

# Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known, expectant mothers have been spared much of the anguish of child birth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. It is

woman is supplied with this splendid liniment she need never fear rising or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy. The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

**Ryno.**  
 Griffith's well is still flowing. Have you secured your turkey for Thanksgiving. Cold with three inches of snow this Wednesday morning. Jessie Donnel trapped two coyotes. He's Hot Stuff. The Callaway creamery went up in smoke last Sunday morning. Messrs. Pickett, Pelky and Rusk are arranging their machinery to shell corn. Many cattle dying, many think it is black leg, others claim it is caused by the chintz bugs in the stalks.

**The Irl R. Hicks 1901 Almanac.**  
 Whatever may be said of the scientific causes upon which the Rev. Irl R. Hicks bases his yearly forecasts of storm and weather, it is a remarkable fact that specific warning of every great storm, flood, cold wave and drought, have been plainly printed in his now famous Almanac for many years. The latest startling proof of this fact was the destruction of Galveston, Texas, on the very day named by Prof. Hicks in his 1900 Almanac, as one of disaster by storm along the gulf coasts. The 1901 Almanac, by far the finest, most complete and beautiful yet published, is now ready. This remarkable book of nearly two hundred pages, splendidly illustrated with charts and half-toned engravings, goes as a premium to every subscriber who pays one dollar a year for Prof. Hicks's journal, Word and Works. The Almanac alone is sent prepaid for only 25c. Order from Words and Works Publishing Co., 5201 Locust street, St. Louis, Mo.

**Lincoln Republicans will Ratify.**  
 The republicans of Lincoln will hold a ratification Saturday, Nov. 24th, 1900. The committee in charge has issued the following general invitation to the republicans of the state to assist:

The "Republic being saved," peace, liberty and prosperity being assured for the next four years under the judicious guidance of the grand old republican party, and the return of Nebraska (our own "Queen of the West") to allegiance to the party which brought her into free statehood, is deemed by the overjoyed republicans of Lincoln and the state at large to be an event requiring a rousing ratification. The republicans of the capital city, therefore, through their committee, cordially invite you to come to Lincoln Saturday, November 24th, prepared to take part with us and our noted invited guests and all state officers elect, in a grand review of the noisiest and most joyful re-fire ratification and illumination in the history of our city and state.

As Vim, Vigor, Victory was the inspiring motto of republicanism during the campaign, let the word on this occasion be "Johnnie get your Shot Gun, your Horn and your Whistle," and come November 24th, by foot, horse, or special train, as the ways will be kept open, and upon that date all roads will lead to Lincoln, the dome of whose capitol building will hereafter reflect the golden hue of the joyous night.

Come, republicans, in fact come every one, who by their vote, voice or sympathy, contributed to the grand result of November 6th.

Special rates made for this occasion.  
 Respectfully yours,

**Westerville School Entertainment.**  
 Miss Madge Kay gave a school entertainment at the home of Mr. and Mrs. Clark, which was attended by the patrons of Westerville and their families. The house was crowded. Mr. Myers, the noted pianist, furnished a greater part of the music.

Miss Elsie Saville, one of the pupils, also proved herself worthy of the highest compliments, for her musical talent.

One of the most prominent features of the evening was a parsing contest, from the primary grammar class.

All enjoyed listening to the carefully prepared program.

**Hetty Green's Old Reticle.**  
 Mrs. Hetty Green visits the New York Chemical National Bank, in which she is much interested, nearly every day, always carrying in her hand the old reticle which has been known to hold millions in stocks and bonds.

**Congressman Studies Fish.**  
 Representative Small of North Carolina is devoting himself to the study of fishes, and is incidentally trying to have established on the coast of his state a station to investigate problems connected with marine fisheries.

**Tourists a Nuisance in South Africa.**  
 One of the curious features of the war in South Africa is the fact that a number of tourists have gone down to Cape Town in order to be near the scene of operations. So numerous have they become that they have been voted a nuisance by the British commanders, and warning has been sent out that no more visitors of the kind are needed or desired there.

**Sea Shells for Slippery Streets.**  
 The board of works for the district of St. Giles, London, instead of using sand and fine gravel to sprinkle asphalt pavements when they are wet and slippery for horses, all of which are smooth shod in London, as in Paris, scatters small sea shells, which are kept in bins here and there along the curb stones. These seem to be an excellent substitute for gravel.

**Street Railway Decision.**  
 One system of street railways over some of which both freight and passengers are carried and cars from lines running to other towns are run is held, in Oregon, ex rel. Barbour vs. Pingree (Mich.), 46 L. R. A. 407, to constitute a work of internal improvement within the meaning of the Michigan constitution, which forbids the state to be interested in such works.

**California Travel Increasing.**  
 The increasing popularity of tourist sleeping cars for transcontinental travel is a subject of much comment among railroad men. It is said that 85 per cent of the passengers to and from California travel in tourist sleeping-cars. These cars are comfortable and not nearly so expensive as palace sleeping-cars. The Burlington railroad is doing a great deal to encourage tourist-car travel, having increased its California tourist-car service this season from once-a-week to three times a week.

**Now Is The Time To Subscribe.**  
 The State and National campaign for 1901 is now on. Every body should keep posted. The National campaign as well as the state's bids fair to be both exciting and interesting. No body who has any interest in the result of the campaign should be without a county and state paper. In order that every citizen in Custer county may keep posted, we have decided to make a special price on the REPUBLICAN so as put it within the reach of everybody. To all new subscribers as well as to all who pay up arrears we will furnish the REPUBLICAN for 25 cents to the first of January 1901, or the REPUBLICAN and State Journal to Jan. 1st 1901 for 50c; the New York Tribune or Bee and REPUBLICAN for 65 cents to January 1st 1901. Kansas City Journal and REPUBLICAN 50 cents.

**To California in a Tourist Sleeper.**  
 In no other way can you go to California so quickly, so comfortable, and yet so economical, as in a tourist sleeping car.

The tourist cars used by the Burlington Overland Excursions are models of comfort and convenience, high back seats and double windows. They are heated by gas. The heating arrangement is admirable and the bed furnishings are clean and of good quality.

The Burlington Excursions leave Omaha every Tuesday and Thursday and go through to San Francisco and Los Angeles without changes or delays of any kind. You can join them at Lincoln, Hastings, Oxford, or any other station at the train stops. **1901 Babies.**  
 (Wonder if the imitators will garble that thought.)  
 Our case lot prices have proven to be a two-edged sword—they have chopped off excessive margins for our customers and increased our sales accordingly. The corn pickers who responded promptly to our 5 cent Husking mitt advertisement were benefitted just one-half on the 1008 pairs of mitts, bought of us. Buying one thousand pairs of mittens (ten bushels) of one kind, at one time was an experiment with us, not knowing how they would take, but the fact that it took less than 30 days to dispose of the lot calls for our apology to the fellows who came too late. This only reaffirms the old adage that

A Great Reputation brings with it the responsibility of living up to it. We long since achieved the reputation of showing a larger line of clothing at lower prices than all others, and this year we are more than living up to our reputation by giving our customers more goods for the same money and better goods for less money than they can get elsewhere.

Come to us for Men's, Women's and Children's Warm Over Shoes—Women's Fine high instep Jersey Alaskas at 75 cents worth \$1.00 elsewhere, Men's fine Jersey Alaskas at \$1.00 worth \$1.25.

We keep the other fellows guessing, but they are no competition for us. We have a few imitators left. There is only one Wilson & Drake, and the fellow that "Made Wilson & Drake what they are" can't make two more just like them—the combination is wrong.
