ROYAL BAKING POWDER CO., NEW YORK.

**A Tree Planted to Morton's Memory**

Friday evening after the close school the school children of the Broken Bow schools, headed with life and drum and colors flying marched to the public square under the escort of their several teachers to participate in the planting of a tree to the memory of Hon. J. Sterling Morton, the author of Arbour Day.

The tree had been sent to Willis Cadwell the day previous from Nebraska City by Ex-Governor Furnas Secretary of the state Agricultural Society and also Secretary of the State Historical Society of which Mr. Morton was the founder and President at the time of his death. Gov. Furnas requested that the tree be planted in honor of the memory of Mr. Morton. The tree is a cork elm.

With the pupils of the school assembled a number of the citizens of the town to add their presence to the history making event.

Mayor Purcell stated the object of the assemblage and introduced Prof. Macy, principal of the Broken Bow schools. He gave a short address on the life of our lamented and distinguished citizens. At the conclusion of the address the school sang an appropriate song under the leadership of Mrs. A. H. Stuckey. The mayor designated Willis

**MRS. L. S. ADAMS,**  
Of Galveston, Texas.

"Wine of Cardui is indeed a blessing to tired women. Having suffered for seven years with weakness and bearing-down pains, and having tried several doctors and different remedies with no success, your Wine of Cardui was the only thing which helped me, and eventually cured me. It seemed to build up the weak parts, strengthen the system and correct irregularities."

By "tired women" Mrs. Adams means nervous women who have disordered menses, falling of the womb, ovarian troubles or any of these ailments that women have. You can cure yourself at home with this great women's remedy, Wine of Cardui. Wine of Cardui has cured thousands of cases which doctors have failed to benefit. Why not begin to get well today? All druggists have \$1.00 bottles. For any stomach, liver or bowel disorder Theodor's Black-Draught should be used.

For advice and literature, address, giving symptoms, The Ladies' Advisory Department, The Chastanooga Medicine Co., Chattanooga, Tenn.

**C. R. JUDKINS, Manager.**

Cadwell, L. H. Jewett and D. M. Amsberry a committee to plant the tree.

When this was done A. R. Humphrey gave an address, giving a splendid historical review of the life of Mr. Morton and his public achievements since locating on the territory of Nebraska in 1854.

**Jesse Has Found the Ideal Place.**

**Many Former Custerites With Him.**

Edison, Wash., May 5, 1902.—Mr. D. M. Amsberry.—DEAR SIR:—Please change my paper from Mason City, Nebraska, to Edison, Wash.

We landed April 25, 1902, in what looks to be one of the finest fruit and small grain countries in the United States. Fruit trees of every description are in full bloom. We are told that tame hay makes three to seven tons per acre, and it is worth \$8 to \$16 per ton. Potatoes make about 300 bushels per acre and are worth sixty to eighty cents per bushel any time. Cows are worth \$35 to \$75 per head, and horses \$75 to \$500 per team. Wagons are worth \$115, but they are good ones. Flour \$1.00 per sack; meat, 15c per pound. All groceries are as cheap and some are cheaper than they are in Custer county. Wages are \$1.50 to \$4.00 a day, according to what you work at. Farm hands get \$2.00 a day. Nobody is idle here unless he wants to be. House rent is very cheap. I have seven acres of land, a six room house, a large barn and out buildings of every kind, about 100 fruit trees of every kind, except peaches and I pay \$60 per year. Cedar, pine, spruce and fir are the principal timber here. You may not believe it, but some of the trees are ten feet in diameter and 300 feet high. Wood is our fuel and it is free. We are six miles from the G. N. R. R., but they have a grade through this valley and will run trains over it by July 1, 1902. The May Queen, a small steam boat comes in a quarter of a mile of us. Their landing is Edison. All kinds of mills and industries are in full blast. We hived a swarm of bees today, and we have a very sore place behind each of our ears. Bees do well here. Every body are contented and happy here. L. D. Shadle and family arrived here May 3. There were twenty-four Nebraska people that took dinner with Mr. and Mrs. F. C. Deiter, a former Custer county family, May 4. We had an excellent dinner. Yours truly, J. D. AMSBERRY.

**For Those Who Live on Farms.**

Dr. Bergin, Pana, Ills., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Those who live on farms are especially liable to many accidental cuts, burns and bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency. 25c, 50c and \$1.00 at Ed. McComas', Broken Bow and Merna.

