SUGGESTIONS FOR CHRISTMAS.

The Christmas gift should be something of an enduring and intrinsic value—something that will last for years, bringing pleasant recollections of both the giver and the occasion.

For this reason jewelry makes ideal Christmas gifts, always appropriate and acceptable to every one.

I want you to come and see my holiday line. It will be unusually varied and beautiful, and I am sure that in it you will find many articles that will suit both your purse and your taste.

Remember, I can sell for less than many other dealers because my store rental and operating expenses are lower.

It isn't the material that goes into your repaired watch that results in a perfect job, it is the know how that does the business, any bungler can buy the fine kinds of material that use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.

Very Grateful. Thanksgiving week is here again, and we shall eat our turkey this year, feeling very grateful to our old and tried friends who have continued for so long to give us the support of their generous patronage. We also owe thanks to the many new customers we find in our circle. We appreciate the confidence that our patrons show in us, and we feel in the best of fighting trim to continue our struggle against high prices. We are glad that so many of our farmer friends are with us, and shall keep up our best efforts to give them the best goods at the lowest figures. Yours truly, J. C. BOWEN.

G. E. Cadwell and family left this morning for California, with a view of locating somewhere on the Pacific coast. Before continuing his journey westward, he will visit his parents in Illinois. He made a sale and sold off his stock and personal property, but did not sell his ranch, of which he has a section of land four and one-half miles south of the city. He has leased the ranch to G. E. McCleary. Mr. Cadwell has been a resident of this vicinity for twenty years, and in that time has accumulated a large amount of property. He is one of Custer county's best citizens, and it is with regret his many friends see him and his excellent wife leave us. His principal object in going to the Pacific coast is to improve his health, in which the REPUBLICAN hopes he may be successful. May prosperity and happiness attend them, is the sincere wish of the REPUBLICAN.

The question of organization, and the ends possible to accomplish for the town and vicinity was quite generally discussed. Those participating in the discussions and suggestions were Judge Sullivan, S. J. Lonergan, Alpha Morgan, J. J. Wilson, A. R. Humphrey, Drs. R. C. Talbot and C. Pickett, Jas. Ledwith, J. D. Ream, J. The members of the G. A. R. Washburne Post gave a campfire entertainment in their hall last Wednesday night, which was open to the public. A large crowd was in attendance. The program consisted of music, speeches, etc., and was followed with a lunch, provided by the Women's Relief Corps. Speeches were made by Gen. Gage, Col. H. C. Russell and Senior Vice Commander Wilcox. Mrs. C. G. Mayer favored the audience with a solo, and several army songs were sung by some of the old veterans. Gen. Gage and Col. H. C. Russell were at their best, and kept the audience in an uproar of laughter most of the time. At the conclusion of the exercises, the ladies surprised the members of the post with a lunch of coffee and sandwiches, which were served in the hall. All report having enjoyed a good time.
