**Your Money is Secure**

when put into our keeping. Our vaults are of modern construction—fire proof, and covered by burglary insurance. Careful attention is given to the accounts of all depositors. Business is conducted on a safe basis and all investments are thoroughly investigated before being recommended by the management. All financial matters which concern the welfare of our clients are promptly and skillfully handled. The

**Custer National Bank**

invites deposits from individuals, firms, and institutions.

H. LOMAX, Cashier.

**LOCAL MENTION.**

J. E. Cavenee of Georgetown, was a friendly caller at this office yesterday.

John Campbell of Weisert, made this office a friendly business call Monday.

J. S. McGraw of Gates, made this office a friendly call Wednesday. He went to Ansley to attend a meeting of the Woodman.

Peter Simonson has moved his meat market from the room next to the post office to Fourth Ave., in the room south of Wilson & Drake's.

Jas. Woods of Merna, was in the city Tuesday closing up a deal for a half section of land in the vicinity of Dale, consisting of the Riley and Bill Cowig quarter sections of land.

Allie VanAntwerp of Lodi, went to Grand Island Wednesday morning on 42 to attend the meeting of the Central Nebraska Teachers Association. From there he will go to Fremont to attend the Business and Normal School.

Your attention is called to the add of Ryerson-George Co. on the first page of this paper. They have a Special Easter Opening Saturday, April 11. Everybody is invited to call on them and receive a present; also to stay and enjoy the musical which will be rendered at different hours during the day.

Jas. Lindley of Anselmo, was among our city visitors Monday. We learn from him that T. E. Bryan of Anselmo, was quite severely injured the latter part of last week by a locomotive striking his wagon as he was crossing the railroad track. The wagon was thrown over on Mr. Bryon. He sustained a fracture of one leg and it is thought he was hurt internally.

Mrs. C. D. Pelham of Anselmo, made this office a welcome call Tuesday and had Mr. Pelham's subscription advanced to 1904. Mr. and Mrs. Pelham will leave in a few days for Chesterton, Indiana for Mr. Pelham's health. This estimable couple were among the pioneers of this locality and it is with regret their many friends see them leave. Their best wishes follow them.

We are compelled for lack of space to omit a letter received this morning from R. N. Shaw, General Secretary of the Y. M. C. A., Galesburg, Ill. in advocacy of making billiards, pool and bowling a part of the Y. M. C. A. equipment, in order to induce young men to frequent the Y. M. C. A. rooms to engage in these games for recreation rather than saloons. The REPUBLICAN believes in fair play and would have given the letter space had it reached us in time.

Mrs. E. C. House and children went to Boise City, Idaho, Wednesday on a two months visit. Mr. House accompanied them as far as Lincoln.

Judge Gutterston has secured the services of Judge Grimes to hear a number of cases this week in which he was interested as counsel. The district court is now in session.

Supt. J. G. W. Lewis and Leland went to Grand Island yesterday to attend the meeting of the Central Nebraska Teachers Association, in which he has a part on the program.

Miss Mabel Hiatt, who has been employed in the Broken Bow land office for the past four years, has been transferred by the government to the land office at Duluth, Minnesota. She left yesterday morning for her new field. Miss Hiatt has many friends here who regret to see her leave.

Mr. Geo. D. Mahaffy of Huron, S. D. was a pleasant caller at this office Monday in company with J. R. Dean. Mr. Mahaffy is a brother of Miss Mahaffy that at one time was a teacher in the Broken Bow Schools and a cousin of Mrs. Jas. Whitehead of this city. Mr. Mahaffy has just completed a four years term as county treasurer in his home county and is out now visiting his relatives for a needed recreation.

