

Our Exchanges.

Ansley Citizen—

Miss Bessie Thornton, who has been sick with rheumatic fever for the last six weeks, is slowly improving. She expects to celebrate the Fourth of July in Ansley.

J. F. Sharpless has the finest piece of rye between here and Mason. We understand that it is the sixth crop of rye that has been raised in succession on the same land.

The Misses Lottie and Bertha Sims drove down from Berwyn Saturday afternoon to visit the Geeseman girls. Miss Jennie went home with them Sunday, returning on the train Monday.

Frank Ashworth, who resides north of Mason, received word that his son, Walter, who enlisted at Portland, Oregon, in Co. A., 26th infantry, was accidentally drowned while bathing at Manila.

Mason City Transcript—

Prof. J. E. Adamson, of Broken Bow, was in Mason City Monday, making some improvements and necessary repairs on his telephone system. Mr. Adamson is a wide-awake hustling business man, and is giving Custer county a splendid telephone system.

The old settlers of this township met in Mason City last Saturday and organized a society for the purpose of holding a regular yearly picnic, sometime about the first of September of each year. The society organized by electing T. J. Wood, president; O. H. Elton, vice president; J. T. Banning, secretary; John Mulvany, treasurer. A committee composed of James Lang, S. W. Weaver, Jacob Cover, Samuel English and F. Ashworth were named to draft by-laws. The meeting then adjourned to meet June 23, 1901. This society admits all settlers who resided in Algonon township in the year 1886 and before that time.

Ansley Chronicle—

A. H. Shoemaker, the genial manager of Conrad's windmill and pump warehouse, spent Sunday with his family in Broken Bow.

Charles Montgomery, night operator at this place, has been promoted to agent at Pringle, S. D. He packed his goods and shipped them Wednesday.

Myron Goddard, adopted son of Wm. Menary, met with a painful accident last Saturday afternoon, by falling from a wagon and a hind wheel passing over his head, inflicting two ugly gashes. He was carried into the home of Mrs. Preston and Dr. Young called to dress the wounds. Fortunately, however, the wagon was empty or the accident would have been very serious.

Last Sunday a Baptist meeting was held in Covers Grove at Algonon. Nearly 500 people were in attendance and twenty converts baptized. In the forenoon Rev. Case of Litchfield preached, and in the afternoon Rev. Wood of Mason City. A basket dinner was also an important part of the day's program. All who were present went home feeling that the day had been well spent.

Callaway Courier—

Mrs. B. H. Andrews left on Monday for a visit at her old home in Maine. She was accompanied by her daughter, Louise.

Arnold is to celebrate the Fourth in good style, and intends making Omaha and Lincoln ashamed of themselves on that day.

O. W. Barnard has accepted a position as advertising solicitor and collector on the Broken Bow Republican, and departed for that city last Monday.

Moss King, of Broken Bow, is treating the interior of the store building to be occupied by Thompson, Rublee & Stevens, to two coats of paint.

Frankie Conly, youngest son of Editor Conly, had his arm quite badly hurt while at a picnic one day last week. Dr. McNulty is treating the injured member.

Flag Day.

Tomorrow, Friday, June 14, is flag day. If nothing more is done in recognition of the day in Broken Bow, the public buildings, private and business houses should be decorated with the emblem of our country. Friday, June 14, 1777, congress enacted the law providing that a flag with thirteen stripes, alternate red and white; that the union be thirteen stars, white, in a blue field. One star has been added since for each new state and now we have forty five.

The school houses, court house, hotels and business houses that can provide for the occasion should have the flag floating all day from the mast top.

Annual School Meeting, Monday, June 24, 1901.

Office County Supt. BROKEN BOW, NEBR., JUNE 12, 1901.

To School Officers and Patrons: The annual school district meeting will be held on Monday, June 24. Every patron and taxpayer should attend the meeting this year and take part in its deliberations. You will among other things be called upon to decide by your votes, the questions of putting our new high school law into operation in the county. This is perhaps the most important matter that will come before the meeting this year and the responsibility for the result should not be thrown upon the few but all should express themselves upon it.

This law provides that a vote shall be taken in each district of the county, with the exception of the high school districts, upon the proposition to establish what is termed an adjunct district for taxing purposes. The result of the vote is certified by the moderator or chairman of the meeting to the County Superintendent. If, when the total vote upon the proposition is canvassed it is shown that a majority favor the establishment of such adjunct district the fact is certified to the County Board of Supervisors and a levy of not to exceed two mills is made upon the assessed valuation of all property in the county, not included in high school districts. From the fund raised by such levy the tuition of non-resident pupils in the high school is paid. The rate of tuition is fixed at seventy five cents per week. When this adjunct district has once been formed it may be discontinued in the same manner as established—by a majority vote at any subsequent annual meeting. The legislature has very wisely left the settlement of this question with those who are to be benefited by its provisions and who are also to be taxed for its maintenance. We should therefore weigh the matter carefully and express ourselves by ballot at the annual meeting.

