THURSDAY, NOV 28, 1901.

The excellent health of the people in general is one of the great blessings for which our citizens should be thankful.

Republicans have special reasons to be thankful that they were largely successful in their political aspirations in the recent campaign in county and state.

The fine autumn weather which our people have been enjoying through November is not among the least things for which the people of Custer county have reason to be thankful.

The populists have reason to be thankful that they saved one county officer and three supervisors in the land slide and that Bryan only made one trip to Custer county in the campaign.

One of the many blessings for which the people of this vicinity can be thankful today is the price farmers have been able to realize on their corn the past week. It goes a long way in making up the short crop.

"The Western Round Up" is the name of A. L. Lazenby's paper, started two weeks ago at Merna. The second edition is on our table. It is a six column folio, and starts out with liberal patronage by the business men of Merna. Its local columns are well filled with the news of the vicinity and in every respect it is a credit to the town. If the business men continue their patronage as they have begun and the publisher keeps it as well filled with local news as it is now, the enterprise will not only be a success financially but it will be a credit to Merna and vicinity. Bro. Lazenby has our best wishes.

The Scientific American of November 16 contains the following with reference to Nebraska in connection with the estimate of the corn crop for the year, and the fact that no other state is referred to makes the compliment that much more valuable: "The agricultural department at Washington has just issued an estimate of the year's corn crop showing a total yield for all the states of 1,250,597,000 bushels. Of this the statement shows that Nebraska notwithstanding the dry weather which prevailed during July will furnish 103,367,000 bushels, or more than one-tenth of the entire crop. This is interesting the wonderful recuperative properties of the Nebraska soil. There is probably no other state in the union which would, under the circumstances, make such a magnificent showing. Nebraska is a grand state and is rapidly increasing in wealth and population."

WHY WE SHOULD BE THANKFUL.

In all seriousness, there is no reason why our people should not be able to heartily enter into the spirit of the National Day of Thanksgiving. Every day of our individual life there is much to be thankful for notwithstanding, we may have sorrow, sickness and reverses. The man or woman who can see no good in living, nor has no sweets with the bitter, must, indeed, be most miserable. The many comforts and pleasures of this life are all due to the Divine planning of our Creator. Because of this fact, and because they are ours to enjoy, everyone should, with grateful hearts, acknowledge His loving kindness and tender mercies. As a nation, and citizens of the nation, in which

we take so much pride, we have great reason to be thankful to Him, who is the author of government and whose guiding hand has so wonderfully favored us since our birth. Our civilization, our ingenuity, our progress in all lines of mechanism, our national growth and financial success commands the admiration of the world. Our military achievements and unparalleled success in diplomacy the past few years together with our acquired territory, has brought the United States into high favor with all other nations and gives us largely increased influence and power, which not only brings greater blessings to our own people but enables us to be of greater service to the world at large. These great national blessings are attributable directly to the divine direction of Providence. Another very important reason that all should join heartily in this National Thanksgiving is because of the wholesome effect the cultivation of the spirit of gratitude has upon our own lives. We, in this busy age, are too much inclined to become inclined to selfishness. When that spirit predominates we can see but little in others to admire, or of the beauty around us. No one can afford, from a moral or humane point of view, to allow himself to smother the inherent feelings of gratitude which God has given him. Riches may accumulate, but happiness is sure to depart. Cultivate a friendly disposition toward all mankind and greatfulness to Him to whom we owe our life, health and happiness, and you will have no cause to complain of life, but will rejoice in its blessings.

What the Inter Ocean Offers.

Good News for Subscribers to the Republican and The Weekly Inter Ocean Combined.

Never before in the history of newspapers has so liberal an opportunity been accorded the public to participate in a gift distribution of such tremendous size as the one which this paper is now able to present to its readers through an arrangement recently completed with The Weekly Inter Ocean of Chicago.

In the advertising columns of this issue we print a proposition pertaining to the matter in reference and we most strongly advise all our readers carefully to peruse same.

Every word in that announcement is sincere, every assertion is honest, every representation is truthful in every particular.

Lack of space compels us to boil down the detail as much as possible but we have on hand a large supply of the explanatory papers connected with the proposition which were furnished us by our co-operator in this big deal—The Weekly Inter Ocean—and these we shall be pleased to distribute among those who may become interested.

Farmers Institute at Comstock, Wednesday and Thursday, December 4 and 5, 1901.

If it were announced by the proper authorities that a "Bankers Conference" would convene on a certain date at a certain place, all the representative bankers would no doubt be present. Of course they would. It would be to their interest to be present.

If a conclave of "Organized Labor" was announced, railroads would make rates, hotel services would be extended and men, women and children would come from every part of the land to consider questions of interest to themselves.

Now Unorganized Labor will have its fete day. A Farmers Institute will be held in Comstock on December 4 and 5, 1901. No farmer or stock raiser can afford to absent himself from these meetings. Lay aside your prejudice against the "Book Farmer", for he is long dead. The practical man is the only one who can win in this day and he is the only one allowed on the Institute platform. Do you doubt this, then come to the Institute filled with practical questions, and thus puzzle the "Theorist" of whom you may have dreamed.

Why should the farmer be the

only man to deny himself the pleasure as well as the privilege of meeting those of similar occupation. He cannot afford to do so. Your neighbor may learn something from your experience and you may learn something from his. While you are putting aside some of your prejudice, dispense with some of that conceit also, and come to learn as well as teach. The following is the program:

THE NORTH PLATTE VALLEY

in northwest Nebraska, offers some wonderfully good opportunities to the man or woman with a little money to invest in irrigated lands. Excellent irrigated land can be had now for \$12 to \$15 an acre, but it is plain to those watching the development of the North Platte Valley that this low price is just about to fade away. The farmers of this valley are now reaping an abundant harvest. Alfalfa, corn, wheat and garden vegetables yield good profits. There are also good openings in the live stock business.

If you are interested in the North Platte Valley, write for our booklet describing it. It is free.

BURLINGTON ROUTE. Through Cars to California.

The Burlington's through car service to California is as follows: Standard Sleepers—daily, Omaha, Lincoln, Hastings and Oxford to San Francisco, connecting at latter city with fast train for Los Angeles. Tourist Sleepers—personally conducted—every Thursday, Omaha, Lincoln, Hastings and Oxford to San Francisco and Los Angeles.

Tourist Sleepers—personally conducted—every Wednesday and Thursday, Kansas City, St. Joseph, Wynote, Superior and Oxford to San Francisco and Los Angeles. All these cars run via Denver and Salt Lake City, passing the magnificent mountain scenery of Colorado by day-light.

The tourist sleepers are of the latest design. They are wide vestibuled and lighted by gas. The seats have backs and the aisles are carpeted. The linen is clean and of good quality.

If you expect to spend the winter in California, it will pay you to write for "California Tours, 1901-2," a 40-page folder which will be ready for distribution early in November. It contains just the information the California and the various routes to it; a list of California hotels; estimates of the cost of a month's stay; information in regard to excursion trips, climate, out-of-door sports, suitable clothing etc. Free. A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH by removing the cause, stopping the discharges, and

curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES" the GUARANTEED CATARRH CURE and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SNUFFLES" is the only perfect CATARRH CURE every made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "Guaranteed Catarrh Cure."

Send prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E 177, EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia. To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by J. G. Heberle,
