

CUSTER COUNTY REPUBLICAN.

ESTABLISHED 1882. THE OFFICIAL PAPER OF CUSTER COUNTY. LARGEST CIRCULATION OF ANY PAPER IN THE COUNTY.

VOL. XXI.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, SEPTEMBER 11, 1902.--EIGHT PAGES.

Dr. Albert J. Gardner, medical examiner for the Relief Department of the C. B. & Q. R. R. of Alliance was in the city yesterday. This office acknowledges a call.

Gov. Savage came back at Rosewater in the State Journal last week in a way that as yet has not fired off the Omaha Bee. The Governor's experience in his last effort doubtless accounts for it.

Ringling Bros. circus proved a drawing card here Tuesday. They sold 11,624 tickets in the afternoon. This did not include "comps." We did not learn the number of tickets sold at the exhibition given at night.

COMING! The newest and most enjoyable farce comedy on the road "The Chicago Tramp." This play is drawing very full houses everywhere. Don't fail to see the "Tramp." We will give you two hours solid laugh at the OPERA HOUSE, TUESDAY EVENING, SEPT. 16. Tickets on sale at Haerberle's and Groat's.

Sixty-two people from Dunning were down Tuesday to the show.

Mrs. Runyan of Mason City, was a city visitor yesterday. She was accompanied by her sons Willie and Willis.

T. W. Dean and wife of West Union, were city visitors Tuesday. This office acknowledges a friendly call from Mr. Dean.

H. W. Albert of Weissert, was in the city Sunday night and left Monday morning for Hastings, to attend the state G. A. R. reunion.

Lost—On circus day a ladies gold watch, Elgin movement. The finder will please leave it at the REPUBLICAN office and receive reward.

The Arcadie Post office was broken into Tuesday night and about \$150 taken. The registered matter and stamps were not molested.

Mrs. Westbrook, wife of Amos Westbrook of this city, died Sunday and was buried at Sommerford Monday. She has been an invalid for some time.

Elbert, Millie and Eva Kimberling of Arnold, came over Monday on a visit with the family of ye scribe. They remained over Tuesday to take in the show.

Geo. Xanders, son of the Episcopal minister, who has been at the Broken Bow Hospital for the past two weeks with typhoid fever is said to be on the high way of recovery.

Major Elison of Ansley was in the city Tuesday, on business. The last we saw of him he was trying to borrow some ones child that he might have an excuse to go to the show.

E. F. Myers of Georgetown, went to Lincoln Monday to make the necessary arrangements to re-enter the State University. His brothers Arthur who attended with him last year and Herbert who will enter for his first time, went down to Lincoln this morning.

Next Sabbath morning an Evangelistic work will begin in the Presbyterian church. The Pastor, Rev. D. Augustus Shetler will be assisted in this work by an Evangelist from York, Neb., Rev. J. C. Redding. He is a gentleman who has received his theological training under D. L. Moody. He is also a very interesting singer having studied under Sankey, Stebben and Tower. It is hoped that these services will prove very helpful to the Christen community.

The Stephens nurseries of Crete won twenty eight premiums on fruit at the state fair. They got first, on the "best and largest exhibit by any individual," first, on "best collection of grapes;" first, on "best 50 plates of Summer apples," and in all, twenty five other premiums. The premium earning fruit will be on exhibition at the Custer county fair and will be distributed free Thursday afternoon. Mr. Stephens is sparing no expense to make the fruit exhibit the best ever given in Custer county. In all, the Crete nurseries expect to give away 25 or 30 barrels of fruit on the last days of the fair. The object is to demonstrate that with scientific care and culture apple trees of variety suited to soil and climate can no more fail to bear than corn stalks to grow corn under favorable conditions.

Tom Wright of the Ansley Chronicle, was among the friendly callers at this office Tuesday.

J. C. Moore, the abstracter received an order last Saturday for an abstract of 5000 acres of land in Custer county. That means a big land deal for someone, as well as a big job of abstracting for Mr. Moore.

The High School has been moved to the south side and occupy the large room. The number was too large to be accommodated in either of the rooms in the north side building.

The manager of the opera house has secured for the whole of fair week, one of the largest and best troops on the road. The press everywhere pronounce them the best ever visiting their towns. Don't fail to arrange to see the best plays ever given in Broken Bow.

M. and Mrs. Frank Norton visited the fair last week at Lincoln with the view of having a family reunion at the home of their son A. F. who resides there. Their only other son, who lives in Racine Wis. was to have met them there, Wednesday but was detained by the sudden sickness of their little girl, who died on the day following. Mrs. Norton remained in Lincoln to visit a few days. She is expected home to night.

School Officers Organized.

At the meeting of school officers of the county held in this city August 30 a permanent organization was effected by the election of J. J. Wilson, President J. O. Taylor, Vice President, J. A. Deitz, Secretary and treasurer. The course of study recommended by County Superintendent Lewis was adopted for the use of the schools of the county. It was decided to hold quarterly meetings. An executive committee was elected as follows: For the three year term, A. C. Towle, Merna, Jules Haumont, Elton, J. E. Myers, Upton. For the two year term, Joseph Bradburn and F. M. Currie, Sargent, for one year, M. S. Eddy, Merna; Smith Waterbury, Berwyn, David Christen, New Helena. The move is a good one. If the members of the boards throughout the county take sufficient interest to attend the quarterly meetings of the association much good will no doubt result. There are a great many questions of mutual interest that may be discussed with profit at these meetings. The REPUBLICAN hopes to see the next meeting largely attended.

I want some facts regarding the products of Custer county for the year 1902. Plain statement of facts by individual farmers and ranchmen as to yield per acre of corn, wheat, oats, barley, flax, rye, potatoes, onions, tons of hay, millet, cane or other products. Also statement of shipments of cattle, either from feed lot or pasture, weight and price received. If you will make a simple statement of any product and sign your name and forward to me, I will compile it with others received for distribution in the east. WILLIS CADWELL.
