TO GO FOR FILIPINOS

General MacArthur Plans an Active Campaign Against Them.

BEST TIME FOR ACTION IS NOW

MANILA, Nov. 22.—General MacArthur was asked today whether the result of the presidential election in the United States was in any way responsible for the orders to push the operations against the Filipinos. He replied that the result of the election was merely coincident with other features of the situation. He added that the return of the soldiers and marines from China, with the recruits who had arrived recently, would increase the number of troops to 70,000 men. The engagement of the forces, the ending of the rainy season, better roads, improved transportation and the desire to make the most efficient use of the volunteers before their term of service expired in June, are all contributory to the most active campaign. Concerning the replacing of 35,000 volunteers, General MacArthur said he favored the establishment of a standing army of 75,000 men and authorizing the president to increase it to 100,000. The general said he was enlarging the force in General Young's district to nearly 7,000 men; that heavy reinforcements are being sent to General Hughes in the island of Panay; that more troops had been ordered to southern Luzon and that various column movements had been planned. The stranding of the coasting transport Indiana is causing a long delay in reaching a number of the remote coast stations in southern Luzon, which have subsistence to November 1 only and will have to depend largely on foraging until the Indiana is floated or another steamer is secured. The customs warehouses are congested, a fact which is delaying the commerce of Manila. General Smith, the collector of the port, at a meeting today of many importers urged the necessity for the removal of the goods. The merchants talk of organizing a company for the erection of bonded warehouses. The soldiers and marines who have returned from China are selling quantities of curios looted from the residences of the nobility or wealthy persons at Pekin and Tien Tsin. Many of them are valuable and ridiculously cheap and a number of such presents have been sent to the United States for Christmas presents.

THE LIVE STOCK MARKET.

Latest Quotations from South Omaha and Kansas City. SOUTH OMAHA. Union Stock Yards.—Cattle.—There was a good liberal run of cattle here today, and as both yard traders and packers were not particularly anxious for supplies the market was slow and weak all around. There were quite a few fat calves, included in the receipts, and a number of bunches of pretty good stuff. Buyers, however, did not take hold with much life and claimed that prices here were too high in comparison with eastern markets. Sellers were not willing to make any concessions and as a result the market was dull with the tendency of prices lower. As compared with the close of last week it is safe to say that the market is all of 100 to 150c lower, the greatest decline being on the common grades. There was very little life to the stocker and feeder trade except on the best heavyweight feeders, which have sold in good shape all the week and closed on that class of stuff is very little lower than it was at the close of last week. Common kinds, however, and anything at all light or on the calf order are very slow sale, and probably around a quarter lower for the week. There were quite a few western beef steers on sale this morning, and the better grades sold just about steady, but the common kinds did not bring quite as good prices. Hogs.—There was another liberal run of hogs, but in spite of that fact the market opened up strong to 5c higher in some cases. Light hogs were in the best demand and on the early market sold largely at \$4.30, and as high as \$4.32 1/2, and were paid for a number of loads. The heavier hogs sold around \$4.77 1/2. Buyers did not seem to want the heavy packers today, and sellers found it difficult to get a bid on them at the start. After the first few rounds the market did not seem to be quite as strong and the \$4.77 1/2 sales were more numerous. Sheep.—There were a few cars of sheep here today and what few were offered were rather on the common order and largely feeders. Packers all seemed to be anxious for good stuff and bought of just about steady prices, though they were far from choice. Feeders were also in good demand today and the few on the market were bought up at right around steady prices, no material change from yesterday being noticeable.

MANILA PAPERS GIVE REASON FOR CREDITING REPORTS.

WASHINGTON, Nov. 24.—The latest mail from Manila received at the War department brings an interesting budget of news from the islands, some of which heretofore has been touched on in press dispatches. The Manila papers of October 18 devote considerable space to a report concerning Aguineldo's death in northern Luzon. They say that the circumstantial character of this report, together with the fact that General Trías recently had been signing himself "commander-in-chief of the insurgent forces," lends color to the belief that Aguineldo may be dead. The latest account in this line comes from Nueva Ecija in northern Luzon, where, in an outpost skirmish, Aguineldo's horse was killed and his saddle bags, with a number of personal papers, were captured.

Rush, Conductor (President) of Holy Name Club, Number 26. His many friends, inside the Order and outside of its ranks, were, therefore, much startled to learn that his life was in danger, he having Bright's Disease, that most terrible and fatal disease. Mr. Rush, however, made a grand struggle for his life, taking prescriptions, and pills and powders, until his stomach refused food. At last, his local druggist, guided by the numerous inquiries being made at his store for Dodd's Kidney Pills, advised Mr. Rush to buy and try some. This he did, and to his delight he was restored to health and strength. Mr. Rush says that after commencing the use of Dodd's Kidney Pills, he felt much better, but it took two months to effect a cure. "I took nothing else but Dodd's Kidney Pills during that time, so I know that I owe life and health to them."

EQUAL TO OCCASION.

Matter-of-Fact Conduct of Girl Whose Skirt Fell. The young woman whose underskirt fell off on Park Row on Thursday afternoon acted in a manner that undoubtedly saved her some embarrassment, says the New York Sun. The sidewalk was filled with people, and as she hurried along toward the bridge those who were behind her saw her grab her outer skirt with either hand. Trailing beneath the bottom of it was a broad strip of white skirt. Before she had taken half a dozen more steps she tripped and nearly fell. It was evident then that her underskirt had fallen down around her ankles. In a matter-of-fact fashion, as if she had done the same thing many times before in a crowded street, she stopped, shook herself a bit and then stepped out of the skirt. Before any one except the people very near her realized what had happened she picked up the white skirt, rolled it into a neat little bundle and proceeded to the bridge. The accident was undoubtedly embarrassing, but the girl gave no evidence of it. Had she done as a young woman did in similar circumstances a year ago on upper Broadway, and hurried away leaving her skirt behind her, she would have been followed by loud laughter. Not more than a dozen persons saw this incident on Thursday, and the girl's matter-of-fact way in dealing with it disarmed them.
