Should last a lifetime. Therefore care should be exercised in purchasing one. If you buy one of me you receive a full statement of just what it is, backed by a guarantee for which I am responsible. You can depend on getting a reliable time piece when you buy of me, not because I sell it, for that is no reason why it is the best, but because it is best is the reason I sell it.

H. B. Andrews of Anselmo was in the city Monday in council with other parties who hope to reorganize the Farmers Bank or start another bank in its stead on some basis that will enable the depositors to realize out of their claims against the bank. Some think that the securities, if properly handled will pay the depositor seventy-five cents or more on the dollar. It is to be hoped that such a deal may be consummated. Some of the heavier depositors in the Farmers Bank are said to be interested in the deal.

Thursday of last week the county court had under investigation a case of salt and battery, in which two Arabians of Custer county were the principals. The defendant succeeded in convincing the court that the other fellow was the aggressor, notwithstanding he got the worst of it.

Some editorial sage preaches a forcible sermon to the boys in the following terse paragraph: "The boy who has the freedom of the street after nightfall without business or permission is cultivating a dangerous habit. Any place where a boy has no business is a dangerous place for him, be it on the street, in the store, or elsewhere. A boy that is all right perfects his home, friends, books or newspapers to the class found on the streets. Business men look upon the boy loafers as the 'dead beats' of the future. Boys, if you adopt the right habits while boys you will in manhood be useful to the world, will be a source of comfort to your parents and friends and then you will have the satisfaction of looking upon a well spent life."

A Great many first-class performances have been seen in this city but none have ever given such supreme satisfaction as the Sells & Gray's United Shows that pitched their tents here this week. The main tent both afternoon and evening was filled to overflowing and the deafening response was proof positive of appreciation.—Louisville Courier-Journal.
