

The Process of Reasoning

is made very simple if you do your trading at our newly fitted, up to date, daylight store, 4 doors north of Broken Bow State Bank. Our buyer just recently returned from a very successful Goods buying trip east where he met the agents of the principal Eastern Manufacturers and Importers. The result is that we have just received and placed on sale the finest and most complete stock of goods that it has ever been our pleasure to place before the people of this community.

Laces, Embroideries, etc., Direct from the Importers of New York. Under Wear and Hosiery fresh from the Mills in Philadelphia and St. Joe. Mens and Boys Clothing direct from the Manufacturers of Chicago, Milwaukee and New York, and the prices will never stagger you.

We carry a splendid line of the celebrated Warner Rust Proof corsets, as well as many other popular brands—

WARNER'S RUST-PROOF
Erect Form Corsets,
Bicycle Corsets,
Summer Corsets,
Nursing Corsets.
Popular Goods at Right Prices.

The following extract from an eastern trade journal, will explain the condition in which we found the cotton goods market:

"Despite the apparent prosperity that surrounded the cotton goods industry, the buoyancy has left the market. The eastern mill district is again in the throes of overproduction, and a few weeks' shut down is to be inaugurated as a means of relief. It is certainly evident that the outlet for cloths in home and foreign markets has not kept pace with the output. More cloths are made than can be consumed and in the natural course of things the surfeit becomes a drug on the market.

We hit the cotton goods market just at this same druggy period, and our customers shall receive every benefit.

You can buy all brands of cotton goods from us at the lowest price ever reached. Best LL muslins at 4c, Standard Prints at 3 3/4c all the Best Brands of Fancy Dress Prints at 5c, a good 9 cent Shirting at 7c, yard wide Bleached Muslins at 6c, 7c and 8c.

A Satisfactory Kid Glove

at a moderate price, is hard to find, as every lady well knows, but the past year has demonstrated the fact the Glove here shown is the peer of any kid glove on the market.

WILSON & DRAKE.

Ortello News.
Millard Hill has a stiff neck for some cause
J. A. Moore is out again, after his sick spell.
The growler is around again; too much rain this time.
Mr. Henry Kelley of Anselmo was on our streets last Saturday. Still it rains, and it rains! What is the matter with Custer county?
J. D. Strong has gone to southern Missouri to look at the property he is on a trade for, this week.
Mrs. Phillip Johnson was visiting her son Jacob in Broken Bow last week.
J. R. Baker, D. C. Cass, J. M. Fodge and C. H. Cass were Merna visitors on Saturday.
Mr. J. J. Joyner was out in this end of the valley Monday looking for straw. His grandson, Harold Joyner is working for him.
S. K. Redman and F. C. Embree were at Anselmo Saturday night to help introduce J. C. Baker into the mysteries of the United Workman.
W. F. Blankenship has his wheat in at this writing. Owing to the four days of rain last week scarcely any others began sowing, in this valley.
We saw Mr. E. J. Pittaway in these parts last week. He was working in the interest of the Broken Bow Telephone Co., on the extension of the line from Merna to Anselmo by the way of this village. He reports the outlook O K and in the near future we hope to be connected with the outside world, in speaking distance at least.

Ryno.
Ryno, April 16, 1901.
Later-Snow has about dispersed, but the air is cold; prospects fair for better weather
E. W. Prettymen has taken charge of J. H. Prettymen's ranch, moving there yesterday.
Rye and grass are showing up fine and will make good pasture soon as we have settled weather.
J. D. Headley has rented the Burrell claim located two miles east of Ryno, and has built a house; he has also rented the N. J. Province claim adjoining on the east.
Cattle are in poor condition, shivering on the lee side of the wire fence; unless the weather improves there will be a big loss as fodder is getting scarce and cows are in poor condition, many calves dying.
It is said history repeats itself—wonder if the weather does! 1891 was a cold, wet and late spring, and old settlers inform us that 1881 was similar, followed with good crops. Hope it will be the same the coming season.
I am obliged to go to the month of January to describe the weather, this the 10th of April. Last week it rained almost continuously for threedays and nights and the ground is completely soaked; there is very little wheat sown yet and a good deal that is sown has not been cultivated in and farmers are fearful that it may sprout before they get it covered. Last Sunday was a beautiful day; sun shown brightly and the air was warm, but Monday was

cloudy and it commenced raining in the evening, continuing during the night, with distant thunders, with snow, this Tuesday morning wind in the north, air cold and wintry.

Westerville.
On Sunday evening, April 21, a special program will be given at the M. E. church, Westerville, commencing at 7:30. The first part will consist of a parable by the pastor, entitled "When Brother Brown of Westerville, goes to Anselmo to trade." The second part will consist of a discussion of the question "Resolved that foreign missions have been more beneficial than home missions." Affirmative—Mr. Chas. Saville and Mr. G. Holms. Negative—Miss Carrie Mills and Miss Elsie Saville. Miss Eba Welsh will preside.
Sunday, April 14, was an unusual day at Westerville, judging from the following: Four preachers at work, Revs. Mathews, Speece, Eastman and Case; five preaching services; five Sabbath schools and \$35.00 pledged for missions, with two appointments, not as yet heard from.

PUBLIC LAND SALE.
U. S. Land Office, North Platte, Nebraska.
Notice is hereby given that in pursuance of instructions from the Commissioner of the General Land Office, under authority vested in him by section 2425, U. S. Rev. Stat., as amended by Act of Congress approved February 28, 1895, we will proceed to offer at public sale on the 15th day of May, 1901, next at this office, the following tract of land, to-wit:
New 4, Sec. 24, T. 24 N., R. 24 W., and Sec. 25, section 21, township 16, north range 21, west.
Any and all persons claiming adversely the above described land are advised to file their claim in this office on or before the day above designated for the commencement of said sale, otherwise their rights will be forfeited.
Dated this 15th day of April, 1901.
Geo. E. Praxer, Register.

If a Woman

wants to put out a fire she doesn't heap on oil and wood. She throws on water, knowing that water quenches fire. When a woman wants to get well from diseases peculiar to her sex, she should not add fuel to the fire already burning her life away. She should not take worthless drugs and potions composed of harmful narcotics and opiates. They do not check the disease—they do not cure it—they simply add fuel to the fire.

Bradfield's Female Regulator should be taken by every woman or girl who has the slightest suspicion of any of the ailments which afflict women. They will simply be wasting time until they take it. The Regulator is a purifying, strengthening tonic, which gets at the roots of the disease and cures the cause. It does not drug the pain, it eradicates it. It stops falling of the womb, leucorrhoea, inflammation and periodical suffering, irregular, scanty or painful menstruation, and by doing all this drives away the hundred and one aches and pains which drain health and beauty, happiness and good temper from many a woman's life. It is the one remedy above all others which every woman should know about and use.
