THE ISLAND OF GUAM

BY H. H. HIATT.

Agana, Island of Guam.—November 20, 1901.—REPUBLICAN:—Election is over there, and I hope everybody has an office and is happy. We shall not hear of your election until about December 21. We are seemingly from under the laws of our country, for Spanish laws are still in force here. It might seem strange that so much corruption existed among Spanish colonies, when the Spanish laws were generally quite good. In fact, had Spanish laws been well administered, Spain would have been a strong nation yet. The trouble arose out of the manner the nation maintained her colonial judges. There was favoritism in their appointment, and each one was left to subsist on a mere pittance; this, of course, led to accepting bribes, and soon the laws were ignored. There may be many disgusting things in American politics, but still the open fight over issues real or imaginary is the only means of protecting public honor, and correcting wrong tendencies in public affairs. I think I share a general opinion of Americans here, that our new colonies in the west must be trained by a STRONG HAND into the ways of our civilization. Education is doing its good work; it is absolutely necessary to give opportunity to new thought and morals, but school education is slow compared to business demands. Authority sternly used to protect a people against annihilation is not slavery, though its formal application may appear so.

We need here, as well as in the Philippines, a vigorous application of authority to compel the natives to adopt new ways. The pitiful and aggravating shifts the natives adopt to get something for nothing is all proper in their minds, but business interests demand permanent honor and established principles, and if so public authority interferes, private protection will soon lead to organized industries which will pauperize the natives. It would be the vapors of insanity to say that we should let the native alone, or give them free government. Under the providence of God—or Nature—just as anyone wishes to think—the world is "up against" civilization and progress under civil government, and those who will not progress must perish. To say that we should never have molested the quiet and innocent natives in their half barbarous ways, is to admit a permission in human history, which makes matters worse by granting all to chance and to the strong. If the United States will only rise in the majesty of her mission, and like Germany, impress her national life upon her colonists by education and authority, at once, a great good will be done. Otherwise, a drizzling sentimentality will lead to individual co-operation until the racial distinction of our colonists is obliterated. After all, maybe it is the true course of history that the sturdy Anglo Saxon should possess the world. It is a principle of nature to admit no waste, and certainly, it will seem like a great waste of time and labor and means, to fully engraft a large portion of our colonists upon our nationality. Perhaps it is my sentimentality after all, that dislikes to see a distinct people lost to all history, but nature has done just such things often, and maybe it is God's plan in human life. One thing is certain, the world will be better with Anglo Saxon than with Chamorro and Filipino. We are unusually well, and enjoying ourselves. Schools full and work progressing well. Oranges, lemons and bananas are very plentiful, and very cheap and very good. H. H. HIATT.

The Mother's Favorite. Chamberlain's Cough Remedy is the mother's favorite. It is pleasant and safe for children to take and always cures. It is intended especially for coughs, colds, croup and whooping cough, and is the best medicine made for these diseases. There is not the least danger in giving it to children for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by J. G. Haebler.

LOMAX.

(To late for last week.)

Wm. Edmiston was at Callaway one day this week on business. Miss Myrtle Miller of Lexington is visiting relatives near Lomax. Lomax is no dull place as there are from one to six parties every week. A large number of horses have died of corn stalk disease in this neighborhood. Mr. Elmer Barron spent several days visiting his uncle and other friends at Edlyville last week. Miss Cunningham of Oconto has been employed to teach the Geo. Blackles school south of this place. Some of our young people attended the Masquerade Ball at Edlyville on the 17th. They report a good time. Mr. Geo. Irwin who has been in the eastern part of the state spending holidays with his parents returned Friday. Miss Clara Sawson of Lodi returned to her home near Lodi on Thursday of last week after a pleasant visit with friends. Mr. and Mrs. Whitesel of Minden, Neb., have been visiting at the home of Allen Whitesel. They are well pleased with Custer county. Charles Barron has his new home almost completed. It is a credit to a neighborhood for a person to erect such an attractive residence. A large number of our young people gathered at the home of Herb Strong on Tuesday evening of last week. An oyster supper was served by Mrs. Strong and all present report an enjoyable time. Mr. and Mrs. Crandle and Miss Mary Simonson have gone to New York where they will spend a year visiting relatives. This is the first time they have been there in twenty two years. Mr. Gookins will occupy their home until they return.

