China's Spheres Of Influence.
Hold before the eyes, move with a circular motion, and you'll get an idea of the coming Chinese revolution.
When these spheres of influence begin to revolve, "John" will feel as dizzy as does the person with defective eyesight, when things begin to swim. The latter may find relief from his dizzy spells by using properly fitted glasses. "John" may find none.

It isn't the material that goes into your repaired watch that counts, it is the know how that does the business. Any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing, and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.

The Baptist State convention is now in session in this city. It convened Monday night and has held three sessions a day since. In the absence of the president Frank Carpenter the meeting was presided over by Rev. Van Winkle of South Omaha until the vice president Rev. Spear arrived the next day. C. E. Tingley of Blair is the recording Secretary.
On Monday evening two able addresses were delivered by President Geo. Sutherland of Grand Island college on "How to obtain the Ministry we Need," and Rev. Dr. H. O. Rowlands, of Lincoln, on "The Presching for the day."
Tuesday morning, after conclusion of praise service, Rev. A. H. Ballard, of Beatrice gave an excellent address on, "Current Doctrinal Heresies, and How to Deal with Them." Rev. A. T. Norwood, of Central City, gave an excellent address on "The Pastor his own Evangelist."
The address in the afternoon by Rev. W. I. Coburn, on "Consecrated Teachers," was highly appreciated. The Home department was presented by Rev. E. A. Russell, of Ord, in an able manner. He was followed by Dr. E. M. Stephenson, of Chicago, secretary of the American Baptist Publication Society, in an able address.
The evening session was one of the best of the convention. The chapel car work was presented by Rev. C. H. Rust, who has traveled for six years with one of the cars. Dr. Stephenson gave an interesting address on the missionary wagon, relating instances of work done.
The convention proper did not convene until Wednesday morning, when Rev. C. W. Brinstad, general missionary, delivered the annual sermon in an able and forcible manner. The address of welcome, by Rev. S. W. Richards, followed, whose cordial and hearty welcome was very much appreciated by the guests. The response by Rev. Spear was well received.
The reports of the general missionary and treasurer were made, and formed subjects of lively discussion, a number participating.
Wednesday afternoon was a feast in which a large number participated. A welcome was extended to the new pastors in the state, by Dr. Patis, of North Platte, in a very able address. Thereupon by Rev. L. L. Cloud was followed with short addresses by a number. "Echoes From the Field" called out speeches from pastors and laymen, with many interesting instances. District Missionary S. C. The evening session was occupied by two able addresses. Gen. Missionary J. W. Crooks, of Denver, discussed the "Problems of the West." In this he related two instances of the life of Broken Bow church ten years ago, that are today exerting an influence in Broken Bow, and also in Colorado and Chicago. E. Benjamin Andrews, chancellor of the State University, gave an able address on the subject "Back to Christ."
The officers elected for the ensuing year are J. Frank Carpenter, of Omaha, president; Rev. E. E. Ferris, of Ashland, 1st vice president; D. M. Amsberry, 2d vice president; T. E. Tingley, of Blair, secretary; and A. D. Benway, of Lincoln, treasurer.

Those in attendance pronounced it one of the best ever held in the state, and all are high in their praise of the hospitality of the citizens of Broken Bow. Republican Speaking

Col. E. R. Hutchins of Des Moines Iowa will speak in the court house in Broken Bow next Monday night at 7:30 o'clock. Col. Hutchins was a soldier in the civil war, in the Cuban war in the Philippine war. He is one of the best speakers on the stump and those who do not hear him will miss a treat.
AT MERNA.
Col. Hutchins will also speak at Merna Tuesday night at 7:30 o'clock. You are urged to come and take your neighbors with you.
A Stabbing Affray.
Last Saturday afternoon in the town of Mason City Pat Hess, a farmer near Mason City, inflicted two severe wounds in the side of his son-in-law John Drake. The trouble seems to have grown out of a land deal in which Drake went security for Hess on a note. Hess was arrested and brought to the city and held for prosecution. It was at first thought that Drake was fatally wounded, but last reports state that he is now considered out of danger and its probable that Hess will soon be given his liberty, providing he can furnish bond to guarantee his appearance in court when wanted.
Dr. Stevenson, secretary of the American Baptist Publication Society, favored the convention Tuesday with two able and interesting addresses that were highly appreciated.

BAKING POWDER

Is a pure baking powder—
no alum, lime or ammonia.

No acid but that from grapes—which is pure, pleasant and healthful—enters into Dr. Price's Baking Powder.

Fruit acids are accounted by hygienists the most important of the elements of the food of man, and of these the acid of the grape is most prominent.

Dr. Price's Cream Baking Powder is not only the most efficient and perfect of leavening agents, but owing to its constituents is likewise promotive of health.

NOTE.—There are many cheap baking powders made of alum. Liebig, the celebrated chemist, says that alum disorders the stomach and causes acidity and dyspepsia.

DIED.

WALTON.—Tuesday afternoon, at 1:30 o'clock, at his residence in this city, Harley Walton, age 77 years, 6 months and 15 days.
The deceased had been poorly for a few days, but was able to be out up to within two days of his death. He and Mrs. Walton drove out to their farm, southwest of town, Sunday afternoon. Sunday night he could not lie down, as he was bothered with coughing and smothering spells. It was thought he was better Tuesday morning, as he seemed easier, and could talk freely. It was not until noon that his case was considered serious by his family.
He was born in Ohio in April, 1823, near Lake Erie. In 1858 he moved to Iowa, where he resided until 1886, when he moved to this city, where he has since resided. Since coming here he has been identified largely with the business interests of the town, and has done his share towards aiding the material growth of the city. He built and owned the north room of the Union block, the Commercial barn, south of the Commercial hotel, and owns several other buildings in the city. For a while after he built the store room in the Union block, he ran a drug store in it, but finally sold out the stock, and has since employed his time in looking after his other business interests. He was a man who not only believed in paying his obligations, but had no patience with one who would not. When a young man he united with the Christian church, and was a faithful member of that denomination at his death. He was the father of seven children, of whom four are dead and three are living. Those living are Frank, of Lee Park; Philetus, of this city, and Mrs. J. G. Speak, of Omaha. These, with his aged wife, are the immediate family who are left to mourn his death. His only brother who is 89 years of age and lives at Utica came up to attend his funeral. The funeral services will be conducted today, at 2 p. m., from the U. B. church. Rev. J. R. Teagarden, of Ansley, his late pastor, will preach the funeral sermon. The REPUBLICAN with his many friends in extending sympathy to the bereaved relatives.
Mr. Joseph Winn and Miss Leota Eubank, both of Custer county, were married at Gandy, Logan county, Nebr., September 15, 1900, by Judge Hoagland.
