To Mothers of Large Families.

In this workaday world few women are so placed that physical exertion is not constantly demanded of them in their daily life. Mrs. Pinkham makes a special appeal to mothers of large families whose work is never done, and many of whom suffer, and suffer for lack of intelligent aid. To women, young or old, rich or poor, Mrs. Pinkham, of Lynn, Mass., extends her invitation of free advice. Oh, women! do not let your lives be sacrificed when a word from Mrs. Pinkham, at the first approach of

There is more Catarrh in this section of the country than in any other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. THE MINERS ALARMED

Leaders Say Big Coal Companies are Trying to Crush Them.

OPERATORS SNEER AT MITCHELL

They Will Not Grant the Concessions Demanded—An Ominous Stage of Negotiations Seems at Hand and Work Appear in Sight.

SCRANTON, Pa., Oct. 20.—It is practically certain that the miners will not go to work Monday, as was expected from the action of the Philadelphia conference and the Scranton conference yesterday.

Some of the biggest of the local companies are talking at the agreement to continue the 10 per cent agreement in force until April 1 next, as is demanded by the resolutions of the miners. They were willing enough yesterday to amend their notices to conform to these demands, but today they seem to have undergone a change of heart, and only one operator of any prominence would say outright that he would make the modification. They say it would be humiliating for them to come out with an amendment to their notices.

As one prominent operator put it: "The modification would serve but one purpose, and that is to gratify a whim of John Mitchell. We don't propose to waste any energy bowing and scraping to Mr. Mitchell."

WILKESBARRE, Pa., Oct. 20.—The strike leaders here are growing suspicious that there is some kind of an agreement between the coal companies by which they expect to break up the miners' union. The offer of the Reading company and the opposition to the same on the part of the other companies is something the miners cannot understand.

In a conference in Philadelphia Wednesday the Lehigh Valley agreed to the same terms with the Reading, so far as their collieries were concerned, but the company refused to make the same concessions to their employees in the Wyoming district.

The officers of the United Mine Workers here say there is no consistency in that. The action of the Lackawanna, Ontario & Western, Pennsylvania company and other large producers in combining with the Lehigh Valley on the powder question tends to confirm the views held by the officers of the union that a concerted effort is being made to get the better of the ranks of the strikers. The operators who participated in the conference in Scranton say they are acting in good faith.

HAZLETON, Pa., Oct. 20.—As far as the United Mine Workers officials are concerned, matters are at a standstill in the anthracite miners' contest with the operators. There was nothing new in the situation today. Much disappointment was expressed in this region today because an early ending of the strike was prevented by reason of the powder grievance.

BOERS KEEP UP THE FIGHTING.

Kelly-Kenny Obligated to Send Relief Column to Jagersfontein.

LONDON, Oct. 20.—Lord Roberts reports from Pretoria under date of October 19, as follows: A party of Boers got into Jagersfontein on the night of October 16 and a fight ensued in the morning. Our loss was eleven killed. The Boers lost their commander and twenty killed.

Kelly-Kenny dispatched a column under Hughes-Hallett, which should reach Jagersfontein today.

HERO TAKES HIS OWN LIFE.

Nicholas Scalp Experiences Ingratitude of Republic.

NEW YORK, Oct. 20.—Nicholas Scalp, a Swedish naval cook who was on the battleship Maine when it was blown up in Havana harbor, shot and killed himself in Brooklyn today. His jaw was shattered by flying iron in the Maine explosion and he had been unable to eat solid food since. This and the delay in getting an increased pension made him very despondent.

Average Crop of Potatoes.

CHICAGO, Oct. 20.—The potato crop of the United States, according to the Orange Judt Farmer's final report, at the practical completion of the harvest, approximates 239,000,000 bushels, or nearly 5,000,000 bushels less than last year, and a fairly good yield compared with the average of the last ten years. Extremes in climatic conditions were responsible for holding the crop within bounds. Otherwise, the liberal area seeded last spring and the favorable start given to the crop would have brought a phenomenally heavy yield.

Compromise in Kentucky.

