OFFER TEN PER CENT

Coal Company Makes a Concession to the Striking Miners.

TWO NOTICES POSTED IN DISTRICT

Mine Workers Are Warned Not to Be Tempted by Increase—Regular Advance Previously Fixed—Sixteen Per Cent Better Wages than Before Strike.

PHILADELPHIA, Oct. 1.—The following notice, bearing date of October 1, was posted today in the vicinity of all the collieries of the Philadelphia & Reading Coal and Iron company in the anthracite region.

Philadelphia & Reading Coal and Iron Co., October 1.—This company will pay an advance of 10 per cent on all men and boys employed in its collieries. This advance takes effect today.

H. C. LUTHER, General Superintendent.

Beneath this notice another was posted which read as follows:

Fellow Mine Workers, United Mine Workers of America—Do not pay any attention to this notice posted by Mr. Luther of the Philadelphia & Reading Coal and Iron company, but wait until you hear from President Mitchell of the United Mine Workers of America, or until you have decided by your own locals what is right for you to do.

C. B. POTTER.

Mr. Potter is an officer in the district branch of the United Mine Workers of America.

The regular Reading company advance for the last half of September and the first half of October had previously been fixed at 6 per cent above the \$2.50 basis. The scale for the preceding thirty days was at the \$2.50 basis. The advance of 10 per cent offered in the posted notice by the Reading company is separate and distinct from the natural scale increase and hence the total increase to the miners would be 16 per cent.

SIAMOKIN, Pa., Oct. 1.—Notices were posted here today by the Philadelphia & Reading Coal and Iron Company to the effect that beginning with tomorrow an advance of 10 per cent on the net wages of all men and boys will obtain. While some strikers said they were ready to go to work in the morning others hold that it would not be wise until President Mitchell had issued official notice as to the course the men should pursue.

Interest is manifested as to whether the Reading company's collieries will be able to work tomorrow, irrespective of the question of the recognition of the mine workers' union by the mine operators.

SCRANTON, Pa., Oct. 1.—At every colliery in the anthracite region a notice will be posted Tuesday morning announcing a 10 per cent increase in wages based on the present scale, effective October 1 and that the operators will arbitrate any grievance their employees may present. There is no condition to be attached as to the men returning to work before the arbitration shall begin, so it is to be inferred that the men are privileged to meet in convention and adopt any plan of action they may deem advisable before entering upon arbitration. It is supposed the miners will come together as members of the union, fix the minimum of the concessions they will be content with and then go forth as individuals to treat with their employers through committees of employees. The arbitrations being concluded satisfactorily committees of employees will report back to the convention of United Mine workers that they have come to a settlement and the strike will then be declared off. This would avoid the recognition of the union by the operators and at the same time permit the union to regulate the terms of settlement.

Has No Confession to Make.

FRANKFORT, Ky., Oct. 1.—The case of Henry E. Youtsey, also charged with being a principal in the Goebel murder, will be taken up at Georgetown on Monday. The prosecution claims that Youtsey was the secretary of state's office with Howard when the shooting occurred. Youtsey is represented by L. J. Crawford and R. W. Nelson, two of the ablest criminal lawyers in the state. Colonel Nelson sent the following telegram here today: "All publications in newspapers that Youtsey would make sensational disclosures, and as to agreements with the commonwealth, are false."

Automobile in the Army.

WASHINGTON, Oct. 1.—Lieutenant General Miles, commanding the regular army, in his annual report to the secretary of war, will renew his suggestion for the use of the automobile. There are now at Fort Myer, Va., three automobiles, but they have not proved quite satisfactory on account of lack of facilities for recharging them with electricity. Meanwhile General Miles and other officers interested in making the automobile useful for the army have been making investigations of other powers than electricity.

Steel Works to Shut Down.

JOLIET, Ill., Oct. 1.—Officials of the Illinois Steel company this afternoon admitted that the entire plant, with the exception of its blast furnace, would be idle on Monday morning. About 3,000 men will be affected. No cause is given for the suspension, nor is it known how long it will last.

Newbold Kills Himself.

BIRMINGHAM, Ala., Oct. 1.—Warner M. Newbold, superintendent of the the south and north and Birmingham divisions of the Louisville & Nashville railroad committed suicide at his residence in this city today by shooting himself in the mouth with a 38-caliber pistol. Mr. Newbold last his wife some months ago and since that has been despondent and to that cause is attributed the terrible deed which has shocked the community. He was about 55 years of age.

LOPEZ IN THE UNITED STATES.

