BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, AUGUST 8, 1901.--EIGHT PAGES.

NO. 8.

It is not generally known that the eminent Ben Franklin was the inventor of the double or bi-focal spectacle lens, which is now coming into such general use for those who have passed the meridian of life. I fit the bi-focal in all the many different styles. I have one special bi-focal arrangement that has never been excelled for glass ease, and the preservation of eye sight. It comes nearer being the natural eye than anything in the way of a glass.

We are authorized to announce Dr. H. E. Potter as candidate for coroner, subject to the action of the republican county convention. Dr. Potter is a graduate of the University of Kansas City class of 1898. He is county physician of Custer county and the junior member of the firm of Pennington & Potter. He is a good citizen and well qualified to fill the position to which he aspires.

Rev. Hornaday, the most widely known minister of this part of the state, who is spending a two weeks vacation in this county, has been prevailed upon to preach at Westerville next Sunday. In order to accommodate the large crowd expected, the meeting will be held in John Welch's grove, beginning at 10 o'clock a. m., with an old fashioned love feast. The meeting will continue all day and evening. Bring your dinner baskets well filled.

A number of localities have been favored with rain the past week in this county, but in this immediate vicinity there has been no more than a sprinkle. The corn is still holding out remarkably well. The early corn where, properly cultivated will make a fair crop, but a rain soon would greatly improve it. The late corn will not make much unless it gets rain soon. The growth of the stalk is larger than last season and will provide an abundance of roughness if taken care of.

Col Talbot was down yesterday after repairs for his mower, which has been giving him a lot of trouble.

We understand that Con Gibson of Ansley, will be a candidate for county treasurer subject to the republican convention.

Ed. Dagget has a position in Ed McComas's drug store. Ed is an industrious young man and we will be pleased to see him succeed.

The old settlers meeting of the southeast quarter of the county is announced to be held in Hall's grove at Mason City, Thursday Sept. 5.

G. W. Apple has built quite an addition to his house, which very much improves it in appearance as well as increases the room and convenience.

Dr. E. M. Hoagan, the dentist is in his business to Dr. Farnsworth of Grand Island. Mr. Hoagan left Saturday morning for his former home in Iowa.

W. S. Amberry, the older son of ye scribe, has recently been promoted to the position of cashier for Sheridan Wyoming and Billings Montana for the B. & M. R. R.

Mrs. Daisy Coon, of Merna is at the Broken Bow hospital for treatment. We understand that a surgical operation was performed Monday by Dr. Mullin and that prospects are favorable for her recovery.

Will Cross and Miss Stauden, daughter of W. E. Stauden were married Monday afternoon at the office of the county judge, Judge Armour officiating. The Republican extends congratulations to Mr. Cross and his bride and wish them happiness and prosperity.

In electing delegates to the county convention Monday in this city, Dr. Bass, Rev. Knight, I. A. Renaud and L. Herach were a tie. As but three of the four were necessary to make the number to which Broken Bow was entitled they cast lots to determine which of the number should be left off the delegation. Mr. Knight held the blank number.

Fred Mandick's meat market was entered Sunday night, by the back window, and relieved of \$25.00 cash. Suspicion rested on Roy Beal and Hi Palmer, two boys who had been seen together late Sunday night by the night watch. Marshal Lowley put the boys, Monday afternoon, through the sweat box, when young Palmer confessed and turned over to the marshal \$20.00, stating that was all he got. Palmer insisted the Beal boy had nothing to do with it and he was released. Palmer gave bond for his appearance today when the case will be heard before Judge Armour. As Palmer was not acquainted with the interior of the shop, the refrigerator where the money was left, it is thought that he was not the instigator of the theft, which the trial may develop. The same building was entered two weeks previous but the party or parties failed to find the money.

Last Saturday evening about 5 o'clock Mr. Bivens, who resides a few miles northwest of Westerville, met with a peculiar accident the real cause no one knows. He was repairing a fence when something struck him in the face, knocking him down and rendering him unconscious. No one was near at the time and he lay in that condition until 8 o'clock when a member of the household found him. The left side of head was black and blood oozing from his eye. A storm was in progress at the time and it is surmised that he was struck by lightning.—Ansley Chronicle.

The Burlington ball team returned home Wednesday morning. The game at Havelock last Saturday which resulted in a defeat of our boys by a score of 17 to 9 was a very poor game so the boys report and among the many things a visiting team has to contend with Havelock had about the poorest excuse of an umpire the boys had ever run up against. They stopped at Broken Bow Monday and Tuesday winning the first game by a score of 3 to 1 but lost the second game by a score of 13 to 14. The first game at Broken Bow was the prettiest and quickest game played by the team this year lasting one hour and ten minutes and was an errorless game. The boys report a warm time and the hospitality of the Bow people with such that the Alliance boys will ever have a warm spot in their hearts for the citizens of that enterprising city.

A dance both nights given in their honor and the many other courtesies extended to them were very pleasing and the boys can't say anything too good for Broken Bow and her people. Return games will be played in Alliance in the near future when our boys will show them how they play ball at home.—Alliance Grip.

We are authorized to announce John Benjamin as a candidate for county clerk. He is a son of ex-Judge Benjamin and was a member of company M. of the First Neb., and made a good record as a soldier. Should be the choice of the convention and the people he would doubtless make a good county clerk.

One of the amusing things in politics is to see the inconsistency of some people. Men who never contributed a penny to the support of their home paper, but support an opposition paper, very suddenly change front when their is something in the party they want. The editor is just the fellow they seek to secure help from. They seem to think that he publishes his paper solely for glory. They do not seem to realize that it is through the loyalty of the newspaper of his party that its principles have been maintained and made it possible for the position he covets to be obtained. Politically that class of people ought to be black-listed by every loyal partisan.

From a religious stand point they should be treated otherwise. When they demand our cloak we are taught to give them our coat also, and that is the proper spirit. But from a financial, political and practical standpoint how long could a newspaper or a political party be maintained should one always reward his enemies and ignore his obligations to his patrons and friends. In this campaign the Republican has made political announcements for more than one who are not subscribers, and some who have never contributed to its support in word or deed but are subscribers to papers that are not republican. We are of the opinion that such persons should pick where they scratch. If the Republican is not worthy their notice when there is no office in sight they should not have offices that have been made possible by the tireless and loyal work of the republican papers of the county. The same principle should prevail with the newspapers of all political parties. Those who do not contribute to the support of their local political organ are not entitled to positions of honor and trust.
