## Senator Harlan is being

ored quite favorably for senator from the South Platte conntry. Should D. E. Thompson withdraw from the rage, Senators Harlan
and Currie would make ideal mem bers of the United States senate, and their election would strengthen the republican party in the state With Senators Currie and Harlan in the United Stater senate the interests of both the west and east The The editor of the Sargent Now Era, boasts of drafting the resolu
tions adopted by the anti-fusion contereace held in this city rusion ly and suggest that the joint ference to be held on the 16th March, should deolare for sociat ism. Bro. One of the sardinal principals of the republionn party is that the ago when the senatorial wo year on at Lipceln, we argoed that the minority had no right to block the alection of M. L. Hayward, simply because they could. We favored the election of Hayward and opposed D. E. Thompanon be cause we believedhe was notentitled to the place, and farther becaus the majority of the republioan members of the legislature as well a the publie were for Hisy ward. Those now reeerving the majority are not our preference. But if auy one oandidate has the majority of the republioan membera for him the the majority no grounds to elaim preferencerity should yield their the legielature to now the duty of has the majority, elect the one that gard as to why, without any remay be, There is no seoond man why both should be elected reat ou ame ume. The ancus rulo garding such a course should reciaded and let there be a fair an their own merits.

This week ends the tirst term of
Wm, MoKinly. The record made has no paraliel since the organiza
tion of the government. Ont of misery bas come happiness. Finan oval distress has been succeeded by business activity and prosperity The millions of idie laborers hav been given work at remunerative wages. Instead of a deticit in na been the largest sanually of national histcry. Exports Amerioan goods bave increased from a third rate nation in the eati mation of foreign powers, we now rank among the firet. Our bound ories have extended into the inle o the sea and unto the orient. Our idle manufacturies have been put in tarted and all ourastries bave basiness is prcsperous. All kind of national currency have been maintained at par and the Americente anywhere in the world. eign trade bas increased, home congn trade has inoreased, home conall farm and factory products proved. With such a record conrasted with the foor years prehe only wonder is that everybody are not republiosns.
The People's Advocate, of Ansley las in addition to its other fallacies the rest of the calamity crowd. I harges that a protective tariff resposible for the existance of being robbed. Man by means of competition and the result was that strife and jealousy would drive the weaker out of business and the survivor would be so orippled that he barely succeeded afterwards. When capital ceased or fight itself and combined its interests it was enabled to engage ingigantic enterprises for the employnient of men and machinery bo duction and increse price of proabor. Not only has the system of combinations increased wages for the working men, but has nacreased increased consumption of the pro ductions of the farm and also incresses the price of tarm proiucts. Instead of trusts and combination being the creatures of a protectiv other politioal party, they are the legimate out growth of individua eaterprises and the only mission the government has with them control them. This the republiean party has provided for by enact rag national laws restrioting thei