Former Secretary of Aguinaldo Will Present His Cause.

NEW YORK, Oct. 1.—Sexto Lopez,

formerly secretary and confidante of Aguinaldo, arrived here today on the Campania. Lopez is said to have come here at the invitation of Fisk Warren and he expects to explain to the people the Filipino's side of their fight with this country.

Lopez is a small man, with a yellow complexion and straight, black hair. His secretary, who says that he has known Lopez for eight years, is a colonial from Queenstown, and describes himself as a Britisher from head to foot.

At the dock there was only one man to meet him, a large sandy-haired personage who was addressed as Mr. George, but to reporters refused to give his name. He saluted the Filipino and together they began a hunt of the dock for Fisk Warren, who finally made his appearance and the party went to the Imperial hotel.

While coming up from quarantine Lopez gave out the following statement:

"My object in visiting the United States is not to interfere in American politics, but solely to tell the American people what the Filipinos desire in reference to the future government of our country. It has been said that my coming to America is in the interest of certain persons and parties. We, as Filipinos, know no parties in the United States. We have only one desire, to seek justice for our country."

"Those who desire to give us justice will no doubt be glad to know the wants and conditions of the Philippines. All we want is peace with honor to both parties and I hope to be able to show that the conditions of our country are such as to fit us for the maintenance of that independence."

Pay for Samoan Natives.

WASHINGTON, Oct. 1.—Baron von Sternberg was at the state department in reference to closing up that portion of the Samoan agreement relative to the payment to the natives the value of the rifles surrendered by them.

When the Germans assumed control at Apia they deemed it expedient to quiet the belligerent factions. This was agreed to by the natives on the understanding that \$12.50 for each rifle should be paid. Some 2,000 rifles were turned over. Dr. Solf, the governor, has proposed that the payment shall be made under the proposition of the foreign consuls that the considerable amount of money involved shall not lead to disorder among the natives. The three parties interested in Samoa at the time of the surrender of the rifles—the United States, Germany and Great Britain—will jointly contribute the amount required and no difficulty is apprehended in making the settlement.

Prominent Railroad Man Dead.

SIoux CITY, Ia., Oct. 1.—Word was received here today of the death of W. B. McNider of this city at the Presbyterian hospital in Chicago last night. Mr. McNider, until recently, was general freight and passenger agent for the Great Northern railroad at this point, and up to a short time ago was district deputy for the Elks of the northern half of Iowa. He was prominent in all public enterprises inaugurated for the advancement of Sioux City's interests. Mr. McNider had gone to Chicago to submit to an operation for cancer. It was generally known that the operation was a dangerous one.

To Hang From Gallows Tree.

FRANKFORT, Ky., Oct. 1.—The motion for a new trial in the case of James Howard, charged with Goebel's murder, was overruled this afternoon. Howard was sentenced to hang in December. Additional affidavits were filed this morning by the defense and counter-affidavits by the prosecution in the motion for a new trial. All of the affidavits filed by the defense except one attack jurors who sat in the case. One was signed by the defendant and alleges that the jury was not kept together on one occasion, as the law requires.

Lincoln After the Convention.

KANSAS CITY, Mo., Oct. 1.—The Young People's Temperance union convention closed tonight with an address by Eva Marshall Shontz, the national president. The meeting place of the next convention was left to the executive committee of the union, to be decided within the next sixty days. The location will be at Lincoln, Chicago, Indianapolis or Los Angeles. The chamber of commerce of Los Angeles has offered \$2,000 towards defraying the expenses if it be held there.

Coming Without the Cross.

PARIS, Oct. 1.—(New York World Cabelgram.)—Mrs. Potter Palmer, with her husband, this week gave her last reception and will leave Paris October 10, sailing for home on the steamer Deutschland after a few days spent in London.

All of Mrs. Palmer's efforts to secure the decorations of the Legion of Honor have proved futile and she has suddenly concluded to give up the fight.

Kruger's Alleged Remark.

LONDON, Oct. 1.—An interesting report comes from Komatipoort to the effect that Mr. Kruger, in a letter to his wife announcing that he is going on a six months' holiday, said, in substance, that after the capture of Makhado he knew the struggle was hopeless and counseled moderation but that Mr. Steyn's "arbitrary behavior" overruled his counsel.

Peace in South Africa.

LONDON, Oct. 1.—A special dispatch from Capetown says that United States Consul General Stowe, who goes to the United States shortly on leave of absence, has expressed the opinion that peace will be proclaimed on October 11, the anniversary of the commencement of hostilities in South Africa.