The only districts in the county recognized as high schools within the meaning of the law by the State Superintendent are; Broken Bow, Callaway and Ansley. I trust that a full vote may be recorded upon this question on the 24th inst.

The convention of school boards and patrons, which has been a prominent feature of our institute, during the last two years will be held this year on Saturday, July 27. At this meeting we wish to discuss the question of grading more closely our country schools in accordance with our state course of study; plans for enforcing our new compulsory attendance law; text books and various other questions of vital importance. School officers and patrons are not only cordially invited, but urged to attend. The program will be announced later.

The state superintendent informs me that the new edition of school laws will be out about July 1st.

With best wishes for continued progress in our schools, I remain, Yours Truly, J. J. TOOLEY, County Supt.

P. S. Officers receiving these circulars are requested to distribute them among their neighbors. J. J. T.

National Suffrage Convention Notes.

The National American Woman Suffrage Association just closed a very successful six days C. convention at Minneapolis. Noted women from nearly every state of the Union were there some whose names have become familiar to the public for thirty years in connection with this great cause of individual liberty. Susan B. Anthony, Rev. Olympia Brown, Rev. Anna Shaw, Rachael Foster Avery, the three Clay sisters, direct descendants of Henry Clay, and the one man who has made Women Suffrage the paramount work of his life time and at seventy five is as ardent a believer and worker for the enfranchisement of women as he was fifty years ago, Harry B. Blackwell of Mass., husband of Lucy Stone. It was found that Nebraska stands fifth in enrolled membership, the list being: New York, Mass., Penn., Iowa, Nebraska; that she is third in increase of members overlast year and because of her good organization and promising condition she is to be made a special field of labor during the present year. We are to have a number of conferences this fall, when Mrs. Chapman Catt, our National President, will give us two weeks of her time and hold meetings in a number of the larger towns of the state, closing with the state convention; when and where this convention will be held will be decided later.

Of the eleven delegates due Nebraska, ten were present. In the matter of attendance, Iowa gave the largest showing, all of her fifteen delegates being present and thirty-five visiting Iowans, who

were not delegates. She is to come in for a share of attention and will receive aid from the National Association in the way of speakers for her fall campaign.

One of the grandest orators on the platform today is our national president, Carrie Chapman Catt, and we hope that Broken Bow may be so fortunate as to secure at least one appointment from her this fall while she is in the state.

CLARA A. YOUNG, Pres. Neb. W. S. A.

SUMMER SCHOOL NOTES.

Total enrollment on the third day of the Summer school session, 73.

Prin. G. E. Bogge of the Gibson Business College visited us Wednesday.

Mr. John Bailey is a No. 1 janitor. All Bells are rung promptly on time.

Students in attendance show a desire to become the best in the teaching profession.

Visitors are welcome at any hour and on any day. The daily work begins at 7 o'clock a. m.

The attendance this year is larger than in the corresponding week of any previous summer school.

Arrangements have been made for several lectures during summer school. Announcements will be made later.

Supt. J. J. Tooley spoke to the students Monday morning on the subject of agriculture.

Miss Jessie Nixon of Cozad, Neb. who was in attendance at the Summer school was called home Wednesday. Her sister is seriously ill.

The instructors and teachers attending, value very highly the appreciation, and hospitality of the Broken Bow people. Broken Bow is a leading educational city of central Nebraska.

Rev. Geo. R. Boomer conducted chapel exercises Monday morning and E. A. Knight, on Wednesday morning. Both gentlemen gave interesting talks to the teachers after chapel exercises.

A WORTHY SUCCESSOR.

"Something New Under the Sun." All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and guggin paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powder acids used in the inhalers have even been away the same tremble as their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years used a close study and specialty of the treatment of CATARRH has at last perfected a treatment which when faithfully used not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing the inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. To California in July. Make up your mind to go to San Francisco in July and you will go. That's almost as sure as two and two make four. Another thing equally sure is that you will never have a better opportunity of visiting California. Rates have now been reduced to a point within reach of almost

everyone. For example, the cost of a round trip ticket from Omaha to San Francisco is only \$45—less than the regular one-way rate.

Correspondingly low rates from all other Burlington Route stations. The trip to California and the month you will spend there will constitute a holiday surpassing any in your experience. Exercise good judgment and a hundred dollars will cover every expense of the trip—railroad fare, sleepers, side trips, and a month in California.

Write for a copy of the Burlington's Epworth League folder—gives full information about the meeting, cost of tickets, through cars, stop-overs, etc.
