Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called GRAIN-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not coat over one-fourth as much. Children may drink it with great benefit. 15 cents and 25 cents per package. Try it. Ask for GRAIN-O.

YOUNG MAN'S MANNERS.
Society Asks That He Behave Well, and Then His Path Will Be Smooth.

Society asks little of a young man except to behave well. If he be manly in looks, if he has a good manner, is civil to his elders, if he has any little gift of entertaining—any "parlor tricks"—if he sends a few flowers occasionally, looks pleasant and is polite, his way will be smooth to success—always providing that he is really a gentleman. He never joins her on a thoroughfare unless the friendship be an established one and only with her permission—nor will he stand and converse with her. It is provincial to walk "sandwiched" between two women, to stare, or look after any one who has passed. In public conveyances a man does not pay a woman's fare unless he is her escort, except in an emergency, when he must ask if he may. Introductions are rarely made in public places or conveyances. A man precedes a woman when entering a theater or public place. In a church the lady goes first. He may precede her up a public staircase, but in a private house in ascending and descending, he follows. In picture galleries, elevators in public buildings, hotel and theater corridors, they being thoroughfares, a man retains his hat. In a hotel he removes it if women are present. In a lady bows to a man in a restaurant he rises slightly from his seat in acknowledgment. When he is with a party, if a lady with her escort stops to speak to his friends he rises and remains standing until she passes on. He also rises if a man is introduced to him when with a stag party. If a bachelor show some little hospitality it advances him much in favor. If he has attractive rooms, or has anything to show, he may give an afternoon tea or a chafing dish supper. Simplicity is in order. A bachelor's entertainment is usually regarded in the light of a frolic and his efforts indulgently considered. A bachelor may live where he likes without loss of social position, if he belong to one good club, which he may only use for the address on his cards and note-paper.—Ladies' Home Journal.

A NARROW ESCAPE. A GRATEFUL WOMAN.

MRS. F. J. LYNCH, GRAND RAPIDS, MICH.
Mrs. F. J. Lynch, 324 South Division street, Grand Rapids, Mich., writes: The Peruna Medicine Company, Columbus, Ohio:
Gentlemen:—"I earnestly recommend Peruna to any suffering women as it cures quickly. I had a most persistent cough which nothing seemed to cure. Two bottles of Peruna did more for me than all the doctors seemed to do. In a couple of weeks I found myself in excellent health, and have been enjoying it ever since. Hence I look on Peruna as a true friend to women."

Chronic Coughs and Colds Are Catarrhal Diseases.

Catarrh Is the Continual Scourge of Christendom.
Catarrh hovers ominously over every city, and nestles treacherously in every hamlet. It flies with vampire wings from country to country and casts a black shadow of despair over all lands. Its stealthy approach and its lingering stay makes it a dread to the physician and a pest to the patient. It changes the merry laugh of childhood to the wheezy breathing of croup, and the song of the blushing maiden to the hollow cough of consumption. In its withering grasp the rounded form of the fond wife and mother becomes gaunt and spectral, and the healthy flush of manhood turns to the sallow, haggard visage of the invalid. Cough takes the place of conversation, speech gives way to spitting, the repulsive odors of chronic catarrh poison the kiss of the fondest lovers, and thickened membranes bedim sight, impair hearing and destroy taste.

THE OPEN-TOP CAR CHILILTLI.

The very newest thing in railway car architecture is a passenger car without sides or top. The following season a coal, or gondola car, with board seats, was attached to the American Tourist Association train, and every traveler on that train climbed into it. Afterwards the Mexican government prohibited the carrying passengers in freight cars, and the coal

Mexico. The car was invented by Rean Campbell, the Mexican traveler, and came about as follows:
Some years ago when Mr. Campbell was traveling through the great Tamposopo Canon, he had a seat on the side of the car next to the mountain, the rocks of the cliff were within two feet of the window, and of course he could get not even a glimpse of the canon, as all the windows on the other side of the car were taken up by the occupants of the adjoining seats. Determined to view the magnificence of the canon, Mr. Campbell returned to Las Canoas, and through the courtesy of railway officials made the world-famous ride on board what the superintendent called his "trolley," an open car with seats for eight persons, and with this ride came the idea that the only way the magnificence of Mexico's

car had to go. Then the building of a passenger car without a top was decided on, and the Chililtli came in evolution from a work car to the coal car, and to the consummation of itself.
The Chililtli became famous, and from an observation car went on duty as a pavilion by the sea, and a roof garden, for it is electric lighted, and has an outfit of Chinese lanterns. But the favorite is also remembered as a dining car of the tropics, attached to a special train, that, during meal hours, could stand still or run just fast enough to secure a breeze, and not raise a dust. The Chililtli is the largest observation or dining car ever built. There are seats (reversible as in a coach) for 68 people, and when the tables are in place 56 persons may sit down to dinner.

Set Superstition at Naught.
Miss Alice Sinclair of Cincinnati, O., who acted as bridesmaid at the wedding of a friend, found a thimble in the piece of bride's cake which she ate. This was regarded as proof that she would be an old maid. To prove that the sign was false she agreed to marry William Keeler, to whom she was engaged, at once, and invited all the wedding guests to be present at her marriage. A minister was found and the ceremony was performed within three hours of the time when she was acting as bridesmaid.
