Crops of all kinds in this vicinity are looking fine. Chinch bugs and grasshoppers are not in evidence enough yet to do much damage.

During a sharp electrical storm, accompanied by heavy rain, last Monday, a bolt of lighning struck the mill of R. H. Sargent passing down through the mill within four feet of where he was standing. Frank Christy was also in the mill. No damage was done except a hole in the roof and a splintered rafter.

On last Thursday H. G. Donnel started enroute to Brown county, Nebraska, with a bunch of cattle. He will leave them in care of Wallie Griffith during the season.

We were favored with a light shower last evening, reviving veg :tation. Crops are in fine condition; not much injured by insects, but it is only a question of time when they will be destroyed as bugs and hoppers are numerous. A number of the farmers will experiment with bugs. They have an abundance of supposed sick ones but the weather has been too cold and damp to put them out as the instructions are not to put them out under 70.

On last Wednesday as Mrs. Baker and Mrs. Browning, accompanied by several children were returning from Lomax, when near the Crewdson ranch their horse run away overturning the buggy and throwing them out, running a wheel over one of the children. Except a few bruises they were not any of them burt. The horse run through a wire fence, making kindling wood of the buggy, and cutting his breast and shoulders so bad that he had to be killed to end his misery.