**Another State Bank for Custer County.**

It is not every man that goes to the state legislature that when he gets home can branch off into the banking business. But we are reliably informed that J. J. Tooley, who has the distinction of being the only pop member of the legislature from Custer county, has completed arrangements by which he will start a state bank at Anselmo soon after he returns from Lincoln. Mr. Tooley will be the principal stockholder and its cashier. The other stockholders will be Warren, Andrews, Wilson, and others of Anselmo, the stockholders in the Custer National Bank of this city will be interested. It had been rumored that Mr. Tooley would move to Idaho on the expiration of his term in the legislature, but this latter deal has changed his plans, and his many friends will be glad to know that he has concluded to remain a citizen of Custer county.

**The Crete Nurseries.**

Crete, Neb., 3-28, 1903.

EDITOR REPUBLICAN,

Broken Bow, Neb.

GENTLEMAN:—Frank G. Stephens will make his delivery at Broken Bow, April 3rd and 4th. He will have the largest delivery he has ever made at any point. Having purchased a farm in the vicinity of Broken Bow, he has taken very much interest in Custer Co., and feels more at home there than any other point in which he has been acquainted in the last six years. Mr. Stephens believes that orcharding is practical, will be successful and hopes to see the business of growing fruit in the county of his adoption, take rank equal to that of any county in the state.

Our readers may be interested in learning that in the T. C. Jackson orchard on the North Loup table, a mile from the corner of Cherry Co., the peach trees at this moment promise a full crop of fruit, and that cherries, plums and apples, and small fruits all promise a crop. This orchard of 35 acres is conducted with the assistance of the Crete Nurseries and is showing in a very encouraging way what can be done in the proper cultivation and handling of an orchard of 35 acres.

The success of the Jackson peach orchard on the North Loup table in Blaine county, and the success of the Myers orchard at Sargent, where only 16 trees were lost out of 1200 planted, leads the nursery up to the plan of distributing 500 hardy peach trees among their customers this spring in the hope that being planted and successfully fruited, the demand for peach trees may be greatly stimulated.

Not having had time to call on all of his friends and customers, Mr. Stephens will bring along a few additional trees for those who have not yet placed their orders. Very respectfully,  
E. F. STEPHENS, Mgr.

**Junior B. Y. P. U. Entertainment.**

Last Sunday afternoon, the Junior B. Y. P. U. of which Mrs. D. M. Amsberry is superintendent, rendered a special program in connection with the graduating exercises of a class of twenty-two that had completed the Home Mission course of study. The Junior department has an enrollment of upwards of sixty, ranging in age from five to fourteen years. The class that successfully passed the examination is composed of the older members of the Junior department. The exercises on this occasion consisted in songs, recitations, drills and the presentation of the diplomas. One of the most interesting features of the program was a drill by the smaller members of the department in which each bore a banner, on which was printed in large letters the name of one of the foreign countries in which the Baptist denomination is engaged in the missionary work, the opposite side of the banner was the American flag. Each pupil gave a recitation relating to the country her banner represented, concluding with a song in which all joined, waving their banners with grand effect. A song by the boys and one also by the girls were especially fine and deserving of special mention. The exercises were concluded with an address by the pastor, Rev. Morris, who presented the diplomas.

**Church services.**

WILLIS CADWELL.

## Budlong DISC HARROW!

That is the name of the Disc Harrow made famous by the Janesville Manufacturing Co., who on account of its superiority have always been able to get from \$2.00 to \$4.00 more for their Disc Harrow than any other manufactory has been able to get for their Disc Harrows. Less than two years ago their patents ran out and other factories are now making this Disc Harrow. By arrangements I have made with one of these factories, buying direct from the factory in car lots and shipping direct from the factory, I am in a position to sell them for less money than any dealer in the county can sell you a Disc Harrow. I will have a car load of these Disc Harrows here on April 1, and as long as they last you can buy a 14-16 Disc Harrow all complete with 4-horse eveners, double trees, neck yoke, etc., for

# \$25.00

If you are nearer Ansley than Broken Bow, you will find these Disc Harrows for sale at

**THOMSON & MARTIN'S,**  
the New Implement Firm at Ansley, Nebraska.

## C. S. MARTIN, Mfg. Agt.