FRANKFORT, Ky., Oct. 20.—The conference committee which has been considering the disagreement between the two houses of the legislature and which has been unable for the last few days to reach an agreement, today agreed on a report, which foreshadows the passage of an election law this week. A compromise substitute offered by the anti-Goebel democrats was adopted by the conference committee, 16 to 4, and it is nearly certain the bill will now pass.

Dislike the Baron's Recall.

NEW YORK, Oct. 20.—Distrust of German's attitude in China has been revived as a result of information received her showing the hostility of the Berlin government to a policy of conciliation in the settlement of the far eastern question, says a Washington correspondent of the Herald. It has been learned that the recall of Baron Speck von Sternberg, the German charge d'affaires, was due to his efforts to smooth the road looking to a prompt, peaceful solution of the Chinese trouble.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City.

UNION STOCK YARDS, SOUTH OMAHA.—Cattle—There was a good, liberal supply of stock in the market in good shape, taking everything into consideration. There were only about 150 head of cattle on sale, and as buyers were all looking for fresh supplies the market ruled active and steady. The demand for the better grades was active and prices fairly steady. Good heavy weight cattle were sought after and buyers had little difficulty in disposing of such kinds as answered to that description. There were approximately 1000 head of cattle and horses on sale besides the usual amount of odds and ends. The quality of the offerings was very common and buyers claimed there were very few good cows in the yards. The demand for the better grades was active and prices fairly steady. The stocker and feeder trade opened up in good shape and the demand for the better grades was active and in some cases a little stronger prices were paid. The less desirable bunches, however, did not move very freely and the prices bid were certainly no more than steady. There were just few western beef steers on sale and to particular change in prices was noticeable. Good cows were fairly steady with yesterday and canners and mortars kinds were also just about as good as those sold yesterday. Good feeders were sought after by strong prices and mortars kinds were about steady, but closed rather dull and weak.

Hogs—The downward course of the hog market that started about two weeks ago continued. Chicago came lower with 27,000 on sale and buyers started in here bidding about \$4.35, or 75¢ below lower. A few lots changed hands on that basis and then Chicago came in a dime lower, with packers' advice showing a decline of 1¢. Good hogs were fairly steady at \$4.25. They claimed they could buy a drove of hogs in Chicago for \$4.25 and as a result they lowered their bids and after the first round were only offering \$4.25. Sellers were unwilling to take off that much and as a result nothing was done for some time.

Sheep—There was no particular change in feeders, though they seemed to be enough buyers on the market to clean up all that was offered at practically steady prices. Quotations: Choice western grass wethers, \$1.75@1.90; choice grass yearlings, \$1.75@1.90; fair to good ewes, \$1.60@1.75; fair to good spring lambs, \$1.75@1.90; feeders wethers, \$1.55@1.65; feeder lambs, \$1.60@1.75.

KANSAS CITY. Cattle—Receipts, 6,500 head natives, 3,000 head Texans and 500 head calves. Good general market; steady to 10¢ higher; native steers, \$1.75@1.90; stockers and feeders, \$1.50@1.75; choice cows and heifers, \$1.90@2.00; canners, \$2.25@2.50; fed western, \$3.50@3.60; Texans, \$2.60@2.80; calves, \$3.50@3.60.

Hogs—Receipts, 8,000 head; market slow, 5¢@10¢ lower; heavy and mixed, \$4.00@4.20; light, \$3.50@3.70; pigs, \$4.50@4.60. Market fairly active. Receipts, 6,200 head; market fair to good. Choice grass yearlings, \$1.75@1.90; choice grass ewes, \$1.75@1.90; fair to good ewes, \$1.60@1.75; fair to good spring lambs, \$1.75@1.90; feeders wethers, \$1.55@1.65; feeder lambs, \$1.60@1.75.

CABINET TALKS ON CHINA.

Members Favorably Impressed with the Turn Matters Have Taken.

