

How Mothers may Help their Daughters into Womanhood

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When the young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

The following letters from Miss Good are practical proof of Mrs. Pinkham's efficient advice to young women.

Miss Good asks Mrs. Pinkham for Help.

June 12th, 1899.

"DEAR MRS. PINKHAM:—I have been very much bothered for some time with my monthly periods being irregular. I will tell you all about it, and put myself in your care, for I have heard so much of you. Each month menstruation would become less and less, until it entirely stopped for six months, and now it has stopped again. I have become very nervous and of a very bad color. I am a young girl and have always had to work very hard. I would be very much pleased if you would tell me what to do."—Miss PEARL GOOD, Cor. 29th Avenue and Yeslar Way, Seattle, Wash.

The Happy Result.

February 10th, 1900.

"DEAR MRS. PINKHAM:—I cannot praise Lydia E. Pinkham's Vegetable Compound enough. It is just simply wonderful the change your medicine has made in me. I feel like another person. My work is now a pleasure to me, while before using your medicine it was a burden. To-day I am a healthy and happy girl. I think if more women would use your Vegetable Compound there would be less suffering in the world. I cannot express the relief I have experienced by using Lydia E. Pinkham's Vegetable Compound."—Miss PEARL GOOD, Cor. 29th Avenue and Yeslar Way, Seattle, Wash.

NOTHING TO GIVE OUT

State Department is Still Wrestling with the Chinese Problem.

THE SITUATION IS NOT SO ACUTE

Change of Attitude on the Part of Russia Seems to Relieve the Strain—No Official Confirmation Received—United States Has Not Committed Itself.

WASHINGTON, Sept. 15.—There were no developments in the Chinese negotiations today with which the public could be made acquainted, the whole matter being still in the diplomatic phase and therefore not calling for military orders. War department officials are awaiting word from the State department as to the next step expected from the troops, but it is now intimated that this next step will not be taken immediately.

The situation has lost something of its acuteness, owing to the change in the attitude of the Russian government, as indicated in yesterday's dispatches. No official confirmation has reached Washington of the postponement of the withdrawal, but the fact is not doubted here. Regardless, however, of the course to be taken by Russia, it is noted there is nothing in the American note of response to Russia that demands immediate evacuation in the event that the Russian troops are called away. Instead, it is stated that the control of the situation would simply pass from the State department into General Chaffee's hands and it would be for him, after conferring with the other military commanders, to determine when and how and to what extent the American forces should be withdrawn. He might choose his own time and in a degree his position would be similar to that occupied by him in the advance upon Pekin, so far as having a free hand is concerned. The statement of the condition governing the American reply to the withdrawal proposal may be of significance, in view of the fact that it is made with the express purpose of clearing away an erroneous impression that has been made upon the public mind.

Mr. Adee was again acting as secretary of state today during the temporary indisposition of Dr. Hill, who is suffering from a cold. The former spent some time this afternoon in conference with Attorney General Griggs.

BORROW IN THE UNITED STATES.

New York Banks Take a Portion of the German Loan.

BERLIN, Sept. 15.—It is officially announced by the board of directors of the Disconto Gesellschaft, that with the co-operation of the International, and through the intermediary of the Disconto Gesellschaft, the Nord Deutsche bank of Hamburg, the M. M. Weldburg company of Hamburg and Kuhn, Loeb & Co., of New York, acting in conjunction with the National City Bank of New York, have taken over \$9,000,000 marks of a per cent treasury bonds of the German empire, falling due in 1904 and 1905. With the approval of the Imperial bank, the issue will be placed on the market in the United States.

NEW YORK, Sept. 15.—The New York Life Insurance company today closed negotiations for taking \$5,000,000 of the Imperial German government loan of the \$20,000,000 negotiated in this city.

Saved by a Confession.

ST. LOUIS, Mo., Sept. 15.—Henry Peyton, who is in custody, awaiting requisition papers to be taken to Sioux City, Ia., to stand trial for alleged murder, this afternoon confessed in Captain Reinold's office at the Four Courts that it was he who robbed the safe at the big mercantile establishment at Clydesdale, Miss.

The confession will clear the name of George Simmons, a young man of Clydesdale, who has been accused of the crime and who was compelled to leave the home of his childhood because of the shame that had come to his family.

Population of Topeka.

WASHINGTON, D. C., Sept. 15.—The population of the city of Topeka, Kan., as officially announced today, is: 1900, 32,608; 1890, 31,097.

These figures show, for the city as a whole, an increase in population of 2,601, or 8.39 per cent, from 1890 to 1900.

The population in 1880 was 15,452, showing an increase of 15,555, or 100.67 per cent from 1880 to 1890.

Many Cases of Small Pox.

MUNCIE, Ind., Sept. 15.—In the village of Wheeling, near the Grant county line, health officers today found eleven cases of smallpox, the school and whole community having been exposed for weeks. The malady was being treated as chickenpox.

Postal Official Removed.

WASHINGTON, Sept. 15.—Walter M. Davis, assistant postmaster at Kansas City, has been removed by the postmaster there. No reason is assigned, but the action will be confirmed by the postmaster general.

Chicago will have a horse show October 29, 30 and 31, and November 1, 2 and 3, to be held at the new coliseum on Wabash avenue, under the auspices of the New Chicago Horse Show association.

Lynched Three Robbers.

ST. LOUIS, Mo., Sept. 15.—A special to the Post-Dispatch from Memphis, Tenn., says: A masked mob of between sixty and 100 men broke into the jail at Hunka, Miss., early today and took out three negroes, whom they strung up to a tree within 100 yards of the jail. Not a shot was fired. The dead negroes are Frank Brown, who shot Frank Cheshire, a prosperous planter at Oak Landing, six months ago; David Moore, who shot Dan Boswell ten days ago; and William Brown, who with confederates, shot and cut to death a young white man at State Levee one month previous.

