

and they never will be. The fusionists have Jim Weaver and Jerry Simpson. That is all. And these two traitors have been chasing up and down the country for six years, trying to lay the populist party in the grave beside the greenback party. They had about accomplished their purpose, but what they left undone has been supplied by the fusionists of Nebraska. Populists would be only too glad to vote the populist ticket, but the fusionists have killed the party, and there is no populist ticket in Nebraska for populists to support. There is no enthusiasm over the gang of democrats running on the fusion ticket. How can men enthuse over the petty dickens of the spoilsman? What is there in the election of a democrat for governor to make populists happy? There might be a little democratic patronage to give to democrats, and the democrats of the east as doubt would congratulate the democrats of Nebraska upon destroying populism and

carrying the state, but populists and populism are no where to be found in the shuffle. The fight is between the two old parties, the same as it would have been, had populism never been born. The populist party of Nebraska is dead, and no one has done more work to kill it, than the editor of the Independent. Before reform work can be reasoned again, fusion must be killed. The quickest way to kill fusion is to vote the republican ticket until fusion is good and dead. Then populists can organize the allied people's party if they wish, or join the socialists who are already in the field. The question now is one between the two old parties. It is a question of whether democrats or republicans shall fill the offices of this state. The fusionists have voted the democratic ticket for six years to kill the populists party, and yet claim to be populists. Anti-fusionists can as consistently vote the republican ticket this year to defeat a democrat for governor and kill fusion, and still be populists. The fusion traitors have sold out our party. Now I am in favor of ridding the state of the traitors who have sold us out.

### Republican Resolutions of Custer County

The republicans of Custer county in convention assembled, reaffirm the principles of republicanism as set forth in the national platform of 1900.

We congratulate the people upon the happiness and prosperity that has come to them as a result of republican policy and republican legislation. Wages were never so high, nor producers so well compensated for their products as now. Men were never so well housed, clothed and fed, and have never before had more contentment of mind than during the years since republican policy has been enacted into law.

We congratulate the President and the Army on the satisfactory progress made in the Philippines in suppressing the insurrection and establishing order, and we unqualifiedly endorse the policy of our government therein. Our flag is in the Philippines and there it will remain until such time as the American people may deem it expedient or proper to give the islands a free and independent government, such as it has just given Cuba.

The American Army has taken up the work of maintaining authority in the Philippines, and while we deplore and severely condemn any instances of cruelty which may have occurred, we remember our soldiers are fighting a barbarous and treacherous foe which has inflicted most revolting and inhuman atrocities upon its prisoners. It is the Nation's Army drawn from every section of our country, knowing no politics nor creed, but fighting the Nation's battles under the Nation's flag; and we resent with

indignation, the recent democratic efforts to drag its honor in the dust and cast reproach upon its fair name.

We congratulate the republican party for the faithful fulfillment of the pledge made at its national convention of 1900, to give the oppressed Island of Cuba a free and independent government, which was consummated at Havana on May 20, by the withdrawal of the American troops and the turning over of its government to its own people.

We commend our present county officials for their business like methods in the administration of county affairs.

We congratulate the people of Nebraska upon the present prosperity of our state, and we commend the business like and economic methods employed by Gov. Savage and the state officials of his administration, which have resulted in a saving to the state in comparison with preceding administrations of nearly two hundred and fifty thousand dollars. Be it further

RESOLVED, That we disapprove of the inequality of the present methods of the assessment of property for taxation, there being no two counties assessed upon the same basis. We therefore demand that our revenue laws of the state be amended so that every dollar's worth of property or franchises shall be assessed at its actual cash value and that the levies be decreased to the lowest possible number of mills, that will provide sufficient revenue for county and state purposes. Be it further

RESOLVED, That it be made the duty of the attorney general and county attorney to see that the law is properly enforced; and be it further

RESOLVED, That we recommend the calling of a constitutional convention in the near future, or that the question of amendments to the constitution be submitted to the people of the state for their ratification.

With the understanding that the Hon. F. M. Currie is a candidate for the position of congressman from this congressional district; therefore, be it

RESOLVED, That we recognize in Mr. Currie his eminent fitness for the place; and as a mark of our confidence, we do hereby authorize him to name the delegation to represent his interest in the congressional convention.
