Hon. Myron H. McCord, Ex-Governor of New Mexico, in letter to Dr. Hartman, from Washington, D. C., says: Dear Sir—At the suggestion of a friend I was advised to use Peruna for catarrh, and after using one bottle I began to feel better in every way. It helped me in many respects. I was troubled with colds, coughs, sore throat, etc., but as soon as I had taken your medicine I began to improve and soon got well. I take pleasure in recommending your great remedy to all who are afflicted with catarrh.—M. H. McCord.

OUR CUSTOMERS:

Now that the leaves are beginning to fall it is a difficult matter to keep lawns looking nice. We are pleased to state that we have the exclusive agency for the only successful device that has been produced up to date. We respectfully invite your attention to the Finley Lawn Rake, circular of which we enclose. Please notice what Mr. Guy C. CASTORIA COUNTERFEITERS.

Their Factory Unearthed and the Manufacturers Arrested—A Warning to Imitators.

The Centaur Company of New York city, manufacturers of Castoria, recently learned that their well known preparation was being counterfeited in St. Louis, Mo., and that worthless imitations were being sold. After a careful investigation by Chas. H. Fletcher, president of the company, it was learned that a preparation in imitation of Fletcher's goods was being prepared by the Palestine Drug Company of No. 107 South Second street, and sold by a few druggists. Warrants were sworn out for the imitators. Yesterday John Bick, president of the offending company, and Benjamin Chiraun, chemist for the concern, were arrested, but later were released on bond.

The cases will be tried before Judge Clark of the Court of Criminal Correction. The Centaur Company has determined to protect the public from worthless imitations of their goods.—St. Louis (Mo.) Republic, Sept. 20, 1900.

OUR TROOPS REVERSED

Detachment of 100 Attacks 400 Filipino Riflemen and 1,000 Bolomen.

OUR SOLDIERS RESIST STRONGLY

They are, However, Defeated After Creditable Resistance—Retreat at the End of the Fight With Five Killed and Nine Wounded.

WASHINGTON, D. C., Oct. 27.—The War department today received a dispatch from General MacArthur, giving an account of a fight, in which a small detachment of the American troops attacked a much superior force of Filipinos. The dispatch follows:

"Manila, Oct. 26.—First Lieutenant Febiger, forty men company H, Thirty-third regiment, United States volunteers; second Lieutenant Grayson V. Heidt, sixty men troop L, Third cavalry, attacked insurgents fourteen miles east of Narvican, Ilocos province, Luzon; developed strong position occupied by about 400 riflemen, 1000 bolomen under command of Juan Villamor, subordinate of Timos. Desperate fight ensued which was most creditable to force engaged, though under heavy pressure overwhelming numbers, our troops compelled to return Narvican, which was accomplished in tactical, orderly manner. Acting Assistant Surgeon Bath and civilian teamster captured early in the fight were released by Villamor. According to their accounts insurgents much stronger than reported herein, and their loss, moderate estimate, over 150. Our loss: 'Killed: first Lieutenant George L. Febiger, Charles A. Lindenberg, William F. Wilson, company H, Thirty-third regiment United States volunteer infantry; Andrew T. Johnson, farmer; Guy E. McClintock, troop L, Third regiment United States cavalry. 'Wounded: Company T, Thirty-third volunteer infantry, Floyd W. McPherson, hip, slight; John W. Grace, face, slight; Floyd H. Heard, cheek, slight; Harry S. Johnson, knee, serious; troop K, Third United States cavalry, Corporal Adam R. Wachs, arm, slight; Alfred Downer, hip, head, slight; Charles W. Martin, thigh, slight; Oscar O. Bradford, foot, slight; William E. Hunder leg, below knee, slight.

"Missing: Company H, Thirty-third regiment, John J. Boyd, Samuel P. Harris; troop L, Third cavalry, Samuel Davis, Ferd Schwed; twenty-nine horses missing; some known killed, 'MACARTHUR."

Washington, D. C., Oct. 27.—Lieutenant George Lee Febiger was one of the youngest officers in the army, being in his 24th year. He was a native of New Orleans and served as first lieutenant and afterward captain of the Ninth volunteer infantry during the Spanish war. In the following July he was appointed second lieutenant in the Thirty-third volunteer infantry and because of his military proficiency he was promoted to a first lieutenancy August 24, 1899, and accompanied his regiment to the Philippines in the following month.

BOXERS OUT FOR GORE.

New Crusade is Being Waged Against Hated Foreign Devils.

