Mrs. Mollie Erickson of Brewster, died at her home January 3, of organic liver complaint. The deceased was the only daughter of Mr. and Mrs. G. W. Brewster, founder of the town of Brewster and wife of P. C. Erickson, editor of the Brewster News. She leaves husband and one child, a boy eleven years old, father and mother to mourn her death. The REPUBLICAN extends its sympathy to the relatives in their great bereavement.

One of the saddest and most shocking events we ever chronicled is that which befell the 3-year-old daughter of Mr. and Mrs. Henry Wilke, south of Cooleyton, last Saturday noon. While its mother was out of the house the child's dress caught fire and the clothes covering the front side of its body were entirely burned when the mother returned and extinguished the flame. Medical aid was at once summoned, but to no avail. It lived but 24 hours after the accident.—Loup County News.

A little church in Pennsylvania recently celebrated the one thousand millionth minute since Christ's coming to earth. In an article on "Pierpoint Morgan, his Advisers and his organization," John Brisben Walker mentions that Mr. Rockefeller is popularly supposed to control one thousand million dollars, and that one thousand million dollars would represent the labor of ten thousand men since Christ's coming to earth, calculated at the average scale of wages paid during the past two thousand years. In the same number of the Cosmopolitan a very interesting calculation is made as to what the one thousand million could accomplish in the hands of a thoroughly ambitious man.

W. W. Burton of Merna made this office a business call yesterday.

Mrs. W. H. Reeder of Merna, was down Friday and visited the Business College. Her son, Clarence, returned home with her Friday night.

Representative A. H. Copey of Westerville, was a friendly caller Friday morning. As the legislature adjourned Thursday night until Tuesday afternoon Mr. Copey came up to look after matters at home, coming in on the through train.

Attorney L. E. Kirkpatrick informs us that he expects to leave for the state of Washington about the first of next month, where he expects to locate. His friends here are many, who regret to lose him as a citizen and the best wishes of all will follow him to his new western home.

Will Stevens, who was formerly employed in the Dierks' lumber yards at this place, but who for the past year has held a similar position for the same company at Broken Bow, has been made manager of the Anselmo yard where he went to take charge last Saturday. Will is a good business man, and well merits the promotion. We wish him abundant success in his new field.—Loupe Valley Queen.

C. T. Wright shipped in from Cleveland, Ohio, last week a pair of O. I. C. pigs that he purchased from the originator of the breed. They are two months old and are fine ones. Mr. Wright has come to the conclusion that it does not cost any more to keep blooded stock, or as much as it does scrubs, and intends to stock up with pure bloods in hogs and cattle. He figures that a few well kept will be more profitable than a large number without special care.

Mrs. Flossie Martin, nee Rinne, daughter of our genial townsman, Fred Rinne, accompanied by her husband, J. H. Martin, arrived in the city Sunday morning on a short visit. They reside in England near London where they have made their home the past three years. It has been eight years since Mrs. Martin left here, where she made her home most of the time previous with her father. Since her marriage she has traveled over most of Europe. Her husband is a horseman of note and was the winner in the Derby race last season in which he cleaned up a nice little fortune. His professional name is "Skeets." Mrs. Martin gave a party at the opera house Monday night to a number of her old guests where a royal time is reported. They left today for the Pacific coast to visit her mother, Mrs. Rinne before returning to Europe.

Coming Saturday, January 24.

A meeting of the Old Settlers Association of Custer county has been called to meet at the court house in Broken Bow, on Wednesday, January 21, at 2 o'clock p. m. The object of this meeting is to adopt report of the committee on constitution and by-laws with such amendments as may be determined upon. All members and those that desire to become members should be present. The constitution as drafted admits to the membership of the association all residents that were here prior to 1900 on the payment of 25 cents, the membership fee.

Two Deserters Arrested.

Last night Marshal Towsley received a telegram from Crawford to arrest two colored men on train No. 42.

Not being advised of the nature of the crime for which they were wanted Marshal Towsley secured the assistance of Sheriff Armstrong, who accompanied by Ex-Deputy Sheriff Taylor and a number of citizens who received a tip were in waiting at the depot when the train pulled in. The porter said they were not on the train unless they were in the smoker. As the marshal proceeded to the smoker Sheriff Armstrong interviewed the conductor who said they were in the sleeper. The Sheriff and marshal passing through the train found the conductor at the door of the sleeper. The Sheriff produced the telegram when the conductor took them into the sleeper and pointed out the bunks where the men were. It took considerable persuasion and threats of violence before they would crawl from their bunks and dress for the officers. As the marshal and sheriff passed their close to them they had opportunity to learn that they had no fire arms. It was this knowledge upon the part of the officers that saved the prisoners from getting seriously hurt as they put up a stiff bluff and were determined not to go with the officers. It was not until the sheriff had made a demonstration with his revolver

and the marshal his billy that they gave up. It is said that the officers in Alliance attempted to make the arrest. Sheriff Armstrong and Marshal Towsley are a nifty pair to run up against and when they go after a fellow he had just as well give up.

A telegram was received this morning from Crawford to hold the prisoners that they are deserters. Whether this is the only charge against them cannot be learned at this writing, but the probabilities are that it is not. By some means one of them dropped or left his pocket book in the coach. After he had got out the conductor discovered it and threw it out of the window remarking to one of the prisoners "there is your book." The prisoner remarked that it was not his. Marshal Towsley picked up the book and turned it over to the sheriff. On examination it was found some pieces of one or more bills that had been partially burnt. On one piece was discernible \$1.00. The book contained several good bills. Together they had about \$60. Since being locked up one of the prisoners has acknowledged the book is his. Their names are Bill Streator and Olive Perkins. Streator is about six feet tall and will weigh 190 pounds. Perkins is lighter complexion, about 5 feet 10 inches, weight about 165.

Splendid interest is manifested in the class in Rapid Calculation.

New students are entering daily. Miss Tucker from Eddyville is with us again.

Our class in mimeographing is doing good work. They will soon begin letter copying.

Mr. C. R. Conn of Cameron, Nebraska, is back again; he is ready for more hard work.

We have classes taking up work in the shorthand, and business courses at our night school.

A reception will be given the students Friday evening, of this week, at the college. All be on hand.

Our classes in penmanship are now working for laurels. The winners will be announced in next week's issue.

L. E. Gosselin, one of our former shorthand students has been promoted, and is now with the U. P. railroad at a salary of \$55 per month.

We have had chances to place more students in good positions lately, but we have no more graduates at present. All of our graduates have good positions at present.

The following are students holding good salaried positions in Omaha: Olive Hessup, Frank Rublee, Howard Hall, Lee Gosselin, Clyde Ellis and Claud Sidwell.

Claud Sidwell informs us that he has passed a satisfactory examination with the Burlington, and the Union Pacific Railroad companies and is at present holding a very profitable position with the leader. Claud was a good student.
