THURSDAY, JULY 18, 1901.

Call for County Convention.

The electors of the republican party of Custer county, Nebraska, are hereby requested to elect and send delegates from their several townships to meet in delegate convention at Broken Bow, Nebraska, Saturday, August 10, 1901, at 10 o'clock a. m., for the purpose of electing delegates to the State convention to be held at Lincoln August 28, 1901, and also for the purpose of placing in nomination a full county ticket to be voted for at the general election in November, 1901, as follows:

County Treasurer, County Clerk, County Judge, Sheriff, Superintendent of Public Instruction, Register of Deeds, County Surveyor, County Coroner, and to transact such other business as may come before the convention.

The basis of representation will be one delegate for every ten votes and five or major fraction of ten cast for Hon. E. Royse, republican presidential elector in 1900, and one delegate-at-large from each township, which gives the following delegation by townships:

Table with 2 columns: Township Name and Number of Delegates. Includes Algonquin, Ansley, Arnold, Broken Bow, etc.

It is recommended that the township primaries be held on Friday or Saturday, August 2nd or 3rd, 1901.

It is also recommended that no proxies be allowed, but that the delegates present cast the full vote to which the township is entitled.

It is also recommended that the various townships comprising the supervisors district, in which an election is to be held this year, elect delegates to the supervisor's convention, to be called later.

It is also recommended that the township committeeman be elected to hold his office until the close of the general election in 1902, and that term of each future committeeman commence immediately after the general election.

ALPHA MORGAN, Chairman. D. M. AMSBERRY, Secretary.

The republican state convention has been set for August 28.

The republican county convention has been called to meet Saturday, August 10.

W. B. Eastham says the democratic county convention will be held in September.

The republican primary in Broken Bow precinct is called for Monday, August 6th, at 2 o'clock at the court house.

The Younger brothers have been pardoned out of the penitentiary in Minnesota, after serving twenty-five years of a life sentence.

The Ansley Chronicle is authority for the statement that J. W. Craig of Westerville, will be a candidate for sheriff before the republican county convention.

Judge H. M. Grimes of North Platt, is being spoken of as candidate for member of the Nebraska supreme court. The judge stands high in this vicinity and would be a strong candidate.

Col. Bryan and his St. Louis platform were repudiated by the democratic state convention in Ohio last week. How the mighty has fallen. The colonel will now seek consolation of the pops.

Another legacy of popocratic rule which the present administration must settle is the collection of accounts aggregating over \$10,000 due from prison labor contractors.

The spots where popocratic reform actually struck in are found to be few and far between—Bee.

The court sitting in Kearney county made very short shift of Treasurer Norliff, the confessed defaulter. A fine equal to half the amount stolen, or \$5,000 and six months in the penitentiary, is the penalty. If any other trust officers in Nebraska are inclined to go and do likewise they should take a day off to read up on the old adage that "honesty is the best policy."—Kearney Hub.

"Economic Aspects of Reciprocity," comprising two lectures delivered by John Young, before the College of Commerce of the University of California, has just been issued in document form by The American Protective Tariff League. Two copies sent to any address for three cents. Ask for Document No. 49. Address, American Protective Tariff League, 135 West 23rd Street, New York.

Another "reformer" has gone wrong. On the night of June 27 an attempt was made to burn the court house at Minden and the county treasurer said he had been assaulted and about \$9,000 of the county money taken. He has now confessed that he took the money and set the fire to hide his guilt. He took the officers out in a cornfield and dug up \$6,775 of the stolen money. The court house in Hamilton county burned under very similar circumstances a few years ago.—Osceola Record.

The fusionists ringsters seems to have overlooked some of their faithful members in apportioning out the candidates for office. There are several who have been with the movement from the first who have not been rewarded, while others less faithful have been favored time and again and are again slated for a fat position. An instance in point is that of county judge. Such men as Jesse Gandy who commenced to beat the drum for populism in its palmy days. When the Cat creek band and Huse Brown were in evidence at every school house and on every street corner, crying "down with the capitalists," "burn the banks and burn the bonds," Jesse was either there or had his base drum in the front ranks. Others less faithful have fattened at the public crib while Jesse has been put off with broken promises. In all fairness, we think, before any person is taken up, Jesse should be remembered. He has been admitted to the bar and has won a number of cases in court, showing his ability for the position of county judge on the fusion ticket. Yet he has been completely ignored by the ringsters and he has not been given a friendly mention. He would make an ideal pop officer in any office and we insist that unless he is placed on the ticket this fall that the party will be guilty of rank injustice.