Secure Coal for Pekin.

PARIS, Oct. 1.—A dispatch received here from Taku says a French battalion from Pekin has occupied Lou Kou Chiao and Chau Sin Tin, thus obtaining coal stores.

THE GALVESTON STORM

A Former Resident of Fremont Tells of Its Awful Fury.

WARNING OF THE COMING DISASTER

Horrible Sights Which No Human Tongue or Pen Can Describe—The Mystery of a Missing Money Bag—Other Nebraska Matters.

FREMONT, Neb., Sept. 26.—Mrs. James Clark, a former resident of this city, and her two daughters, who survived the Galveston storm, arrived here Sunday morning and are visiting with friends until their home is made habitable. Mrs. Clark shows plainly the effects of the terrible nervous strain to which she was subjected during the ten days she was obliged to remain in the city after the storm.

"My experiences during those awful days were something I don't like to talk about," she said, "for it brings back to me those horrible sights which no human tongue or pen can describe. I want to forget them, but it is impossible. We were warned of the storm the morning of the 6th, but paid little attention to it, thinking it only an unusually severe blow. That morning I went down to the beach on the car to see the storm. The waves were running very high and destroying a good many small bath houses, small shops and temporary buildings. I went back to the house and noticed then that the wind was increasing and I heard rumors that the water was coming up from the bay side of the city. That afternoon I saw a large cross on the tower of a church near us swaying in the wind and there appeared to be much excitement on Broadway, the street where I lived, but even then I didn't anticipate any trouble. About 4 o'clock my son drove up to the house in a brewery wagon drawn by one lone mule and told us that the water was coming up and we must leave. It was raining fearfully hard and the wind was blowing from the north. Myself and daughters and two other families got into the wagon and we started for the brewery, which we thought was the safest place. We were on about the highest point of land in the city, but even here the waters of the bay and Gulf met and we could see the waves coming up the streets in both directions. When we got to the brewery our team was just about covered with water. My son carried us in. The engine and boiler room was filled with water and we went up on the next floor. There were then about 100 people there. They kept coming in all night, until there were more than 500 there. How they got there I don't know, for the water was everywhere. We could hear nothing but the roar of the wind, the splash of the waves and the crash of falling buildings."

Trains for Targets.

REPUBLICAN CITY, Neb., Sept. 26.—Considerable interest and effort is being put forth in this vicinity to capture the persons who have been shooting into the passenger train on the Burlington near this city. Last Friday night a bullet from a rifle came near causing the death of a passenger, as it missed his head but a few inches. Special agents have been here endeavoring to get a clue, but so far no arrests have occurred.

Killed by Lightning.

YORK, Neb., Sept. 26.—The funeral of Eva, the 14-year-old daughter of Mr. and Mrs. J. C. McElhenny, took place here. The girl was killed by lightning Saturday morning. She had been down town to do some shopping and was returning home in the rain when the lightning struck the steel rod in her parasol, killing her instantly.

Requisition for Robinson.

LINCOLN, Neb., Sept. 26.—Governor Poynter has issued requisition papers directed to the governor of Iowa for the return of B. F. Robinson to Omaha, where he is wanted to answer to the charge of larceny. Robinson is under arrest at Sioux City. He is charged with stealing a bicycle belonging to Louis Fleischer.

Lightning Struck Stack.

BELGRADE, Neb., Sept. 26.—During the thunder shower of Saturday morning lightning struck the oats stacks of A. Kuykendall, four miles south of here, setting them on fire. Prompt work of tearing down the stacks, assisted by the drenching rain that was falling, soon extinguished the fire and saved most of the grain from destruction.

Pockets Picked in Omaha.

PLATTSMOUTH, Neb., Oct. 1.—A very large number of Plattsmouth people attended the Ak-Sar-Ben in Omaha. While on the corner of Fifteenth and Farnam streets Fred Egenberger had his pockets picked, and is now minus a gold watch and \$2.50.

Telephone System for Edgar.

EDGAR, Neb., Oct. 1.—Edgar is putting in a telephone system throughout the city. A large number of phones are already in place and the streets are bristling with poles. The company consists of Edgar business men and the system is the Central Telephone System of St. Louis.

A Gold Medal Contest.

PLATTSMOUTH, Neb., Oct. 1.—A gold medal contest, in which there were six contestants, took place at Murray Tuesday evening. There was a large attendance from a number of surrounding towns. The judges were Rev. Mr. Garvin of Omaha, Dr. Swartz and Mr. Flinn of Nebraska City, and they awarded the medal to Miss Grace McDonald of Murray. The winner expects to go to Aurora in November to compete for the diamond medal.