**BIG HORN BASIN.**

Are you interested in the Big Horn Basin of Wyoming?

It is a rich but undeveloped portion of Northwestern Wyoming. It contains marvellous openings for small ranches along good streams in the valleys, with one million acres of government land open to settlement under the United States Land Laws.

The Burlington Route has just published a folder descriptive of the Big Horn Basin. It is illustrated and contains an accurate map. It tells about the lay of the land, character of the soil, products, yield, irrigation and opportunities.

If you're interested, better write for a copy. It's free.

J. FRANCIS, General Passenger Agent, Omaha, Nebr.

**MILBURN.**

C. A. Snyder has the best piece of alfalfa in this country.

Your reporter had too much other business last week to write.

Supervisor A. Daily went to Broken Bow this week to attend to county business.

Mrs. Clara Clark of Grainfall, Kan., a sister of Mrs. Swengle is visiting at Milburn.

H. H. Copps and Rev. Thomas Evans of Brewster, took in Milburn yesterday on their way to Broken Bow.

Sutton Peters went to Omaha this week to take keeley cure. Mrs. A. Daily accompanying him; she expects to make a good boy of her little brother.

The county has been blessed with one of the finest rains of the season followed by pleasant warm weather. Every thing is growing rapidly and the little flowers are out to welcome the glorious sunshine.

**RYNO**

Cooper and Deal are farming largely. Alf. is getting to the front in good shape.

Curt Dean will stop on the homestead with his mother; don't know his further purposes.

E. W. Prettyman is rushing around caring for the cattle; he will plant a large acreage of corn.

M. Conley is planting a large acreage of corn and has planted a large garden and truck, melons and such.

G. W. Heady informs us that he has planted 40 acres of corn and will do some breaking; says his health is poor.

M. B. Egleston has considerable land broke, a well and wind mill. Millet was only here one year but he is getting there.

L. H. McCall as usual is farming a big lot of ground. He has a large herd of cattle. You seldom see Mack sitting on the store boxes at the Bow whittling.

George Pelkey is busy farming. He always has corn and potatoes to sell and keep. The madam is busy in her garden when not writing up Woman Suffrage.

W. S. Birge has built an addition to his frame house; will plant one hundred acres of corn, sowed fifty bushels of oats, but best of all he has recovered his health recovered his health as he was severely affected with Asthama when he left Iowa one year ago.

**Republican County Central Committee Meeting.**

A meeting of the County Central Committee was held in Broken Bow Saturday, May 10, 1902, at 2 p. m. The meeting was called to order by the Chairman, Alpha Morgan. Roll call showed nineteen townships represented. There appearing three vacancies in townships caused by removals, the following named gentleman were elected to fill the vacancies of their respective townships: Loup, Lon Davis of Georgetown; Lillian, J. S. McGraw of Gates; Wayne, Jas. Byerly of Etna. Moved and carried that the County convention be held Tuesday, June 3, in Broken Bow at 11 o'clock for the purpose of placing in nomination a candidate for county attorney and the election of delegates to the state, congressional, senatorial and representative conventions and for the transaction of such other business as may be required. On motion the basis of representation established for the several townships is one delegate at large and one for each ten votes, half or major fraction cast therein, 1901 for Hon. S. H. Sedgwick for member of the supreme court. It was recommended that the primaries in the several townships be held May 29 or 31. On motion Hon. F. M. Currie was elected temporary chairman of the county convention. The report of the secretary and treasurer showed that all bills for 1901 had been provided for from a local fund and there was no outstanding indebtedness for last year.

**Lubricating oils of all kinds at Wilkin's drug store.**

**Spring Ailments.**

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c at Ed. McComas', Broken Bow and Merna.

**Small-Pox Quarantine.**

Dr. C. Pickett worked a surprise on the community by developing a genuine case of small-pox last Sunday in the person of himself. He had been complaining three or four days with what he supposed was the LaGrippe, before the disease had developed enough to be properly diagnosed. Feeling indisposed, fortunately, he had not been down town since Thursday, and the number exposed were comparatively few.

