Rev. Irl R Hicks Is Not Dead.

Nowithstanding a widely current rumor that Rev. Irl R. Hicks was dead, he never was in better health and never did a harder and more successful year's work than that just closing He has just completed his large and splendid Almanac for 1902 and, with his staff of able helpers, has brought his journal, WORK AND WORKS, justy forward into international reputation. For a quarter of a century Mr. Hicks has grown in reputation and usefulness as the people's astronomer, and forecaster of stormes and the character of coming seasons. Never were his weather forecasts so sought after as now, his timely warning of a serious drouth this year having saved the people from loss and suffering. Millions of bushels of wheat were harvested through his advice to plant crops that would mature early. The American people will stand by Prof. Hicks, when it costs them so little and the benefits are so great. His fine Almanac of 200 pages is only 25c, and his splendid family journal is only one dollar a year including the Almanac. Send to WORD AND WORKS Pub. Co., 2201 Locust St., St. Louis, Mo.