District Court at Hebron.

HEBRON, Neb., Oct. 1.—Judge Letton of Fairbury, who had exchanged terms with Judge Stubbs, has been holding district court in this city. The only case of importance was Casper against the St. Joseph & Grand Island Railroad company for damages received by falling under a freight train at Alexandria in September, 1899. The court instructed the jury to bring in a verdict for the defendants, as there was not sufficient evidence to recover. Casper claimed to have been drawn under the train by the suction while walking on the platform.

Vote Electric Light Bonds.

MADISON, Neb., Sept. 25.—A special election was held here to vote bonds for an electric light plant for street purposes. The proposition carried by a large majority. Madison's streets have been in darkness for some time and all realized that something had to be done. The vote was light.

TORN TO PIECES BY A TRAIN.

Terribly Fatal Grades-Crossing Accident at Pilger.

STANTON, Neb., Oct. 1.—At the railroad crossing just east of the village of Pilger, in this county, Ed Ustick was struck and killed by a special freight. He had been in Pilger and was returning home. He was seen by a number going toward the railroad in a wagon, his team going at a smart jog. Ustick had his head bowed upon his breast, apparently giving no attention to his team or the surroundings. His team slowed to a walk as they approached the track and just not over it as the train struck the wagon back of the fore wheels. Ustick was thrown under the engine and dragged for the distance of over a hundred feet. His death was probably instantaneous. His intestines, stomach, heart, lungs and liver were torn out of the body and lay some thirty feet from it. The right arm was cut off and there was hardly a whole bone in the body. The undisputed evidence showed that the trainmen made every effort to avoid the collision as soon as they discovered the danger, though at the time of the accident the train was running at a greater rate of speed than permitted by the ordinances of the village of Pilger, within whose limits the accident happened. A broken jug, which had contained whiskey was found near the corpse.

Murder Trial at Alliance.

ALLIANCE, Neb., Oct. 1.—District court convened here Monday with Judge W. H. Westover of Ashville presiding. This will be the most important term of court ever held in Box Butte county from the fact that there are several very important criminal cases on the docket, two of which are for murder in the first degree. Monday was occupied in passing on motions and setting cases down for trial. Tuesday the case of the state of Nebraska against Richard M. Cline was called for trial. In this case Cline is charged with shooting and killing one B. C. Richardson last August. Cline and his wife are traveling musicians and when they came to Alliance were hired to play music in Richardson's saloon. Some difficulty arose between Cline and Richardson and Cline was expelled from the saloon. This angered him very much and he got a revolver and son after met Richardson in a restaurant which joins the saloon and after some words with Richardson the parties came together and Richardson slapped Cline and immediately Cline shot him through the abdomen, from the effects of which he died soon after. It is alleged on the part of the defense that before Cline and his wife were put out of the saloon that Cline had been insulted by a guest of Richardson's saloon and Cline took the matter up and Richardson took the part of his guest and from this the shooting resulted.

The state is represented by County Attorney Smith P. Tuttle, Judge A. W. Crites of Chadron, B. F. Gilman and William Mitchell of Alliance and the defense by Judge F. G. Hamer of Kearney and R. C. Noleman of Alliance. Much interest is taken in the progress of the trial and the court room is taxed to its capacity at each session.

Nebraska Boy Dies in Luzon.

SUPERIOR, Neb., Oct. 1.—Letters addressed to Roy Henderson have been returned here bearing the word "deceased." Roy had enlisted as a musician in the regular army and left Chicago some four months ago. Since that time his parents have heard just once from him. It seems strange, however, if Roy had died in the United States service his name had not appeared in the roster given weekly by General MacArthur. The letters were returned from Vigan, northern Luzon.

Electric Light at Alliance.

ALLIANCE, Neb., Oct. 1.—On Thursday the electric current was turned on and the result is that Alliance is now one of the best lighted cities of the west. The plant is among the best, having two large incandescent machines and one large arc machine and run by a large Corliss engine. The plant is housed in a good brick building, 50x80 feet, and equipped with two large boilers and two engines.

A Typical Southern Home.

On the grounds which have been selected for the site of the South Carolina Interstate and West Indian exposition, to be held at Charleston, there stands an old colonial home which was the scene of lavish comfort and open hearted hospitality in days gone by. It is proposed to restore this old home, now somewhat touched by time, to something of its original state and to collect within its walls valuable relics of the past. No state in the union perhaps contains more of these relics than South Carolina.