As soon as the city health officer, Dr. C. L. Mullins, ascertained Sunday that Dr. Pickett had the small pox, he proceeded to force a strict quarantine to prevent any further spread than possible. He and his family, which consisted of his wife, daughter, son, Claude, and Miss Ferris, teacher in the high school, were placed under quarantine. Harra Osborn, Paul Humphrey and James Whitehead, who had been at the Doctor's house on Sunday, Lute Sheppard, who had delivered goods at the house, Sam Clayton and Bob Brindle, who had rode in the buggy with the Doctor Thursday, were all promptly quarantined. In order to lessen the inconvenience, Paul Humphrey took up his abode at W. H. Osborn's with Harra, and Eddie Osborn went to Mr. Humphrey's, and W. H. Osborn, Sr., went to his son, James. So in the two families only the two boys exposed and Mrs. Osborn are under quarantine. It is to be hoped by the prompt action of the health officer that the spread of the disease will be stopped and that no more cases will develop. We understand that Dr. Pickett is having quite a severe case of it, but he is not at all dangerous.

**Sugar Beet Experiments.**

The Nebraska Experiment Station has just issued Bulletin No. 73, which gives the results of a number of experiments in the production of sugar beets. The bulletin may be had free of cost by residents of State upon writing to the Agricultural Experiment Station, Lincoln, Nebraska.

**SEND ME THEIR NAMES.**

Send me the address of your friends who might be induced to move to Nebraska and I will mail them our new 48 page book descriptive of Nebraska's agricultural resources and its unbounded opportunities. The book is illustrated with Nebraska farm scenes, and is supplemented with a sectional map of the state. It will help bring any home-seeker to Nebraska.

J. FRANCIS, General Passenger Agent, Omaha, Nebr.

**Cures When Doctors Fail**

Mrs. Frank Chiasson, Patterson, La., writes June 8th, 1901: "I had malaria fever in very bad form, 'was under treatment by doctors but as soon as I stopped taking their medicine the fever would return. I used a simple bottle of Herbine, found it helped me. Then bought two bottles which completely cured me. I feel grateful to you for furnishing such a splendid medicine, and can honestly recommend it to those suffering from malaria, as it will surely cure them." Herbine, 50c bottles at Ed. McComas, Broken Bow and Merna.

**HALF RATES EAST.**  
Via Burlington Route.

One fare for the round trip to Harrisburg, Pa., May 14 to 19. Return limit June 30. Tickets good via Chicago or St. Louis. A great opportunity to visit the east. Half rates from Harrisburg to points in Pennsylvania, Maryland and District of Columbia, May 21 to 24. Ask the Burlington agent. 46-48

**NOTICE.**

In the matter of the application of Alfred Ponda for liquor license.

This is to certify that Alfred Ponda filed a petition May 14, 1902, with the county clerk of Custer county, Nebraska, as required by the statutes of Nebraska, praying that a license may be granted to him the said Alfred Ponda, to sell malt and spirits and various liquors for the fiscal year ending May 1, 1903, in block 45, of the unincorporated village of Occonto, in Wood River township, in Custer county, Nebraska, and that a hearing upon said petition before the board of supervisors of said county is asked for on or after June 5, 1902, as the said board of supervisors may direct. (SEAL) Geo. W. DEWEY, County Clerk. 45-50-51 By Jos. FROMAN, Deputy.

**COME AND SEE US!**

We Are Better Prepared For Business than Ever.

**OUR JACKS.**

**BLACK PERCHEON BRYLANDO**—Pedigreed; weight, 2,000 pounds. Service fees, \$5 to \$12.

**GLORIE MAINE**—High Grade Percheon; weight, 1,800 pounds.

**LOGAN**—Five years old; brown; High Grade Shire; weight, 1,600 pounds.

**FOX**—Eight years old; bay; High Morgan and Clyde; weight, 1,500 pounds.

**PRINCE**—Seal brown; pacer and trotter; weight, 1,125 pounds.

The Four Grade Service Fees \$3.00 to \$8.00.

Come and see

**INDEPENDENCE** is a Mammoth Jack, 3 years old July 4th, 1902, and is the largest, best bred Jack of his age in these parts; a good performer and sure breeder. Service fees, \$5 to \$12.

**DUE** is a Mammoth Jack, rather small, but a great breeder of large, stylish mules. Service fees from \$3 to \$5.

There is no better investment than breeding mules as the market is taking any age. They are scarce and they will go higher.

They will make the season of 1902 at the old Star Breeding Barn, north of railroad, Broken Bow, Nebraska. Come and see our stock before breeding. We are here for business and to stay.
