Auditing Committee.

Under a suspension of the rules, W. A. George was elected president; L. H. Jewett, vice-president; S. K. Warrick, treasurer; I. A. Reneau, secretary; each to succeed him in office and each for the third term to his respective positions.

by near all members present, and developing the fact that at the present time, the disease is throughout the country and is spreading at an alarming extent. The secretary reported that he had been in correspondence with the National Stock Growers Association and had received reports of its spread throughout Colorado, Wyoming and Utah, and that our association had been requested to take active steps to check the disease. The secretary also reported that the question of tanks or dipping vats had been suggested and that four localities had been named as most convenient for use of all members of the association. The places suggested being Broken Bow, Anselmo, South Loup, at or near George's ranch, and the Middle Loup, at or near Reneau's ranch, or at Gates. Discussion of the places named followed, and also the plan for raising funds for the erection vats and pens, and by common consent, decision was reached to make an assessment upon the association for that purpose, and that a nominal fee be charged each party not a member of the association who might have occasion to use the vats. The price for non-members being variously estimated at from 6c to 10c per head.

On motion of Sullivan, seconded by Warrick, that it be the sense of this association that the erection of field vats is demanded for the public good, and that the executive committee be instructed to act at once for the association in arrangements for the erection of vats at points designated—Broken Bow, Anselmo, South Loup, Middle Loup, and also at Dunning. Carried.

The advisability of making a general call to all stockmen of the country for a meeting early in August, to be held under the auspices of the association was favored by many of the members, and such call is expected at once under order of executive committee.

A discussion of importance for counter brand on any animal sold in locality was had, and on motion the secretary was instructed to issue circular urging upon the members this necessity. Meeting adjourned at 4:30 p. m. I. A. RENEAU.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common among women, especially girls at a certain age, destroying beauty, disfiguring and making repulsive features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional dose of Herbine will cleanse the bowels regulate the liver and so establish a clear, healthy complexion. 50c at Ed. McComas' Broken Bow and Merna.

Camp Meeting.

The arrangements for the Methodist Camp Meeting and Epworth League Assembly at Callaway are being pushed to completion. The program has already been printed, and gives evidence of careful planning. The fact that the committee have secured the services of Rev. Geo. L. Barker of New Jersey, as evangelist, and of Mr. Robt. Davies, of Cozad, as musical director, gives assurance that these two important features will be in thoroughly competent hands. The date will be July 24th to August 3rd. Information regarding other attractions. Also in regard to rent of tents and other expenses will be found in the printed programs, or may be had of any Methodist preacher in the district. Decide now to enjoy this gathering, and send your order for a tent before July 12. One for the round trip on railroads.

The Perfect Liver Medicine.

Mrs. M. A. Jolley, Noble, O. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit and fully accomplishes all that is claimed for it." Malaria cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Ed. McComas' Broken Bow and Merna.
