Pueblo people like circuses, and turned out ten thousand strong yesterday to Sells & Gray's shows. A big up-to-date menagerie was somewhat of a surprise to all, and unquestionably the best circus here in years delighted them.—Pueblo (Colo.) Chieftain, Wednesday, June 18, 1901.

PRESIDENT MCKINLEY SHOT.

Two Bullets Fired Into His Body by the Would-be Assassin at Buffalo.

President William McKinley was shot twice last Friday afternoon, while holding a public reception in the Temple of Music at the Pan-American Exposition, Buffalo New York by Leon Czolgosz, an anarchist. He claims to have been born in Detroit but for several years past has been resident of Cleveland. The would-be assassin fired two shots. The first bullet struck the sternum in the President's chest, deflected to the right, and traveled beneath the skin to a point directly below the right nipple. The second bullet penetrated the abdomen.

Only a superficial wound was caused by the first bullet, and within five minutes after the physicians reached the President it had been removed. The second bullet was not found. An operation was performed on the President at the emergency hospital on the exposition grounds at 6 o'clock by Dr. Matthew D. Mann, Dr. John Parmenter, and Dr. Herman Mynter. The President's stomach was opened, but the bullet was not found.

Drainage tubes were inserted, the incision was sewed up, and at 7:45 o'clock the President was removed to the home of Jerome G. Milburn, at Delaware Avenue and Ferry street.

The doctors stated after the operation that they were hopeful, and that while the wound caused by the second shot was serious, it was not necessarily fatal.

It is estimated that three thousand people were in the temple at the time and 10,000 more waiting on the outside to see the president. Czolgosz had his right hand bandaged with a handkerchief under which he concealed the pistol and approached the president supposedly to shake hands when he perpetrated the dastardly deed.

He was overpowered at once and taken off to jail where he is now awaiting the result of the attempted assassination. The President was not knocked down by the wounds but remained cool and without assistance sat down in a chair near at hand.

At last report the President was resting easy and his condition is regarded favorable for a speedy recovery. The news was received in

Broken Bow about 6 o'clock Friday evening, first by telephone by the way of Kearney to the effect that the President had been shot and killed. The same report was shortly confirmed by telegram from Omaha.

Later in the evening a press bulletin was received by wire giving the facts as above stated, that the president had been shot twice but was alive, with hopes of recovery.

This is the third attempted assassination of the president of the United States in the past thirty-six years; the first two proving fatal. April 14, 1895 John Wilkes Booth shot President Lincoln in the head, from which he never regained consciousness and from which he died next morning.

President James Garfield while waiting for the train at the depot at Washington was on July 2, 1881, shot and wounded by Charles Giteau from which he died eighty days later.

For the attempt on President McKinley's life on last Friday there was no provocation and can be accounted for only upon the infamous anarchistic doctrine that should not be tolerated in this country.

Democratic County Convention.

A Hard Fight Was Made for the Endorsement of the Pop Ticket, But Failed.

A Strong Ticket Nominated By A Big Majority.

The democrats of Custer county held one of the largest delegate conventions last Tuesday in Ansley ever held in this county. Ever since the populist convention which passed resolution against fusing with the democrats, which has been the custom formerly there has been a question of the probable attitude of the democrats when they meet in convention and as a result two factions were formed.

The leaders of one faction felt that there was but one honorable course to follow and that was to put up a straight democratic ticket and develop the strength of the party. In other words since the pops in convention has said they would not fuse with them that they would accept the challenge and open an open fight for supremacy. Other prominent democrats who were apparently interested more in the success of certain pop nominees than they were in the democratic party insisted that no nominations should be made by the democrats, except for one minor office and the rest of the ticket should be left blank. J. J. Wilson and Tom Finlen of this city championed the latter plan, while McWarrington, of Mason and W. B. Eastman of Broken Bow opposed it. After assembling at Ansley an organization was effected by electing Robt Farley of Milburn chairman and John Haney of Merna Secretary. The usual committees were appointed and their reports accepted, with the exception of the report on order of business which provided for the nomination of a full ticket. The motion to adopt the report of the committee was substituted by a motion to nominate a candidate for register of deeds and leave the balance of the ticket vacant.

The substitution was lost by a vote of 83 to 47.

The motion on the original motion was also defeated.

A motion was made to nominate a candidate for register of deeds and the motion prevailed.

At this juncture the Sargent delegation and others of the county withdrew. On call of township Wm. Rummel of Mason City having received a majority of all votes cast was declared the nominee. Nomination for each of the other offices was made in the same way until the entire ticket was nominated. The result was the nomination of the following ticket.

For Register, Wm. Rummel of Mason City; County clerk Chesney Thompson of Broken Bow; county judge, C. H. Holcomb; sheriff C. D. Dewy, Ansley; treasurer, Josh Woods, Georgetown; surveyor E. J. Bobbitt, Tuckerville, county Supt. Mrs. J. J. Tooley of Broken Bow, coroner W. B. Eastman.

J. J. Wilson was elected chairman of the county central committee and John Haney, secretary. Harry Cox committeeman for Broken Bow township.

The following delegates were elected to the state convention.

W. C. Warrington, John Haney, R. A. Moore, C. E. Tierney, C. Mackey, H. M. Leo, Robt. Farley, Diah Woodruff, R. J. Kelley, Jas. Decker, B. J. Tierney, Robt. Fleming, Geo. Williams of Anselmo, A. H. Turpin, Joe Skelton, Thomas Edward of Ortello, Bill Anderson, Glen Johnson, W. B. Eastman, Geo. Williams of Loup, Chas. Nicholi, A. J. Robertson.

Old Settlers of South-east Quarter.

The old settlers of the southeast quarter held their first annual reunion Thursday of last week at Mason City. The rain the night previous made it impractical to hold the exercises in the grove as had been contemplated and it was thought in the morning that it would be necessary to postpone it for a couple of weeks owing to the condition of the roads and the grove. By noon several hundred people had gathered and the feeling was so strong for going ahead with it that the town hall was secured and the exercises carried out there in the afternoon. Had it not been that a steam swing was in town, the hall would have been too small.

It was the first swing of the kind that ever had been in the town and all the young people as well as not a few of the older ones were attracted by it.

T. J. Wood presided at the meeting. Most of the program was rendered as published, besides were speeches made by a number of the old settlers. The occasion was very much enjoyed by all present.

A Shooting Scene At Sargent.

Thursday of last week Ernest Erwin, near Sargent, it is claimed shot at Frank Moyer, a boy about ten years old, whom he caught in his melon patch. Erwin was arrested on complaint of J. B. Moyer, father of the boy and given a preliminary trial before Justice Austin, Friday. The court found probable cause and in the absence of bondsmen made out the necessary papers to have him committed to jail to wait the convening of the district court. H. P. and E. Savage were deputized to escort the prisoner to Broken Bow and to see that the order of the court was executed.

Parties who were willing to go on the prisoners bond accompanied him. On reaching here Monday the proper application was made to the county court and the prisoner was put under bond of \$500, for his appearance at the district court. The party that is accused of doing the shooting is only sixteen years old.

Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in pastes form. These powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation.
