

BREAKS WITH THE TURK

French Ambassador at Constantinople Moves Out.

PORTE FAILS TO KEEP PROMISE.

Turkish Ambassador Telegraphed Not to Return to His Post in Paris Now That Proceedings Have Gone So Far—Constans Starts for Home.

Paris, Aug. 28.—A semi-official note has been issued, announcing that the port, not having carried out its undertakings with regard to the disputed questions between the French and Ottoman governments, M. Constans, the French ambassador, acting under instructions from the foreign minister of France, left Constantinople Aug. 26, the date named in his last communication to the port on the subject.

An arrangement had been effected Aug. 17, and its terms drafted by the Ottoman foreign minister, with the approval of the sultan, who had promised M. Constans that the text should be handed to him Aug. 18.

M. Constans telegraphed to Paris Aug. 19 that none of the promises had been fulfilled, and M. Delcasse, minister of foreign affairs, Aug. 20 telegraphed M. Constans that, in view of so flagrant a disregard of the understanding, the negotiations could no longer be continued, and asked M. Constans to inform the port that he had received orders to leave Constantinople.

On Aug. 23 M. Constans communicated with the port, fixing Aug. 26 as the date for his departure, and as the engagements were still unkept, M. Constans left Constantinople Aug. 26. With the departure of M. Constans the relations between France and Turkey may be regarded as broken off. Munir Bey, the Turkish ambassador to France, has been telegraphed not to return to Paris.

STRIKERS WIN AT IRONDALE.

Recently Opened Plant Closes Down. Many Street Fights.

Pittsburg, Aug. 28.—Practically the only significant position in the strike yesterday was the stand taken by the American Tin Plate company relative to its course in the future. An official statement from this company denies that there are any negotiations on foot looking to a settlement of the strike and authorizes the statement that mills put into operation during the strike will be continued nonunion. The strikers have scored a victory at Irondale, O. At this place the American Tin Plate company was compelled to close down its recently opened plant for lack of men to operate it.

The day was full of excitement in the little village and the inhabitants were wrought into a state of excitement bordering on terror by street fights. The first fight took place in the morning, when five nonunion men left their homes and started for work in the mill. On the main street they were met by a party of about 30 strikers, who by moral suasion tried to get them to desist from their determination to go to work. When this failed, a stronger argument was used and the men were given a drubbing and driven back to their homes.

ANOTHER STRIKE IN SIGHT.

Sunday Big Four Miners at Pittsburg, Kan., Quit Work.

Topeka, Kan., Aug. 28.—Next Sunday will probably see the inauguration of a strike in the Big Four coal mines at Pittsburg, Kan. Recognition of the Miners' union and not wages, is the point at issue. In the neighborhood of 2,000 men will be affected. State Labor Commissioner Johnson says there is little prospect of an agreement being reached and he expects to see the mines shut down next week. The Big Four companies last week submitted an ultimatum to the miners, notifying them they would refuse to recognize the union.

Schwab Buys Bethlehem Steel Plant.

Philadelphia, Aug. 28.—The Bethlehem Steel company, which also includes the Bethlehem Iron company, yesterday passed into the hands of Charles M. Schwab. A check for \$1,032,000 was deposited with the Girard Trust company by Drexel & Co., in payment of 168,000 shares of Bethlehem steel stock. The total number of shares in the company is 300,000. Immediately after the receipt of the check a new board of directors and officers were elected.

Costly Blaze at Huntington.

Huntington, Ark., Aug. 28.—Fire which broke out in the ice plant of the Kansas and Texas Coal company yesterday spread to their offices and department store, butcher shop and warehouse. W. Curry's saloon, Win Harper's saloon and M. Hayes' restaurant. Heroic work saved the town. The coal company's plant was damaged to the extent of \$60,000; covered by insurance.

Defeat Attempt at Lynching.

Fort Smith, Ark., Aug. 28.—Louis Smith, the 55-year-old negro, whom a mob tried to reach in the county jail here yesterday, was saved from lynching through the pleading of the father of Lucy Watson, the little white girl assaulted by Smith, and by the prompt action of Chief of Police John Fuller. Smith was finally removed from the flimsy jail to the federal prison.

Death of E. L. Ackley.

Concordia, Kan., Aug. 28.—E. L. Ackley, a prominent attorney, died yesterday of acute appendicitis. He married Miss Ada Fry of Fairfield, Ia., in 1894.

Lawson Sets New Mark.

New Haven, Conn., Aug. 28.—A world's record was established in the ten mile open professional race at the Grand circuit race meet held here last night. Iver Lawson of Chicago won the race in 22:41.25. The previous record was 22:41.25.

Ranger Sails for Panama.

Washington, Aug. 28.—The Ranger sailed yesterday for Panama to watch over American interests there during the revolutionary troubles.

A Sad Death.

