A St. Petersburg e prespondent of the Louden Mail explains that the frequent circulation of reports of Tolstoi's death is due to the wide spread belief that when the great Russian shall die the censors will keep the news from the public as long as possible. The ecclesiastical authorities cannot accord Christian burial to him, as they have recently denounced him as a heretic, and the refusal to allow the performance of the rives of the church at the grave is sure to provide an outburst of indignation all over Russia.

Mrs. L. A. Harris, a Prominent Member of a Chicago Woman's Political Club, tells how Ovarian Troubles may be Cured without a Surgical Operation. She says:

"Doctors have a perfect craze for operations. The minute there is any trouble, nothing but an operation will do them; one hundred dollars and costs, and included in the costs are pain, and agony, and often death.

"I suffered for eight years with ovarian troubles; spent hundreds of dollars for relief, until two doctors agreed that an operation was my only chance of life. My sister had been using Lydia E. Pinkham's Vegetable Compound for her troubles, and been cured, and she strongly urged me to let the doctors go and try the Compound. I did so as a last resort; used it faithfully with the Sanative Wash for five months, and was rejoiced to find that my troubles were over and my health restored. If women would only try Lydia E. Pinkham's Vegetable Compound fast, fewer surgical operations would occur."-Mrs. L. A. HARRIS, 278 East 31st A., Chicago, 19l.
