WOMAN SUFFRAGE COLUMN

EDITED BY ALLIER, FELKEY.

Converted Senator On Woman Suffrage

Ex-Senator Frank G. Cannon of Utah, has this to say regarding Woman Suffrage: "It is idle to discuss whether suffrage is the right of woman; it was her right as soon as it was man's right. The only question is, Is it her duty? Has man so discharged the right to vote as to need no help from woman? A brilliant man with whom I walked down the street said, 'The trouble is that when woman votes she descends into the slums.' Who dragged politics into the slums? Those who did so should not continue to be trusted with the exclusive use of the ballot.

"I was not always in favor of woman suffrage. I was once strongly opposed to it. We had quite elections, with little friction; we voted the way the women wanted us to, and I saw no need of women having the ballot. It took the lesson of New York to convince me that men were not exercising the suffrage sufficiently well to dispense with the help of women. All the efforts made by men alone to put a stop to the corruption failed. At last the women got together, and then every proud police captain trembled. When I saw how much women could do by her indirect influence, it occurred to me that it would be infinitely better if she could use her influence at first hand.

"Women will not degrade politics. We find in our State that they uplift politics; and they

THE DRAUGHT'S BLACK-DRAUGHT THE ORIGINAL LIVER MEDICINE

A sallow complexion, dizziness, biliousness and a coated tongue are common indications of liver and kidney diseases. Stomach and bowel troubles, severe as they are, give immediate warning by pain, but liver, and kidney troubles, though less painful at the start, are much harder to cure. The Draught's Black-Draught never fails to benefit diseased liver and weakened kidneys. It stirs up the torpid liver to throw off the germs of fever and ague. It is a certain preventive of cholera and Bright's disease of the kidneys. With kidneys reinforced by The Draught's Black-Draught thousands of persons have dwelt immune in the midst of yellow fever. Many families live in perfect health and have no other doctor than The Draught's Black-Draught. It is always on hand for use in an emergency and saves many expensive calls of a doctor.

Mullins, S. C., March 10, 1901. I have used The Draught's Black-Draught for three years and I have not had to go to a doctor since I have been taking it. It is the best medicine for me that is on the market for liver and kidney troubles and dyspepsia and other complaints. Rev. A. G. LEWIS.

OUR EXCHANGES

(Callaway Courier.)

F. L. Smith, who has just closed a successful term of school near Lodi, will leave in a short time for his old home at Jackson, Indiana.

S. C. Waldron and Supervisor James Henry, of near Over attended the republican club banquet held Thursday evening of last week.

County Clerk, George Dewey and wife, of Broken Bow, came over last Thursday to attend the republican banquet. We acknowledge a pleasant call from the former.

Hon. James Whitehead, register of the Broken Bow Land Office, passed through here Monday, enroute home from his farm on Redfern table. This office acknowledge a very pleasant call.

Register of Deeds, C. O. Lind was a Callaway visitor last Thursday and Friday, having come over to attend the republican banquet. We acknowledge a pleasant call from the gentleman.

As a demonstration of what time, labor and water can do, we call your attention to the yard of C. D. Engels. Charley has taken much time and interest in his yard, and as a consequence he has one of the most beautiful places in town.

George Greer, who has been in the jewelry business here for many years, sold out to Roy Thompson, and with his family moved onto his father's ranch yesterday, where George will grow up with the chickens, pigs and cows.

James Decker boarded the "Cannon Ball Express" Monday for the east. He will visit several points, and before returning home will attend a cattle sale at Sioux City, Ia., where he expects to purchase several head of thoroughbred Hereford cattle.

Geo. Howell has leased the Jas. Whitehead place adjoining the city on the southwest, vacated by Will Stevens and has moved onto same. This is one of the best places in the country for chickens and hogs, and we predict that Mr. Howell will make a good thing by the move.

Wm. Stevens and family left for their new home at Broken Bow Wednesday, where Will has secured a permanent position with the Dierks Lumber and Coal Co. While we regret to see this estimable family leave our city, we wish them the very best of success in their new home. Edith Stevens accompanied them and will remain for an indefinite time.

