That the Assessor for Broken Bow City assessed him with 36 horses in said city.

That the assessment should have been made as follows to-wit: 1 horse in Broken Bow city, 6 horses and 22 mules in Broken Bow Township.

AT REST FROM GRIEF, PAIN AND SORROW

Kind friends of Custer County, Nebr., and dear relatives who may be located elsewhere, it becomes my sad duty to write this short sketch as a memorial of our dear mother, having been disappointed in getting the one to do it for us to whom we made special request. Believing the noble life of this, our departed loved one is worthy of public mention, and yet no words that we have ever spoken or written bring such deep and abiding sorrow, as these words. "Our dear mother is dead."

Mary Elizabeth Woodley was born in Guilford County, North Carolina on December 9th, 1821. Died in Custer County, Nebr., May 25th, 1901, aged 79 yrs, 5 mo and 16 days, after an illness of over ten months, having had a light stroke of paralysis last July from the effects of which she never fully recovered. The last ten weeks of her life was wrought with intense suffering, being unconscious the greater part of the time and as helpless as a babe. Though she did not murmur or complain, she was ready, waiting and willing to go, after a long, active and useful life. Her work had been finished. She only awaited the summons that would call her home to that happy place she talked so much about during her sickness. Her faith was deeply rooted and grounded in God and the Bible. She was a constant reader of that precious book as long as she could possibly see to read, and after her eye sight became too dim, she enjoyed having the Bible read to her. She has read the whole Bible through no less than 20 times; the New Testament no less than 50 times.

She was converted and joined the Methodist Episcopal Church South in the year 1857, and was a member of that denomination until the year 1866 when she with her two children emigrated to Delaware county, Indiana, having been left a widow as a result of the terrible civil war. She was known and recognized during the civil war in the south as "The Lincoln woman" being conscientious and loyal to the Union. She moved from Delaware Co., Indiana in 1870 to Huntington Co., Indiana. She there became identified with the "United Brethren in Christ, and lived a consistent member of that church until she was called to the church triumphant. She came to Custer County in the year 1885 and was a resident of this county until her spirit was called to that heavenly country. The deceased was the last one of a family of twelve children, all the rest having preceded her to the spirit world, where the happy reunion of earth's departed loved ones shall take place, when the roll is called up yonder. Belong the mother of only two children, who are left to mourn their great loss of the truest and best friend of earth, a loving, tender, kind and precious mother, Claudia A. E. Williams of Warren, Huntington Co., Indiana and G. R. Russom of Custer County, Nebraska.

The funeral services were conducted by Rev. Myers of Broken Bow and Rev. Richard Gift of Custer Canyon, Rev. Gift having known her for 35 years. Services were held at the Custer Center Sod Church, being the largest funeral

attendance ever held at the above place. That precious form we had so long recognized as our own sweet, precious mother was taken by loving, tender hands and placed in its final resting place in that silent home among the sleeping dead in Custer Center cemetery. Though her spirit has taken its celestial flight, that swelling mound in yonder cemetery will ever be a sacred spot as long as our eyes shall be permitted to look upon it. We miss her in the home circle as only those who have been called to say farewell to a dear, loving mother can, or ever will know. But this we know, she sweetly rests in the Heavenly Paradise of God.

REST.

Beautiful toiler thy work all done, Beautiful into glory gone, Beautiful life with its crown now won, God giveth thee rest. Rest from all watching and sorrow and tears, Rest from all possible fighting and wars, Rest through God's mercies wonderful years, At home with the best.

Beautiful spirit free from all state, Our's the heart ache, the sorrow and pain, This is the glory and infinite gain, Thy slumber is sweet. Peace on the brow, and the eyelids so calm, Peace in the heart, in all the white folded plan, Peace with the angels, a wonderful plan, Thy peace is complete.

Farewell, dear mother, our white lips said, How we shall miss her, the beautiful dead, Who took the place of the precious one that died, But God knoweth best. Our hearts are sad as we think in that chair, And feel that her love we all may still share, In that home of sweet rest.

G. R. RUSSOM.

WOMAN

IS LIKE A DELICATE MUSICAL INSTRUMENT

In good condition she is sweet and lovable, and sings life's song on a joyful harmonious string. Out of order or unstrung, there is discordance and unhappiness. Just as there is one key note to all music so there is one key note to health. A woman might as well try to fly without wings as to feel well and look well while the organs that make her a woman are weak or diseased. She must be healthy inside or she can't be healthy outside. There are thousands of women suffering silently all over the country. Mistaken modesty urges their silence. While there is nothing more admirable than a modest woman, health is of the first importance. Every other consideration should give way before it. Bradfield's Female Regulator is a medicine for women's ills. Its steadfast quick-acting way to cure leucorrhoea, falling of the womb, nervousness, headache, backache and general weakness. You will be astonished at the result, especially if you have been experimenting with other so-called remedies. We are not asking you to try an uncertainty. Bradfield's Regulator has made happy thousands of women. What it has done for others it can do for you. Sold in drug stores for \$1 a bottle.

A free illustrated book will be sent to all who write to THE BRADFIELD REGULATOR CO. Atlanta, Ga.

It isn't the material that goes into your repaired watch that results in a perfect job, it is the Know How

that does the business, any bungler can buy the fine kind of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.
