

# CAUGHT BY THE GRIP

Released by Pe-ru-na—Congressman  
Howard's Recovery—Congressman  
Geo. H. White's Case.

The Grippe is epidemic catarrh—it spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to the grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to "grip." Without intending to do so a new word has been coined that exactly describes the case. As if some hideous giant with awful GRIP had clutched us in its fatal grasp. Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

"One of my customers who was greatly helped by Peruna advised me to try it, and I procured a bottle the same day. Now my head is clear, my nerves are steady, I enjoy food, and rest well. Peruna has been worth a dollar a dose to me."—L. D. Wallace.

**GRIP CAUSES DEAFNESS.**

Mrs. M. A. Sharick, chaplain G. A. H. Woman's Relief Corps, writes from Fremont, Wash.:

"When la grippe was the prevailing illness in this Western country I was laid up the whole winter, I partially lost my hearing, and had a very bad case of catarrh of the head and throat.

I read of Peruna, tried it and had my hearing restored and catarrh cured. I cannot speak too well of Peruna."—Mrs. M. A. Sharick.

**PE-RU-NA FOR GRIP.**

Mrs. Dr. C. D. Powell, President of Epworth League, also President of Loyal Temperance Legion, writes from Chehalis, Wash.:

"I have used several remedies in cases of severe colds and la grippe, but none I consider of more value than Peruna."—Mrs. Dr. C. D. Powell.

**AFTER-EFFECTS OF LA GRIPPE.**

Miss Emma Jouris, President Golden Rod Sewing Circle, writes from 40 Burling street, Chicago, Ill., as follows:

"This spring I suffered severely from the after-effects of la grippe. As the doctors did not seem to help me I bought a bottle of Peruna."—Miss Emma Jouris.

**CONGRESSMAN HOWARD'S LETTER.**

Fort Payne, Ala.

The Peruna Medicine Co., Columbus, O. Gentlemen: "I have taken Peruna now for two weeks and find I am very much relieved. I feel that my cure will be permanent. I have also taken it for la grippe, and I take pleasure in recommending Peruna as an excellent remedy to all fellow sufferers."—M. W. Howard, Member of Congress.

**LA GRIPPE LEAVES THE SYSTEM IN A DEPLORABLE CONDITION.**

D. L. Wallace, a charter member of the International Barbers' Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected badly all over.

**CONGRESSMAN WHITE'S LETTER.**

Tarboro, N. C.

The Peruna Medicine Co., Columbus, O. Gentlemen: "I am more than satisfied with Peruna, and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all join me in recommending it as an excellent remedy."—Geo. H. White, Member of Congress.

**REMAINED IN PEEBLE HEALTH AFTER CURED OF LA GRIPPE.**

Mrs. T. W. Collins, Treasurer Independent Order of Good Templars, of Everett, Wash., writes:

"After having a severe attack of la grippe I remained in a feeble condition even after the doctor called me cured. My blood seemed poisoned. Peruna cured me."—Mrs. T. W. Collins.

**Pants by the Legs.**

A man who went to Providence the other day was amused to see this sign on the front of a clothing store: "Here is the place to buy your pants at two dollars a leg!" This method of offering trousers for sale must possess great interest for one-legged men and centipedes.

## LABOR NOTES

The number of men employed on British railroads is nearly 400,000, with wages aggregating more than \$125,000,000 annually.

Seybold & Dickstod, English manufacturers of crucible iron, are looking for a location in the United States to erect a \$3,000,000 plant.

There are 150 rubber manufacturers in the United States, employing 15,000 operators, who produce 280,000 tons of goods annually, valued at \$250,000,000.

Labor men in Vancouver, B. C., are urging the imposition of a heavy tax on male domestic servants, the object being to diminish the employment of Japanese and Chinese.

Union carpenters in San Francisco have fully demonstrated what can be done by organized labor when acting as a unit. They have a union planning mill in full operation, giving employment to 2,000 union men.

The Upholsters' Union reports that every shop in San Francisco has conceded the eight-hour day, and the union wage of \$3 per day is being paid. The union has affiliated with the American Federation of Labor.

At Troy a convention of delegates from various cities throughout the country met to organize a Laundry Workers' National Union. Seventy locals were represented and the new national body will number several thousand members.

A canvass of the cotton mill operatives in Augusta, Ga., shows that there are employed 449 children under 12 years of age, and of this number only 116 can read and write. This indicates that about 75 per cent of the white children of Georgia in the city cotton mills district are, under present conditions, condemned to live in total ignorance.

Abraham Lincoln was fearless in telling the truth, as he was in denouncing what was false and wrong. He made a speech in New Haven in regard to a shoemakers' strike at that place. The date was March 6, 1860. Two days less than a year afterward Abraham Lincoln was President of the United States. In that speech he said: "I am glad to see that a system of labor prevails in New England under which laborers can strike when they want to; where they are not obliged to work under all circumstances. I like a system which lets a man quit when he wants to, and wish it might prevail everywhere."

