administration, and do not care to take any chances with another democratic paucis.

Notice. Judge H. M. Sullivan will pay a liberal reward for the return of his hound that strayed during the fair. It is an Irish wolf hound, long shaggy hair, long head curling downward, long shaggy tail.