THE LIVE STOCK MARKET.

Latest Quotations From South Omaha and Kansas City.

SOUTH OMAHA.

Union Stock Yards, South Omaha.—Cattle—There was only a light run of cattle here today and the fact that the weather was bad had a tendency to hurt the market. Buyers also reported a dull, weak market and as a result there was not much doing here. There were only a few loads of corn fed steers on sale and the market was rather quiet. Buyers have a good many cattle on hand and the bad weather seemed to shut off the demand from the country today entirely, so they were very cautious about buying more cattle so near the end of the week. The market was very quiet and bids were unevenly lower. There were not enough western beef cattle here today to attract the attention of buyers, but the market has been steady all the week they would probably have sold that way today had there been any good ones here. There were only a few cows and they sold from steady to a little lower.

Hogs—There was a good run of hogs here today, counting what was carried over but packed and seemed to be wanting fresh supplies, so that the market ruled fairly active at the start. Light hogs did not sell quite as well on the whole today as they did on the opening market yesterday, but still they brought better prices than they did at the close yesterday. The top of 60 was as good as the high price yesterday, but the bulk of the light weights sold from \$5.07 1/2 to \$5.10. Heavy hogs were again rather neglected, and, as Chicago came lower on the heavy weights, packers took off a little more on those again today. The bulk of them sold around \$5.00 1/2 to \$5.10 and the medium weights at \$5.02 1/2 to \$5.05.

Sheep—Receipts of sheep today were liberal for the last end of the week, but the demand was also in good shape. The supply was made up mostly of sheep and packers picked up in good season at just about steady prices. There were only a few lambs on the market, but they also met with ready sale at about steady prices. They brought \$5.25, but they were at the high price yesterday, but the bulk sold for \$5.25. It was a good, steady, active market all around and everything was sold early in the morning. There were no receipts of feeders here today, but prices remain just about the same.

KANSAS CITY.

Cattle—Receipts, 13,000; market steady; native steers, \$3.75 to \$3.77; Texas steers, \$3.00 to \$3.20; Texas cows, \$2.50 to \$2.75; native cows and heifers, \$2.25 to \$2.50; stockers and feeders, \$2.75 to \$3.00; bulls, \$2.40 to \$2.50; calves, receipts, 250; market steady; \$4.25 to \$5.75.

Hogs—Receipts, 8,000; market weak to be lower; bulk of sales, \$3.17 1/2 to \$3.25; heavy, \$3.12 1/2 to \$3.22 1/2; packers, \$3.10 to \$3.20; mixed, \$3.07 1/2 to \$3.17; light, \$3.00 to \$3.30; Yorkers, \$3.25 to \$3.50; pigs, \$3.50 to \$3.75.

Sheep—Receipts, 1,000; market steady; lambs, \$3.50 to \$3.75; muttons, \$2.00 to \$2.25.

OVER FIVE THOUSAND DEAD.

Two Thousand Seven Hundred Starch Victims Identified at Galveston.

HOUSTON, Tex., Sept. 15.—The Post today prints a list of 2,701 names of the Galveston dead, compiled from various sources, but believed to be authentic. There were hundreds of bodies burned, buried at sea and in the sand, of which no identification was possible. There were other hundreds who were buried on the beach of the mainland, few of whom have been identified. There are many bodies still in the ruins of Galveston and scattered along the beach of the mainland and in the marshes, where they were thrown by the water. Some of these bodies have been sent twenty miles inland along small watercourses in the marsh of high waters. Taking all things into consideration, there seems no longer any doubt that the number of dead will reach beyond the estimates of 5,000 which has been made by Mayor Jones, Major P. G. Lowe and other reliable citizens of Galveston.

About 1,200 refugees arrived here from Galveston last night and are being cared for as well as possible. Four buildings have been set apart for the benefit of refugees, but of the 3,500 who have reached here so far not more than 800 remain in the public charge, the remainder of them having gone to the homes of relatives and friends. The owner of the steamer Lawrence has ordered the boat turned over to Adjutant Scurry, who is in charge at Galveston, and the transportation of people from Galveston to the interior will proceed faster. There have been delays in the transportation of provisions because of a lack of boats, but there are more boats now and the work will be faster and more complete.

TO EMPLOY OUTSIDE LABOR.

Galveston Relief Decides to Employ Laborers to Clean the City.

AUSTIN, Tex., Sept. 15.—From early this morning until far in the afternoon Governor Sayers today was in conference with relief committees from various points along the storm-swept coast. Among the first committees to arrive was one from Galveston. As a result of this conference it was decided that instead of looking to the laboring people of Galveston for work in this emergency that an importation of outside laborers to the number of 2,000 should be made to conduct the sanitary work while the people of Galveston were given an opportunity of looking after their own losses and rebuilding any time to the city at large. It is believed that with the work of these 2,000 outside laborers it will require about four weeks to clean the city of debris and in the meantime the citizens can be working on their own property and repairing damage there.

The following is a letter from this interesting lady, written from the Louise Home, Washington, D. C., to the Peruna Medicine Co., of Columbus, Ohio, concerning their great catarrh tonic, Peruna. Mrs. Semple writes:

Gentlemen—Your Peruna is a most valuable remedy. Many of my friends have used it with the most flattering results and I can commend it to all who need a strengthening tonic. It is indeed a remarkable medicine. Sincerely, Letitia Tyler Semple.