**GRAVE OF OLIVER GOLDMITH.**

It is Proposed to Erect a Monument Over the Poet's Last Resting Place.

There is a movement on foot in England to erect a monument on the spot that has passed as the last resting place of Goldsmith for many decades. In the Temple churchyard there is a plain stone slab shown in accompanying picture, which bears this simple inscription, "Here lies the body of Oliver Goldsmith," but it is a fact that the actual spot where the poet lies buried is not known. However, to this quiet spot in the shadow of the Temple church hundreds journey daily to pay sad tribute to the departed singer.

**Latest Bucket Shop Game.**

The "typewriter decoy" is the latest thing in Wall street confidence games. If you get a letter signed "Your own Carrie," addressed to you apparently by mistake, and telling you how to turn \$100 into \$1,000, believe it not. Such letters are being sent all over the country by a bucket shop man to persons who are likely to swallow the bait. He is Carrie. The prospective victim gets the letter in the business envelope of the bucket shop man. It is seemingly written by the firm's typewriter to her best young man and tells him how many people are getting rich by sending their money to her employers and how many thousands of dollars in profits she mails back to them each month. Under promise of secrecy she arranges to send him her savings, which he is to mail for investment under his own name and at the end of the month they are to be married and spend the profits on their honeymoon. The best thing about the "typewriter decoy" from the bucket shop man's standpoint is that the postal authorities cannot accuse him of using the mails to defraud.—New York World.

**Not the Same George Washington.**

A north Georgia weekly recently received the following letter: "Mule Skin, Ga.—Mr. editor: You sa in yore paper that George Washington never told a lie. Now he hex told a whole lot, and so des you. I rented land from him two year over on Ground Hog Creek and he hed me plum utter my fodder and yam taters. He haint got no cherry trees on his place nuther, so you see both of you's hex lyed putty koudrill. After that rent blains I kaint sa that I wood believe George Washington on oath. Yours, etc. "SID COOK."

**Sugar from Many Sources.**

Sugar is made not only from sugar cane and beet, but from sorghum (a sort of maize), from the sugar maple and from the date palm.

**Too Honest For Society.**

A demur little maid who has had much experience in society made the customary New Year's resolution at the beginning of the new century, but, unlike some of her sisters, announced her intention of using a good deal of flattery in her intercourse with her associates in the future, says a Chicago exchange.

"You may talk about honesty and sincerity all you wish," she said to a friend, "but neither of these qualities makes one popular. The popular girl is she who always has something nice to say whether she means it or not. Perhaps I've been a little too blunt in my frankness, but at all events the cooling dove couldn't be gentler than I will appear in 1901.

"Honesty is the best policy in business. In society I'm not sure it isn't the worst. As a preliminary and by way of practice let me tell you that you're looking remarkably well tonight. Your frock is a dream and your eyes are like stars. You're a delight to my eyes and the joy of my heart.

"Of course, I won't apply my compliments quite as thickly as that in the majority of cases, but I'm going to put in artistic touches whenever I think the subject will stand it." And then she dashed away, intent on her new rule and quite unconscious that her last words contained any reflection upon the sagacity of her listener.

**ONE DOLLAR PER PILL.**

Miss Netta Hixon Says the Remedy that Cured Her Would Be Cheap at This Price.

Cincinnati, O., Feb. 11, 1901.—(Special.)—Miss Netta Hixon is sergeant-at-arms of Camp No. 1, Patriotic Order of America. Her home is at No. 1717 Hughes street, this city. She is a very popular and influential lady. For three years she has been ill. Now she is well. She says: "I cannot praise Dodd's Kidney Pills too highly for what they have done for me. I was troubled for three years with weakness, and often had dizzy spells, so that I dared not go out alone. My head would ache continually for four or five days at a time, until life became simply a burden.

"All the medicine I took did me no good, until my physician advised me to try Dodd's Kidney Pills. I secured a box, and soon found that my headache was leaving me. I felt encouraged and kept on taking them and getting stronger. The pains gradually diminished, until I had used four boxes, and all trace of pain had gone. I am to-day a strong and well woman, thanks to Dodd's Kidney Pills. If the price was one dollar per pill, instead of 50c a box, they would be cheap compared with other so-called medicines placed before a suffering public." This is but a sample of the letters received every day by the hundred. They all tell the same story of sickness and soreness, changed into health and vigor by the use of Dodd's Kidney Pills. They never fail. 50c a box, six boxes for \$2.50. Buy them from your local druggist if you can. If he can't supply you, send to the Dodds Medicine Co., Buffalo, N. Y.

Henry VIII was the first English king to wear a pair of silk stockings.

**Steel Building for Mexico.**

A steel frame business house, belonging to the United States corporation, was recently dedicated in the City of Mexico. This is the first building of the kind erected in the United States to be erected there. The structure is three stories in height and was completely built in a little more than twelve months. About 1,000 tons of structural steel were employed in its construction. The outside finish is white stone from Real del Monte. President Diaz presided at the formal inauguration of the building.