WASHINGTON, Oct. 20.—The cabinet meeting today was devoted principally to the consideration of the Chinese situation. After the meeting the members seemed impressed with the favorable turn matters had taken and the prospect of a satisfactory adjustment. The government has received the proposals of Li Hung Chang and Prince Ching, offering indemnity and guarantees for the future, and they have been accepted in good faith. The cabinet considered that the Chinese government, in admitting that it had been in the wrong and in offering to make proper reparation, as well as offering to provide against a repetition of disorders, had placed itself in the proper position and had opened the way to negotiations for a complete settlement.

For the present the negotiations will proceed through Minister Conger.

KENTUCKY GOES TO CHINA.

New Battleship Leaves on Her Trip Across the Irish Deep.

WASHINGTON, Oct. 20.—The new battleship Kentucky sails tomorrow on her long trip to China, which will take about two months. She has been at the New York navy yard for some time making final preparations, and is now gone to Tompkinsville, preparatory to the start in the morning.

The gunboat Vicksburg and Annapolis, which also are to go to China, will follow in about two weeks. The Frolic, which has been designated to take the place of the Dorothea for similar service, is in good condition for a start, but probably will be detained in order to furnish more extensive quarters for the large number of officers assigned to her.

WASHINGTON, Oct. 20.—Today's statement of the treasury balance in the general fund, exclusive of the \$150,000,000 gold reserve in the division of redemption, shows: Available cash balance, \$135,730,134; gold, \$80,304,135.

Horseman Keating is Dead.

LEXINGTON, Oct. 20.—Thomas W. Keating, the noted trotting horseman of California, died here today. The body will be sent to Reno, Nev., for burial on Sunday.

Work of Allied Forces.

TIENTSIN, Oct. 20.—Reliable unofficial reports say the advance guard of the allied forces entered Pao Ting Fu Wednesday, October 15. The city, it is added, was practically deserted and offered no resistance. The British column captured seventeen imperial soldiers at We Nan Si on October 10, who were sent to disperse the Boxers in that region. The captives assert that they killed 200 Boxers and were returning to Pa Chow when they were fired upon and dispersed by the French.

Trouble Caused by One Letter.

The omission or insertion of a single letter has often upset a jury's verdict, and even a whole statute. Possession of valuable real estate in Ohio depends upon a single letter "a." The Cincinnati court of common pleas ruled against Joseph Irwin, the claimant, and sustained Peter Christmas, who has been a tenant for seven years past. The circuit court upset that judgment several weeks ago because the jury's report read, "On the issues," whereas there was but one issue involved. Last week on proof that the form of verdict was printed and hence the objectionable "a" which had caused all the trouble was not made by the jury.

NEW OFFICIAL OF THE ST. PAUL.

E. A. Miller Appointed General Passenger Agent of the Big System.

F. A. Miller, a brother of Roswell P. Miller, chairman of the board of directors of the Chicago, Milwaukee & St. Paul Railroad company, has been appointed general passenger agent of that system (effective Oct. 15, 1900) to succeed George H. Heaford, recently resigned. The appointment of Mr. Miller to the head of the St. Paul passenger department was not unexpected, as he has been for several years the principal assistant general passenger agent of the company, making his headquarters in the Marquette building. There will be no assistant appointed to succeed Mr. Miller. The two other assistants, Messrs. Marsh and Merrill, will continue in their old positions.

General Passenger Agent Miller is widely known in the railway world, and is one of the most popular of passenger officials. He began his railroad career in 1874, and his good nature, character and ability have steadily advanced him in the service of the St. Paul system since 1883, when he entered the company's employ as a clerk in the passenger department, of which he now becomes the head. Mr. Miller was born at Harford, Pa.

Using Our Discarded Inventions.

A business man is thus quoted in the New Orleans Times-Democrat: "I was in Manchester, England, last year, and went, by invitation, through a big meeting. In one department I was a little surprised to see a lot of workmen engaged on plows of a well known American pattern. Isn't that the same as Mr. So-and-so's plow? I asked my guide, who was a member of the firm. 'Well, yes, substantially the same,' he said, looking a little confused, 'but you see there are no English patents, and we haven't any intention of putting it on the American market.' 'Well, I should say not!' I exclaimed, 'and you couldn't sell any of them if you did. That model was discarded months ago, and an improved form has altogether taken its place.' The case is simply one out of dozens."
