The revival meetings at the Baptist church continue with unabated interest. Last Sunday was a red-letter day. There were two conversions, and several candidates for baptism in the morning and five conversions at night. In the afternoon the delightful service of baptism was observed, when twenty-one were buried with Christ in baptism. There are several others to be baptized next Sunday. There has been 13 more received for baptism and seven received on experience. The conversions to date are 53. There has been 42 accessions to the church. The meetings will, in all probability, close next Sunday night. Rev. Bentley is proving himself to be an ideal evangelist. He is strong in the pulpit; a man approved of God, and rightly divides the word of truth. Those who have thus far failed to hear him cannot realize what they have missed.