HONG KONG, Oct. 26.—Advices from Lien Chao on North river say that American mission property there is threatened with destruction by Boxers, who have posted the following proclamation:

"We have organized to protect our country and our homes and we rely upon one another to support the order to drive out the foreign devils. They are mad. Their folly passes description. They are the usurpers of our land. They disturb our borders. 'In all the provinces and prefectures chapels have been opened and our people are deceived, ripped open and disemboweled, while the foreigners grow fat on the revenues of China, insulting our officials and merchants and seizing our temples and palaces. 'The emperor is indolent and permits this. Who can foretell the intention of the foreign devils? Day by day they act more outrageously. When we behold the present condition of affairs our hearts are bruised with grief. Therefore we have organized our strength to destroy the devouring wolf throughout the empire."

NOT QUITE READY TO BITE.

Powers Show Reluctance to Accept Anglo-German Agreement.

WASHINGTON, Oct. 27.—In diplomatic quarters there is felt to be some significance in the fact that France, Russia and Japan, as well as the United States, have not yet accepted the invitation to accept the principles of the Anglo-German alliance. It is understood that this non-action of the powers is not due to any concerted movement among them, although each appears to be halting on the third clause. A diplomatic official said today on mature consideration of this third clause it was seen to involve two constructions, first, that if any power took territory in China as a result of the present trouble then Germany and Great Britain would also take territory; or, second, if any country took territory in China, Germany and Great Britain would seek to prevent this act or otherwise jointly act against the country seeking to extend its domains. Either construction, it was pointed out, was such that the powers not party to the agreement could not be expected to bind themselves to its acceptance. Under these circumstances it is said the powers would probably seek to learn Russia's views on the third clause, as Russian approval would probably remove the idea that there is any possible menace intended.

MADRID, Oct. 27.—Senator Azarraga will take the portfolio of the marine provisionally, Admiral Moza having withdrawn from the ministry owing to the refusal of the premier to allow an increase of the navy credits. Addressing the officials of the marine department today General Azarraga said it was necessary to secure an equilibrium of the budget and therefore it was impossible to increase the navy.

Wales at Paris Exposition.

PARIS, Oct. 27.—Le Courrier du Soir says it understands that the Prince and Princess of Wales visited the exposition here last June, but that, in consequence of the expressed desire of the prince, their stay was kept an absolute secret. The prince wished to avoid demonstrations which would result from the Anglophobe attitude of the nationalist press.

Lawyers Given Damages.

CHICAGO, Oct. 27.—A verdict which it is thought will result in endless litigation or in the abatement of the smoke nuisance, and which, if sustained by the supreme court, may serve as a precedent for decisions in other smoke-clouded cities, was rendered today in the circuit court.

Lawyers Emery S. Walker and Brode B. Davis, having offices in the twelfth story of the Association building, by the verdict are awarded \$1,500 damages for injuries received from the smoke from the New York Life building.

Head Money Offered.

CANTON, Oct. 26.—The Chinese have placarded the Shenton district, offering several hundred dollars reward for the heads of four foreigners who are supposed to be leading the rebels.

The rice crop has failed in Kwang Si province and robbers are pillaging. Rebellion and famine there are certain.

A Reward for Alford.

NEW YORK, Oct. 26.—As an earnest of its intention to prosecute Cornelius L. Alford, Jr., the thieving note-teller of the First National bank, the responsible officers of that institution will today offer a liberal reward for his capture. This decision was reached tonight at a conference between Chief McCluskey and officers of the bank. The amount of the reward has not been fixed. At midnight a dispatch from Mount Vernon said Alford was in New York in the home of an intimate friend.

LAST RITES OVER SHERMAN.

Funeral of the Great Statesman is Held at Mansfield, Ohio.

MANSFIELD, O., Oct. 26.—In a picturesque little cemetery where generations of Mansfield's builders sleep lie tonight the remains of John Sherman, senator and statesman. There today all that is mortal of the former secretary of state was laid to rest with ceremonies that were impressive, yet simple. All Ohio contributed laurels to the illustrious dead, and representing the nation were President McKinley, Elihu Root, secretary of war, and other Washington officials. The city was draped in mourning. Every business house closed at 2 o'clock and the schools were dismissed that the pupils might attend the services at the Grace Episcopal church, where, half a century ago, John Sherman first worshipped an, where for years he was a vestryman.

From the funeral train, which arrived at 10:15 a. m., the remains were escorted to the church, through streets that were thronged with citizens and thousands who had gathered here from other places. The route was marked in the early morning with many political banners eulogistic of national and state candidates of the various parties, but as a mark of respect to the dead all these were removed before the procession began. In the line of march were two companies of the Eighth Ohio volunteers who fought in the Spanish war, while, flanking the hearse was a squad of forty-two survivors of the famous Sherman brigade, all gray and bent with age. At the church the casket containing the remains was removed to a place just in front of the chancel, where it was banked with floral offerings of great richness. One of these tokens was a wreath of white roses and carnations brought from the White House by President McKinley. Another was from the Richmond Bar association and another was the offering of the corporation of Mansfield. There were scores of others from many parts of the country. The altar itself was draped in white at the request of the family.