Linton E. Manuel, of West Union, was accidentally killed Sunday afternoon east of the Alburna bridge, in the Middle Loop river while bathing. He, with several others, had gone to the river for a swim. The other members of the company got into the water, and, Mr. Manuel, who is said to have been an excellent swimmer, dove from the bank into the water with such velocity that his head struck on the sand at the bottom with such force as to break his back in two places, the water being less than three feet deep. He was unable to rise above the water and when seen floating with his body partially above the water, Mr. Cramer, who was with him, raised his head out of the water. The unfortunate man asked him to take him out, stating that he was cramping. When he reached the bank, he again spoke and asked that those assisting, to not let him go back into the water. Thinking that he was strangled or affected with cramps, his companions used measures to relieve him by rolling him on the ground and rubbing his limbs. He soon manifested that he was severely injured, and at times he could scarcely breathe. In about fifteen minutes from the time he was taken from the water, he was dead. Dr. Williams of Anselmo, was called and made an examination, and pronounced the spine broken in two places, besides internal injuries. The deceased had been helping his father-in-law T. W. Dean, make hay in the vicinity and remained over Sunday with others of the hay makers at the camp.

The accident was a severe shock to his young wife, to whom he was married last January, and relatives, whom he left but a few days previous in the best of health and spirits. He was a brother-in-law of N. L. Reynolds, foreman of this office, who, with his family, drove over Monday morning to attend the funeral, returning Tuesday noon. The Republican extends to Mrs. Manuel and other relatives the sincere sympathy of the community in their sad bereavement.

May a Women Speak for Herself?

At the picnic of the State Line Old Settlers Association, held recently in Pawnee County, Hon. E. J. Burkett, being called to the platform without previous notice, said he found himself without a subject. After a moment's reflection he said he would choose for his theme, women—The New Woman—and he wanted to say for his subject that she could speak for herself.

But can she? In the recent campaign, when this gentleman was a candidate for the exalted position he now occupies, the women, to be sure, were very much in evidence wherever he went to address the people. They formed marching clubs, carried banners, and sometimes were invited to sit on the platform. But when the time for saying whether he or some other man should represent his district, was woman permitted to speak for herself? Surely not.

Every year the question of what conditions shall prevail during the year, wether men shall be elected to fill responsible positions who fill stand for morality and sobriety, or the reverse, comes up in each town and village. Surely all women are interested in these matters, and may be supposed to have something to say on the subject, but this is one of the occasions when she is not given an opportunity to speak for herself.

Some women own property, and

are compelled to pay taxes, which be right and just if the statement made by our congressman were literally true, but in this case the subject does not speak for herself. So in the important matter of helping to choose our own law makers, to make right legal conditions under which she and her children may live, and to say what shall be done with the money she pays toward the support of the government, she cannot speak at all.

A Good Word For Lind.

The Custer County republicans believe in rewarding loyalty to the party. Two years ago Wayne precinct the banner republican precinct in Custer county, secured the nomination of James Chittick for county clerk. Last Saturday they were complimented in the same manner giving C. O. Lind, chairman of the board of county commissioners, the nomination for the same office. Mr. Lind is a very popular man in the south part of Custer county and will have the united support of his party, and a strong following of independent voters. The republicans of Custer county will have done the right thing and by united efforts will carry the county and elect the entire republican ticket.—Gothenburg Independent.

MARRIED.

MARRIED:—At the beautiful home of Mr. Richard and Mary Young's, at Gates, Neb., Wednesday, August 21, 1901, Miss Nettie Fessenden, of Gates, and Mr. Theodore Simms, of New Helena. The house was appropriately decorated. At precisely 8 p.m., the party marched into the room to the strains of a wedding march and the young couple were pronounced husband and wife, by Rev. John F. Haney of Anselmo, Neb., in the presence of a circle of friends and relatives. Miss Ford acted as bride's maid and Mr. George Young as best man. After congratulations were offered a splendid supper was served, the bride cooking her own cake. The groom is a graduate of Grand Island Business and Normal College. The bride is an accomplished young lady. Many useful and valuable presents were given the happy couple. Many friends join the Republican in wishing Mr. and Mrs. Simms a life of happiness and prosperity.

Our Creek.

(Commented.)
Grandmother prairie chicken,
Mediating by her nest;
Wonders why the August honzes,
Is giving her a rest.

No more she hears the pump-gun
Barking in the field,
Where the enterprising hopper,
Is gobbling up the yield.

For the sportsman got a letter,
Short and pithy in his mail,
The way it "read the riot act,"
Made the hunter quail.

No more for him the chickens,
Soar aloft on sturdy wing;
No more he tramples through the glens,
Where the "Bob Whites" sing.

He's a sadder man and altered,
Since the letter came,
And his language can't be printed,
When he hears Kirkpatrick's name.

A ramble o'er the land scape,
Has no charms at all,
And a roothe his angry feelings,
He gets beaten at base ball.

Card of Thanks.

We desire to extend our many thanks to all our neighbors and friends who so kindly helped us during the sickness and burial of our little daughter.

It isn't the material

that goes into your repaired watch that results in a perfect job, it is the Know How

that does the business, any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, lotions and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE every made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."
