The city of Broken Bow has one of the finest parks in central Nebraska. For its size, we believe we are safe in saying that there is not a finer park in the state. But the fence that incloses it is in very poor repair. A number of the posts are broken off and are only supported by the cable which they are intended to sustain. The rickety condition of the fence is an eye sore that should be removed. A good substantial iron fence should replace the old at the earliest day possible, one that will not only be strong enough for hitching purposes but that will be an ornament.

### Rebekahs Attention.

On account of the yearly meeting night coming this week on the Fourth of July, the date has been changed to the following night—Saturday. All members will take notice accordingly, and be on hand, as there will be degree work and installation of officers.

### Distraction for Populist.

Judge Sullivan at the fusion convention held at Grand Island last week got over into the

"Middle of the road" and gave his democratic allies some hard overhanded blows that they will not soon forget and came very near the truth in predicting the vote of the populist remnant of Custer county.

The following we clip from the Bee of the 26th which should be read by every democrat and populist in Custer county:

"In a scathing speech Judge Homer M. Sullivan of Custer county declared that all hope of success had already been relinquished. 'To nominate a democrat at the head of our ticket,' he exclaimed, 'means the destruction of our party. It means defeat at the polls, and if I am to go down to certain defeat I would rather go down with my flag flying, fighting for populist principles behind a ticket made up of populists, than to go down behind a democrat forced on us by outside influences. I want to say that no democratic candidate for governor can poll within 25 per cent of the populist vote. That was seen out in my country last year when we submitted to Hollenbeck as the nominee for supreme judge. We have in Custer county 2,200 populist voters, but Hollenbeck fell short 700 of polling their full strength, and I say that just as sure as we agree to a democrat at the head of the ticket this year we will not poll 1,200 votes in Custer county.'

He went on further to protest against the sacrifice of the populist organization for the purpose of stemming for Bryan the rising tide of the reorganizers in the democratic party.

**BRYAN NOT POPULAR IDOL.** "If you read the reports," he added, "not a single democratic convention in any state east of the Mississippi this year reasserted devotion to Bryan. Some of you talk of Bryan for president again in 1904, but I want to tell you that there is no certainty that Bryan's friends will be in the majority two years hence. I want to preserve the populist party so that he can come to it rather than to destroy the party that Bryan may use its prestige in his own party, on which he is losing his grip."

### Attempted Suicide.

T. C. Baldwin, a highly respected citizen of means, shot himself twice last night in the head with suicidal intent. Both balls glanced upward, neither penetrating the skull sufficiently to necessarily prove fatal. Temporary insanity was no doubt the cause.

### Col. F. M. Rublee.

Sunday F. M. Rublee and wife left here for Lincoln preparatory to accompanying Gov. Savage and party to Seattle, Washington to witness the ceremonies attending the laying of the keel of the battleship Nebraska, July 4. Mr. Rublee has recently been appointed to the rank of Colonel on Gov. Savage's Staff and will occupy the position of aide attache to staff on the trip. The Governor and party left Lincoln Sunday night over the Burlington for Seattle, passing through Broken Bow at 6:04 Monday morning in a special car. The trip will be a delightful one and none will better enjoy it than Col. Rublee and his wife. Mr. Rublee will visit many places of interest on the coast before returning. He expects to be gone three weeks.

### County Editorial Association Meeting.

The Annual meeting of the Custer county Editorial Association will be held in this city Tuesday, July 8. As this will be the first annual meeting of the association the members have decided to invite their wives to meet with them on this occasion and enjoy the spread with them.

### To Whom It May Concern

Berwyn, Neb., June 26, 1905.—I am using the Empire Separator No. and am well pleased with it. It Skims perfectly clean and runs easy and easy to wash. I tried the De-Laval and Empire at the same time. I like the Empire best because it runs easier and is easier washed and handled. I purchased it of L. H. House. **W. H. MAUK.**

### Some Fine Grains.

John Wehling of the West Table, left at this office a few days ago some fine samples of winter wheat, rye and oats growing on his farm. The rye measures four feet six inches, wheat three feet four inches, and the oats three feet two inches. The oats was just beginning to head nicely. They will, in all probability, grow a foot in length yet, if the wet weather continues as it has for the past month.