From the church the cortege moved on Main street to the cemetery, a mile distant. At Central Park the procession passed under an immense arch of mourning on which was emblazoned in gilt letters, "The Nation's Loss." Heading the column was the Mansfield band with white plumed helmets and just behind them the Eighth Ohio volunteers. In a carriage near that occupied by President McKinley were three men who were delegates to the first convention that ever nominated John Sherman for congress, in 1854. They are M. L. Miller, Nelson Ozier and Jacob Hade, all of this city.

STRIKE DECLARED OFF

United Mine Workers Will Allow Resumption of Work.

LEADERS COME TO AN AGREEMENT

Operators Who Have Granted Demands Can Open Up Their Pits—Men Expected to Return Monday—Ban to Be on Those Refusing the Advance.

HAZLETON, Pa., Oct. 26.—The mine workers' strike has been declared off against all companies which have complied with the strikers' demands and the strike will be continued against those companies which have not granted the Scranton convention's demands. The strikers will return to work Monday at the places where the truce is ended.

A new difficulty presented itself today when the Lehigh & Wilkesbarre Coal company posted a supplemental notice at its collieries in the Hazleton district to the effect that the company will pay its men 2 1/2 cents additional on a car of coal to make up the 10 per cent increase in wages. The notice says nothing about abolishing the sliding scale, nor does it guarantee the increase until April. To the mine workers these are two vital points. These notices are the same as those previously posted by the company at its mines in the Wilkesbarre district, where the sliding scale never existed.

There was much rejoicing tonight when the announcement was made that the coal strike was at an end in so far as it concerned the collieries where the conditions demanded by the miners had been complied with. The news spread quickly and good telegrams began to arrive at headquarters. Most of them congratulated President Mitchell on the successful ending of the contest.

Everywhere in the region local unions had been awaiting the news and on a moment after the decision of the conference was reached the three district presidents began telephoning a synopsis of the statement to every mining town in the coal fields. By this means the whole region heard the news in a short time.

The mine workers of this district firmly believe that all the operators against whom the strike has not been declared off will concede the demands of the miners by Monday. In fact it was said by one of the higher officers of the union that the statement was not drawn up until positive assurances had been received that the other companies would comply with the demands. No such assurance, however, was received as far as could be learned from G. B. Markle & Co. in this district, which is the only company that has not offered an increase in wages. President Mitchell declined to say anything in regard to the Markle company's position other than that the mine workers' offer was so fair that he would think of no valid reason why that company should not give that which the miners ask.

The United Mine Workers' headquarters will probably be closed next week. President Mitchell will be in Scranton on Saturday to participate in a brother boys' demonstration, after which he will make a tour of the entire anthracite region. Plans have been mapped out for justification meetings in various parts of the coal fields. Later on President Mitchell will go to New York to attend a Cigarmakers' union meeting, after which he will return to national headquarters at Indianapolis.

CONGRER WILL WORK FOR PEACE.

Instructed to Begin Negotiations with the Chinese Envoys.

WASHINGTON, Oct. 26.—Minister Conger has been authorized by his government to begin negotiations at once with the Chinese envoys on the basis of the points in the French and German notes upon which all of the powers are agreed. Upon these points where divergence of views has been found to exist the governments of the powers themselves will negotiate with a view to reaching a further understanding. It is understood the ministerial representatives at Peking of the other powers have similar instructions.

The Berlin statement this morning that Germany has agreed to Japan's proposals that peace negotiations with China shall at present be entrusted to the foreign representatives at Peking is regarded here as an indication that Germany has taken similar action in the case of Minister Mumm von Schwarzenstein.

Arrest the King of Belgium.

PARIS, Oct. 26.—The king of the Belgians, while riding in an autocar yesterday in the Bois de Boulogne, was pulled up by the police for exceeding the regulation speed. He was going at the rate of fifty kilometers an hour. A policeman was about to take down King Leopold's name in his notebook when the driver of the autocar whispered in his ear, and an explanation followed that put things right.

An Immense Lump of Gold.

NEW YORK, Oct. 26.—The biggest nugget of gold ever received at the assay office in Wall street, according to Superintendent Mason, today arrived from a mining company in British Columbia. It was consigned to the New York agents of the Bank of Montreal. The nugget contained a fraction over 753 pounds of the solid yellow metal and is valued at \$154,000. It came in a solid cone and stood about two feet high. This cone was wrapped in canvas and fitted with an oblong box of two-inch planks and heavily bound with iron.
