SHADE TREES.

395 SEC. 3. [DUTIES OF CORPORATE AUTHORITIES.] That the corporate authorities of the cities and villages of the state of Nebraska shall cause shade trees to be planted along the streets thereof.

396 SEC. 4. [TAX.] For the above purpose a tax of not less than one dollar, nor more than five dollars, in addition to all other taxes, shall be levied upon each lot adjacent to which trees are to be planted as aforesaid and collected as other taxes.

397 SEC. 5. [DISTANCE.] Trees shall be annually planted when practicable on each side of one-fourth of the streets in each city and village in the state of Nebraska, until all shall have shade trees along them not more than twenty feet apart.

398 SEC. 6. [SAME.] The corporate authorities aforesaid shall provide, by ordinance, the distance from the side of the street that trees shall be planted, and the size thereof.

399 SEC. 7. [EXEMPTION.] Provided the owner of any lot or lots may plant trees adjacent thereto where ordered as above in the manner and of the size prescribed, and on making proof thereof, by affidavit to collector, said affidavit shall exempt said owner from the payment of the aforesaid tax.

400 SEC. 8. [PENALTY.] Any person who shall materially injure or shall destroy the shade tree or trees of another, or permit his animals to injure or destroy them, shall be liable to a fine of not less than five dollars nor more than fifty dollars for each tree so injured or destroyed, which fine shall be collected on complaint of any person or persons before any court of proper jurisdiction. One-half of all fines thus collected shall be paid to the owner of the trees injured or destroyed; the other half shall be paid into the school fund.

401 SEC. 9. [BUSINESS LOTS.] That this act shall not apply to any person that is occupant of any business lot without his consent.

We have thought for a long time that we ought to systematically plant our streets to trees. Our business men's association is looking after wollen mills, and they can't devote their time to little details. We must look to the ladies if we expect our town to have a neat and inviting appearance. In other towns the ladies have organized improvement clubs or associations. As a result the town has been transformed into a place of beauty, no hitching posts were allowed in the main streets, vacant lots and allies in the rear of buildings were utilized for teams. Every merchant swept all garbage from both front and rear doors each morning. This garbage was hauled to a public dumping ground and burned.

We have as fine a public square as there is in the west. It should be improved by a nice iron picket fence with stone base, and two iron drinking fountains. Then plant trees as outlined by above statute.

I am willing to do more than my share to assist the ladies to organize an improvement club and suggest that a meeting be called for next Tuesday afternoon at the court house at two o'clock for the purpose of organizing a club or association, both ladies and gentlemen should be members.
