Terrible Accident.

At about 5:30 Sunday afternoon as the railroad men were going over the track they discovered near the residence of James Smith two and a half miles east of town, the body of a young man lying close to the railroad track.

The men came back to town and gave the alarm, and Dr. Young of Ansley, who was in town at the time assisted by F. S. Moomy, W. T. Whitehead and G. F. Frasier, drove down and brought the man to town; upon investigation and from a railroad time-check found in his pocket, the injured person was identified as Leo Jordan, son of Mr. and Mrs. Patrick Jordan, who live just south of town. The back of the boy's head had been crushed in from contact with the ties. He was unconscious when discovered and remained in that condition until he died at about 2:30 that night. It is supposed that the young man, who was on his way home from railroad work near Alliance, had jumped off a fast moving special train that passed through town about 4:30 in the afternoon, and met with the accident which caused his death. Leo Jordan was born in Custer county on August 23, 1886, and had resided here since. He was a good industrious boy, and his sad and untimely death is greatly regretted. The family have the sympathy of all in their affliction. The funeral services over his remains were held at the Catholic church on Tuesday forenoon, being conducted by Rev. Father Flanagan, and in-

terment made in the village cemetery.—Mason City Transcript.

Camp Meeting.

It will be of interest to readers of this paper to know that the Methodist people of Kearney District have decided to hold a camp meeting at Callaway, beginning July 24 and continuing until August 3. Here before those who wished to take a summer outing have been compelled to go to some distant part of the state, but this plan will afford a much better opportunity for a large number of our people to enjoy a week or more of camp life. Callaway is near the center of the District, and offers many attractions, among which may be mentioned a fine swimming pool of clear water, fifteen feet or more in depth. The campground is well shaded and will be well fitted up for comfort and convenience. Some excellent speakers will be in attendance and it is confidently expected that a very pleasant and profitable time will be enjoyed by all present. More definite information may be expected in a week or two.

The Alumni Banquet.

The Alumni of the Broken Bow High School held their annual banquet at the Odd Fellows Hall on the evening of June 11. The attendance was good, there being about fifty present.

This year a senior class of 5, three boys and two girls, were ushered into Alumni membership. The plan of initiation was new, novel and interesting. A squad commanded by Arthur Myers and composed of three University students, dressed in cadet suits and armed with spears and three girls in spectacular costumes, with swords, composed the initiation force. They conducted the blindfolded candidates about the room one at a time to where two scribes, a counselor and king were stationed. These officials administered the usual oaths, propounded the puzzling questions and gave the new members the customary sound advice.

After the initiation a short well rendered program was given.

The Alumni then repaired in a body to the Grand Central Hotel where a luxuriant spread awaited them. Here the class toasts ended the evenings enjoyment.

The church was nicely decorated with flowers, wreaths and flags, which added very much to the appearances. The exercises throughout were well rendered, the little folks performing their part admirably. Hot Weather Weakness.

If you feel fagged out, listless and lacking in energy, you are perhaps suffering from the debilitating effects of summer weather. These symptoms indicate that a tonic is needed that will create a healthy appetite, regulate the bowels and impart natural activity to the liver. This, Herbine will do; it is a tonic, laxative and restorative. H. J. Freegard, Propr. Grand View Hotel, Cheney, Kan., writes: "I have used Herbine for the last 12 years, and nothing on earth can beat it. It was recommended to me by Dr. Newton, Newton, Kan." 50c at Ed. McComas' Broken Bow and Merna.

Representative Convention.

The republican convention of the Fifty-Sixth Representative District will be held in Broken Bow, Saturday, June 28. at 2 o'clock p. m. in the court house, for the purpose of placing in nomination two candidates for the state legislature, to be voted for at the election to be held November 4, 1902, and the transaction of such other business as may properly come before said convention. The counties comprising the district are entitled to the same representation as allowed to the republican state convention. Custer 20, Logan 2. J. O. TAYLOR, Ch'r. Com.

Constipated Bowels.

To have good health, the body should be kept in a laxative condition, and the bowels moved at least once a day, so that all the poisonous wastes are expelled daily. Mr. G. L. Edwards, 142 N. Main St., Wichita, Kansas, writes: "I have used Herbine to regulate the liver and bowels for the past ten years, and found it a reliable remedy." 50c at Ed. McComas' Broken Bow and Merna.

A Splendid Remedy.

Neuralgic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing properties are conveyed to every part of the body and effect some wonderful cures. Mr. D. F. Moore, Agent, Illinois Central Railway, Milan, Tenn., states: "I have used Ballard's Snow Liniment for rheumatism, backache, etc., in my family. It is a splendid remedy. We could not do without it." 25c, 50c and \$1.00 at Ed. McComas' Broken Bow and Merna.

OUR MOTTO:--Under Sell.

G. W. APPLE,

West Side Square, Broken Bow, Nebraska.

I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock. J. B. BELSHER, St. Louis, Mo. Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.