RYNO

(To late for last week.)

C. G. Emphild marketed hogs at Oconto Monday. B. F. Fungfield butchered his big pig, dressing 400 pounds with twelve gallons of lard. H. L. Headley is gone to Kansas to look up a farm and Mr. Birge is doing his chores. Grass hoppers are making their appearance looking around when the farmers will plant corn. A flock of geese passed Ryno on Sunday going north no doubt they will meet with a chilly reception. H. G. Donnel was dising last week, a good idea to turn up the bugs and hoppers to the action of the frost. How about that seed corn have you selected it or will you go to the crib for it at planting time and miss your crop. After the reunion at M. Conley's on Monday, Fred Conley and family and his sister Elen started en route to Oklahoma Tuesday. There is a fatal disease amongst horses and cattle on Wood River and vicinity. Within a radius of five miles around Callaway twenty five head of horses and cattle have died in the past week. C. W. Johnston lost nine head of horses in ten days; that it is the corn stalk disease is not now believed as some of the animals that have died had not been feed any corn fodder.

CUSTER CANYON.

Mr. Robert Krembow is moving to Judge Rose's place. Miss Etta Williams is improving a little from her fall last week. Mrs. Phelps was very sick last Thursday but was able to call on Mrs. Gift Friday. There has been quite a change in the Canyon since last week, it is quite blustery. The two Misses Gift and their brother Frank were calling on Mr. Phelps last Sunday. There was a young folks meeting organized in the Canyon last Thursday night which will meet at Mr. Phelps every Thursday and Sunday; everybody is welcome.

ORTELLO.

Master Franklin Hunt has the measles. J. R. Baker was a Merna visitor Monday. Mr. F. C. Embree was doing business in Anselmo Monday last. G. O. Joyner had the misfortune to freeze his north ear on Saturday. Sunday the thermometer said twenty below, but we thought it nearer 70. Mr. S. Waddington accompanied a shipment of cattle to South Omaha last week. Some frozen ears and fingers and a few cattle and colts, are about all the casualties so far as heard from. Owing to the storm, there was no service at the school house either Sunday School or preaching last Sunday. Old "Boreas" came down upon us with a whirl, on Saturday and about four inches of the "beautiful" covers the ground. Miss Mattie Fodge is spending a few weeks with her uncle, P. H. Munk in

Broken Bow where she is assisting in the care of Gramma Boyce.

E. P. Beals took his hogs to market Monday preparatory to moving to Mazon City in a couple of weeks where he expects to make his future home. Mr. J. C. Bator has a new Phonograph with which he entertains all who have a "Phone each evening free, but will give an entertainment at the school house next Saturday evening, ten cents admission.

UNION VALLEY.

Rev. Albert Marks is in the canyon again. Some of the boys were out on a lark last evening. Mrs. Hillman is reported on the sick list, hope she will soon recover. Mr. Shoup and family spent Sunday with Mr. and Mrs. Rutter of Custer canyon. Mr. Eli Gift are staying at father Gifts this week. Eli is husking corn for his father. Mr. Charles Schraish has got him a fine team, Charley says he is going to farm big next year. Henry Rutter has finished hauling the rent corn for Thomas so Mr. Thomas will start for Oklahoma soon.

Women and Seasickness.

Men are less subject to seasickness than women, according to an old sea captain, but when attacked by it make more fuss. They take immediately to their berths, where they grumble and groan until they are well enough to go on deck again. A woman fights the unpleasant malady until she can fight no longer. Then she becomes maudlin and pathetic. She retires to her room and invariably asks three questions—first, whether people die of seasickness; then, how many miles we are from shore, and when we shall get there. The doctor is always talked over. When the patient gets so ill that she loses interest in the doctor, she usually lies on her side and cries by the hour.—London Doctor.

