of "oak opening" as it was called; in a natural state it had been cover ed with a thicket of wild plum trees, with a few clomps of hazel and black hawe bushes, three wild owner, and when the anlowed plam patch tain't worth man, but it'll make a sorter reastin place for a house et you'ans'll du the res." She was poor, she could neither, kind and helpful, and had made herself so useful among the neighbors, that it was not long before a little frame house 14x18 feet stood when talking to strangers about "my place," as she loved to call it. Then the mother's love for her children, and the woman's love for the beautiful combined to make a real home for her babies; with ax and spade, she cut down, dug out, caused the boys to became interestand cleared off three fourths of ed, and they soon learned to love those trees. The hazel and black the work. The younger one became have bushes were thinned out and a successful grower of small fruits left. "Kase da's nice for de chil- and flowers. The older one sleeps lens and birds, an dem crab apples in his faded coat of blue; he fell on is mighty putty in de spring time, a southern battle field and his grave honey, and da du gess mek de finess is unknown. Of course I know sass you eber seed; dem hickory, this paper will not prove a very oak and eim trees, I done leff for valuable advertisment for dealers nuts and shade, anda was to big in nursery stock, but the subject exibition. Over this basket fence yous for such beauty as nature prowas trained, wild grapes, wild hops vides, nor has she been sparing of five fingered ivy, bitter sweet, her gifts. On every side there are gourds, morning glories, cypress trees, plants, fruits and flowers that vine and scarlet runners, making a will respond quickly and generouswall of beauty in summer and a ly to care and cultivation, true they wall of safty at all times, for it was seem very common to us but they seldon that an arimal found its are beautiful never-the-less. I well way into her "death yard," A few remember how greatly we all addays washing, hoeing in the garden mired the Flowing Currant that and cooking for work hands had grew in my Grand mothers garden paid for rails to fence the back away back on the shores of Lake

he died leaving her with nothing half and she was safe from outside Krie. How she prized it, and Oh but his funeral expenses, his doctor trouble. Every foot of that ground how I wanted to eat the bright bill and five children to comfort her was spaded up, roots dug out and shining fruit which was alway s in her distress. There was an old piled up for fuel, wild raspberries under the ban of suspician. But man and his wife in the neighbor- were brought from the wood and when I would coax for just one hood who had known her from trained over the fence corners, berry, grand ma, she always answergirl-hood. They had a farm, and gravel was brought from the creek ed, no,no dear they might not be at one edge of it was a small patch in pails and filled into a wide walk good for you. In one corner of that down to the gate, and scattered same New York garden, stood a few here, there and every where, were bushes whose shiny bark, glossy bunches of spotted lillies, momen green leaves and long racemes of tary, and blue flags from the dainty cream white blossoms, were Slonghs, scarlet lillies, white mal- objects of great admiration in erab apple trees, two bickery, two lows, wild eyelimen, indian paint toring time, and in autum a source large elms, a d three er tour white root, prairie pinks and snowflake of great temptation to one little oak trees thrown in for variety. It flowers from the prairies, three girl who would sorrowfully watch leaf lillies, violets, adder toungs, her grand mother cut off the long blue bells, lark spurs, fire balls and stems of wax like fruit for fear, dozens of other wild beauties from Curlie will eat them and get poisonforrest and field. A few plants, ed by them. We don't know what shrobs and small fruits given her they are. Grand pa brought them by friends and a half dozen cherry from the west and they may be h ran the little boy .. " (The three trees of an extra variety, bought deadly poison, but they are so older children had found homes from a neighbor and paid for by pretty I can't bear to have them with relatives) "Pil give her a planting and hoeing, potatoes and destroyed. Yes they were beautideed to II, an number nuff to build corn, completed the task of trans- ful and if I should take the fruit forming "that thar plum patch" from any of those busees which into a garden of beauty and profit, was not even allowed to touch and read nor write, but she was good not a dollar spent for plants or show them to any child in Custer shrubs. All the work done by a county and ask if they were poison weman and two little boys, in old that child would would give me hours when she was not weaving, such a look of pity, and more than washing, scrubbing, cleaning house, likely my answer would be, "bah in the center of "that thar plum halping at butchering time, hoeing guess nit, thems choke cherries and patch," and she had a "clar deed in gardens or fields, careing for the wild curents, I've jest eat bushels tew it"as she never failed tomention sick, picking corn or doing any of em, gosh but thar big uns other work that her neighbors wanted done, for her work was the only way of providing for herself and boys. Not only was she very successful as a home maker, but her love and care for such things spot if given just a half chance. fer me eny how. I kan't chop like was, "The Adorament of Rural of the soil and the industry of the I could when I was a gal, dem ar Homes," and I know that money people. Increase the value of little trees done beat me out." The for such a purpose is at any time property and bring a better class of bodies and larger limbs of the trees not easy to get, oftimes quite 1m- settlers; then if we can not buy all cut down, were cut into equal possible and nearly always looked the wonderfully beautiful things lengths, sharpened at one end, driv. upon as good hard earned cash just | read of in the numberless catalogues en in to the ground around the thrown away, which had far better sent by dealers all over the land, let Mont front half of her land. Willows, been used to bry a pig or ealf, and us not leave our homes unadorned 35-40-15 for that reason those who can not and dreiry looking with nothing were woven in and out among those obtain the things desired must but absolute neccessity to plead as stakes and then trimmed down either stiffle all love for the beauti- an excuse for their existance. Let smoothely until it looked as if ful and seek only for the glittering us answer the cry for beauty by basket work by the yard was on gold, or turn to the hills and care making the most of natures offer-

though." They were large and beautiful, they had been tended and cared for, they were not common in that country and they togather with many other wild things will, if given the care be just as beauti ful here in our own gardens and lawns, and they will help to brighten the most dessolate and forlorn

Nothing attracts the attention of those who pass by a home more quickly or more truthfully tells of taste and finer ment in that home than nicely adorned and well kept grounds, they improve the looks of the country, advertise the fertility

For there is beauty and brightness, In this levely world of ours. Even winter turns its whiteness

Spring time, buds and branches blooming Bright winged songsters all atone, With its beauty and its bloom

And the summer broezes singing, Over vailey hill and plate. Says that autum days are bringing,

Ripened fruit and golden grain. So each season brings its treasures. Freely scatering far and near. Rich gifts of plenty and pleasures.

Gifts for our comfort and cheer. Thus we're taught by natures begu les.

J. C. Moore Abstractor.

That greet us where e're we roam Ti's sweetest of all lifes duties, To bless and brighten the home

Emmer Seed For Sale

I have a limited quanity of Emmer seed for sale at my farm near Kearney Neb. This new grain is especially adapted to semi arid regions as it ripens about the time or before winter wheat. It stands the early spring frosts and should be sowed very early. It is very nutrious and is excellent feed for horses, cattle and hogs. If cut when midding green the straw makes fine feed. The yield is prolific. Last season 1 raised 900 bushels on 14 acres.

See sample of seed at the RE-PUBLICAN office, Broken Bow. Price \$1.00 a bushel at my farm or delivered at the depote in Kearney for 10 cents additional for two bushel

and Merna.

I AM GOING TO
