## "JUMBLED"

Among the many symptoms of eye defect none is more trying on that delicate organ, and none more alarming to those familiar with the eye and its ailments, than is that condition where objects become "jumbled" at close range. At times clear and distinct, again blurred and watering. This is usually a condition brought about by long abuse, is a timely warning that the eyes have almost reached the limit of endurance.

He is an able preacher and actuated by the sincere purpose of building up the cause of Christ and not from nature of denominational pride. He relies on the power of the old time gospel for success rather than to smart sayings and shrewd tricks. The interest is excellent and the hope and prayer expressed on every hand is that we may have a great spiritual awakening. The singing is spirited and the 2 o'clock prayer meetings are attended with marked earnestness and Christ's blessings. ## "MALONEY'S WEDDING DAY."

The humorous blunders and embarrassments of Dan Maloney's courtship with the Widow Clancy has stirred up more hearty laughter than any two dramatic productions rolled into one. The author truthfully claims that it was written for laughing purposes only, and since its birth has been the source of countless fun to countless thousands. The press of the large cities pronounce it the real big comedy drama success of the season, and wherever it appears crowded houses greet it and relish its three solid hours of genuine enjoyment. It brims with merry mischief, tells a story of deep interest, and reveals in as much real mirth as can be bunched into one hundred minutes. James L. McCabe as "Dan Maloney" is matchless in Celtic comedy and Hibernian wit. The supporting company comes with the best of press approbations and Manager Groat promises his patrons a good, big, rich dramatic treat at the