She Was Fat.

The small boy had been warned by his nurse as to the awful result of biting his nails. "If you bite your nails," she said, "you will swell out like an air balloon and burst." The small boy believed, took heed and didn't bite his nails any more. The small boy went to a children's party, where he stood and gazed at the hostess for some minutes in silence. Then he spoke. "You bite your nails," he said.

Nothing More to Be Said.

"My wife always lets me have the last word," remarked the meek looking man. "Indeed?" exclaimed his friend in tones which implied a doubt of the other's veracity. "She does, really. Whenever I say, 'Yes, my dear, you are quite right,' she stops talking immediately."—New York Herald.

The Doctor's Calls.

Hunt—I have seen Dr. Pellet's carriage at your house three or four times lately. It has alarmed me greatly. Turner—Nobody's sick. Pellet merely called to collect a bill. Nothing serious, I assure you. Roumanian mothers tie red ribbons around the ankles of their children to keep them from harm.

Burlington Route TIME TABLE

BROKEN BOW, NEB. Lincoln, Chicago, St. Joseph, St. Louis, and All Points East and South. Denver, Helena, Butte, Portland, Salt Lake City, San Francisco and All Points West. NOTICE TO NON RESIDENTS.

In the District Court, Custer County, Nebraska, Vivian Poland, plaintiff, vs. Cliff Dahl, Defendant. Dahl, his wife, first name unknown, and Christian Wagner, defendants. Cliff Dahl, Plaintiff, his wife first name unknown, and Christian Wagner, defendants, will take notice that on the 20th day of January 1902, Vivian Poland, plaintiff herein, filed his petition in the district court of Custer county, Nebraska, against said defendants, the object and prayer of which is to foreclose a certain tax lien on the southeast quarter, northwest quarter, and lots two and three in section five, in township twenty north of range eighteen, of T. 12. M., in Custer county, Nebraska, under a private tax sale had August 7, 1900, and subsequent taxes with interest penalty, attorneys fees, and costs amounting to \$103.00 and interest at six per cent from January 25, 1902, and costs of suit. Plaintiff prays for a decree that the defendants be required to pay the same or that the premises may be sold to satisfy the amount found due. You, and each of you, are required to answer said petition on or before the 10th day of March, 1902. Dated January 27, 1902. VIVIAN POLAND, Plaintiff, By A. S. MOON, His Attorney.

Another Tourist Excursion to California.

To accommodate the increasing travel to California, the Burlington Route has added to its service another weekly excursion, in tourist cars, personally conducted. The Burlington's through service to California is as follows: STANDARD SLEEPERS—daily, Omaha, Lincoln, Hastings and Oxford to San Francisco, connecting at latter city with fast train for Los Angeles. TOURIST SLEEPER—personally conducted—every Thursday and Saturday, Omaha, Lincoln, Fairmont, Hastings and Holdrege to San Francisco; every Wednesday and Thursday, Kansas City, St. Joseph, Wymore, Superior, and Oxford to San Francisco, and Los Angeles. All these cars run via Denver and Salt Lake City, passing the grand panorama of the Rockies by daylight. If you're going to California you will be interested in our new 40 page folder, "California Tours—

1901-'02." It is free

J. FRANCIS, General Passenger Agent, Omaha, Neb. A Prominent Chicago Woman speaks. Prof. Rexa Tyler of Chicago, Vice-President Illinois Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run its course. I tried different remedies but I seemed to grow worse and the medicine upon my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by J. G. Haebler.

It isn't the material that goes into your repaired watch that results in a perfect job, it is the Know How that does the business. any bungler can buy the fine kinds of material that I use in repairing; but skill is the most valuable material that can be used in watch repairing; and the bungler can't buy it. I sell my skill for what it is worth and it will cost you less than bungling at lower prices. F. W. HAYES, Jeweler and Optician, West side of square.
