

Some of the Attractions You will See

AT

THE COUNTY FAIR

At BROKEN BOW, SEPT. 25-6-7, 1901.

THE RACE PROGRAM

Comprises some splendid events with good purses. Many horses have for weeks been training for the fair, and a good many horsemen from a distance have signified their intention of coming here. The fact that many fairs over the state have been declared off on account of the short crops will make the racing feature of the Custer County Fair better than it has been in many years. The big racing days will be on Thursday and Friday.

THE BALLOON ASCENSION.

The managers of the fair desire to personally guarantee the balloon ascension, as the greatest attraction of its kind in this entire country. It is the most expensive affair the agriculture society has ever secured and it will consequently be the best. The aeronaut contracted with is Prof. W. A. Ward, acknowledged by management of parks, summer resorts and state fairs all over the land to be one of the very best balloonists the county has to-day. In 1893 Prof. Ward gave a balloon ascension on the fair grounds at Broken Bow and we tell you the truth when we say that of the many so called balloon ascensions in years past this is the only successful one that Custer county has ever had. Those who attended the fair eight years ago will bear out this statement. Prof. Ward has followed the balloon business ever since, in fact he has done nothing else for 20 years and he has added many new features. He has the reputation of going higher before making his parachute leap than any other aeronaut in America. In fact he always reaches the clouds before he jumps to the earth. In making the ascent he takes up chickens, pigs and dogs and drops them in little parachutes. This attraction is genuine and if you attend the fair on Thursday and Friday you will see it.

THE AUTOMOBILE RACE.

This is positively the newest attraction in the west and we believe it is the first automobile race in the state. The best part of it is that we do not have to go out of Custer county for this attraction. The exhibition and race will be between the automobiles owned by Dr. Pennington and Mrs. F. H. Young, both of this county. The automobiles are of different makes and are brand new and just from the factory. They are powerful vehicles, having a high speed and both will be manned by automobile experts. Both of these vehicles can be seen on the streets of Broken Bow every day and they have attracted wide spread attention. The companies who manufacture these machines are interested in this contest and the distance of the race has not been fixed. It is expected that the race will be either half a mile or a mile. The exhibition will take place on Thursday and Friday.

PREMIUMS and EXHIBITS.

We call attention to the liberal premiums which the society offers this year. While our people should be public spirited enough to bring in good exhibits without regard to how much money they can get out of it, yet the premiums are better in Custer than in almost any other county in the state. In horses we offer \$200, and in cattle \$200 while in farm products \$200 are put up for you to compete for. In the department of farm products we especially call your attention to the premiums of \$20, \$15, \$10 and \$5 for the best collection. The party making a collective exhibit can also enter all articles for individual premiums. The ladies will find a long list of premiums in needle and fancy work, culinary and fine arts. The children will find good premiums in school work. The poultry department is good this year. In fact you can find inducements to exhibit anything you have from your pretty baby to your well kept driving team. If you have fine horses, cattle or pigs to sell put them on exhibition at the fair. That's what the fair is for.

AMUSEMENTS and SPORTS.

In addition to the big program of horse racing to take place on Thursday and Friday a very complete program of other amusements is arranged, comprising bicycle races, foot races of all kinds, ring sparring, tug of war and a long list of amusing contests.

ADMISSIONS.

Single admission to the fair is 25 cents. Family tickets good for the fair for man, wife and children under 15 years \$1.50. No charge is made for teams or saddle horses to enter grounds. Where can you get more for your money?

THE STREET FAIR AT NIGHT.

On Thursday and Friday nights a street fair up town will commence at the close of the program on the grounds. This will be a warm proposition and it will be as free as the air you breathe. The streets will be illuminated for the occasion. Open air shows, tent shows and other shows will be in progress. A bowery dance will be touched off, merry will go round, the battle of Contetti will be on and the grandest display of fire works seen since 1776 will be sent up.

The officers of the fair are:

- J. O. Taylor.....President
- Thos. Finlen.....Vice-President
- E. R. Purcell.....Secretary
- W. D. Blackwell.....Treasurer
- F. W. Hayes.....Supt. of Speed
- Geo. Palmer.....Starter
- A. E. Hanna.....General Supt

"Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holliday, of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." Sold by J. G. Hasbeler.

was loved by all who knew her. Although stricken down in the prime of a most promising life, yet the great God who rules over all knows best and "thy will, not ours be done." "The Lord giveth and the Lord taketh away. Blessed be the name of the Lord."

"Tis hard to break the tender cord,
When love has bound the heart.
'Tis hard so hard to speak the word,
Must we forever part?
Dearest Emma, we have laid thee,
In the peaceful grave's embrace,
But thy memory will be cherished,
Till we see thy heavenly face.

Call not back the dear departed,
Anchored safe where storms are o'er,
On the border land we left them,
Soon to meet and part no more,
Far beyond this world of changes,
Far beyond this world of care,
We shall find our missing loved one,
In our Father's mansion fair.

One by one earth's ties are broken
As we see our love decay;
And the hopes so fondly cherished
Brighten but to pass away.
One by one our hopes grow brighter
As we near the shining shore;
For we know across the river
Wait the loved ones gone before.

Jesus, while our hearts are bleeding
O'er the spoils that death has won,
We would at this solemn parting
Chimely say—"Thy will be done."
Though east and west, we're not forsaken
Though parted, not alone,
Thou didst give and, Thou hast taken,
Blessed Lord, "Thy will be done."

PURE extracts at J. C. Bowen's.

The laws of health require that the bowels move once each day and one of the penalties for violating this law is pain. Keep your bowels regular by taking a dose of Chamberlain's Stomach and Liver Tablets when necessary and you will never have that severe punishment inflicted upon you. Price, 25 cents. For sale by J. G. Hasbeler.

It isn't the material that goes into your repaired watch that results in a perfect job, it is the know how

that does the business, any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.