(Alliance Grip.)

On the new time table that is to go into effect next Sunday three dining cars will be put in service on the Wyoming division on trains 41 and 42 instead of two as now used. The change in the time of the trains will make it necessary to use three cars in order to do the business.

A special effort is being made by the Burlington management in regard to the matter of watching switch lights to see that they are kept burning and in good shape. Nothing but the best lights that can be obtained are to be used, and the oil is of the best quality. Daily reports are made to superintendents by trainmen of each lamp that is found not burning.

Class "K" 4 engine No 96 was put on 41 and 43 east of Alliance this week. This engine has 66 inch drivers and it is said it can attain a speed of 100 miles per hour. It is one of the class of engines that made the record breaking run on the Western division a couple of weeks ago, having made a short run at the rate of 98 miles per hour. These engines were built at Havelock.

(Ansley Citizen.)

Chas. Davis, who has been attending the Broken Bow Business College, has accepted a position in the Custer National Bank.

President George Sutherland, of the Grand Island College, will deliver the address to the graduating class at the commencement exercises of the high school, Friday, May 24.

Dr. Hanna returned from Missouri Wednesday with four head of choice cattle for his ranch. The lot consists of one Durham and three Herefords for which he paid a fancy price.

W. K. Miller writes that he expects to return home about the middle of the month. He states that the Oklahoma winter has agreed with him and he is enjoying the best of health in years.

Rev. Markland, the new Baptist minister, preached to an excep-

tionally large congregation Sunday night last. His sermon was well received. He preaches again in two weeks both morning and evening.

Ray Zimmerman returned home from Cherry county Sunday morning to help his father with the spring work. Ray has filed on a claim in the sand hills near Pullman and will soon return to live on it.

Prof. Roush and wife of Broken Bow were in Ansley Tuesday in the interest of the Broken Bow Business College. We understand that the Misses Carrie Vansant and Mamie Maxon have been enrolled for the term beginning next September.

Major Elison has planted ten different varieties of early potatoes this spring as an experiment. Among one lot of early rose seedling he received from his son-in-law living at Delta, Colorado, was one monster potato measuring ten inches in length and weighing 37 ounces.

RYNO.

M. B. Eggleston is smiling, its a boy born April 24th.

Harvey Owen has engaged to work on the Prettyman ranch this summer.

E. W. Prettyman informs us that his father C. W. Prettyman of Wescott, paid him a visit last week.

Mrs. C. G. Binfield spent last week with her parents at Ortello returning on Saturday evening accompanied by three sisters.

Maggie Boice and daughter of Creston, West Virginia, arrived last week and will spend the summer with her mother Mrs. J. Y. Province near Ryno.

I. D. Shuman informs us that his mail box has been torn down the second time whether through malice or mischief he can't say. Satan always has some mischief for idle hands to do.

About one year since Philip Province and W. F. Deal emigrated to Wisconsin, Province stayed a short time didn't like the Badger state and went to Colorado, remaining there till last April but was not contented and sent his family to Custer by rail and has gone over land to Wyoming to make further search for the pancake tree, but it is only a question of time when he will return to Custer and squat and be contented.

BIG HORN BASIN.

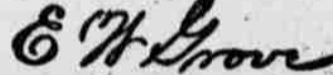

Are you interested in the Big Horn Basin of Wyoming?

It is a rich but undeveloped portion of Northwestern Wyoming. It contains marvellous openings for small ranches along good streams in the valleys, with one million acres of government land open to settlement under the United States Land Laws.

The Burlington Route has just published a folder descriptive of the Big Horn Basin. It is illustrated and contains an accurate map. It tells about the lay of the land, character of the soil, products, yield, irrigation and opportunities.

If you're interested, better write for a copy. It's free. J. FRANCIS, General Passenger Agent, Omaha, Nebr.

Cures When Doctors Fail

Mrs. Frank Chiasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, was under treatment by doctors but as soon as I stopped taking their medicine the fever would return. I used a sample bottle of Herbine, found it helped me. Then bought two bottles which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottles at Ed. McComas, Broken Bow and Merna.