The conditions of the crop are anything but flattering in this county at the present time. The spring wheat is practically destroyed by the chinch bugs and the oats are being damaged by the grasshoppers. The corn is in a healthy state and could stand another week or ten days of excessive heat, such as we have been enduring for the past two weeks, but in many fields the chinch bugs have left the wheat and have commenced destruction of the corn. Where wheat fields were next to the corn this is invariably the case. Some fields are afflicted worse than others. Farmers have resorted to various methods to stop the invasion of the bugs, but as yet nothing has proved entirely successful. Fortunately there are a number of cornfields where there is no wheat close and they have no chinch bugs. As much of the corn is tasseling unless a good rain comes soon the yield will be greatly lessened. Those who had winter wheat or rye are more fortunate as it was harvested before the chinch bugs got in their work. Hereafter most of the wheat sown in this county will be sowed in the fall. There are a

good many of the farmers who declare that they will sow no more wheat but will give their time to corn and stock. While some will increase their dairy stock and give their attention more to dairy farming.

Joe Bartley Out on Parole

The Sunday papers announced that Gov. Savage had paroled Joe Bartley, the ex-state treasurer defaulter, for two months. He had been sentenced by Judge Baker to the penitentiary for twenty years and had only served or four years of the time.

The governor intimates that the conditions on which the parole was granted will bring about a restitution, at least a part of the funds embezzled, yet he does not so explicitly state. This would imply that his parole is in the nature of a business proposition, which the governor thinks the people of the state will approve, if the conditions are complied with. As the parole is only for two months, if the conditions are not complied with, Bartley can and no doubt will be returned to the penitentiary. From the standpoint of mercy, and business, the governor's action will meet the approval of a large element of the state, but from a political view it was not good policy. Yet the courage of a man who can rise above policy and public opinion to do what he believes is right and for the best interests of the public is to be commended. There has always been a general belief that Bartley was not alone to blame. This act of the governor may result in determining more on that line.

County Central Committee Meeting.

The Republican County Central Committee met in the office of Morgan & Skillman last Saturday afternoon.

The meeting was called to order by Chairman Morgan. The attendance was the largest had for years. The date of the County convention was set for Saturday, August 10, at 10 o'clock a. m., at Broken Bow. The basis of representation for the election of delegates was one delegate-at-large from each precinct and one for every ten votes and five or major fraction of ten cast for E. Royse at the last general election. It was recommended that the primaries in the several precincts be held on Friday or Saturday previous to the county convention, as the committeeman in each precinct may deem best.

On motion it was decided that the delegations present at the convention from the several precincts be authorized to cast the full vote of the delegation from their respective districts, and that no proxies be allowed.

The following resolution was adopted:

WHEREAS, It has been the custom in former years to elect the committeemen from the various precincts at the time of holding the primaries and their term of office to commence at the close of the convention; and

WHEREAS, We believe it for the best interests of the party and that better work can be accomplished if said committeemen would have longer time to get acquainted with their duties; therefore, be it

RESOLVED, That we recommend that the committeemen elected this year hold over until after the general election in 1902; and that the term of office of their successors elected at the primaries in 1902, commence on the day after the election in 1902.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail. —Mrs. Curtis Baker, Bookwalter, Ohio. THE HOME GOLD CURE.

An Ingenious Treatment By Which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakening of the Nerves. A Pleasant and Positive Cure For the Liquor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison and nerves completely shattered by periodical or constant use of intoxicating liquors, requires an antidote capable of neutralizing and eradicating this poison and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to the directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober, industrious and upright men. Wives Cure Your Husbands. Children Cure Your Fathers. This remedy is in no sense a nostrum but is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "Cure" administered by loving friends and relatives without their knowledge in coffee or tea, and believe to-day that they discontinued drinking of their own free will. Do Not Wait. Do not be deluded by apparent and misleading "improvements." Drive out disease at once and for all time. The "Home Gold Cure" is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50.
