

CUSTER COUNTY REPUBLICAN.

ESTABLISHED 1882. THE OFFICIAL PAPER OF CUSTER COUNTY. LARGEST CIRCULATION OF ANY PAPER IN THE COUNTY.

VOL. XXI.

BROKEN BOW, CUSTER COUNTY, NEBRASKA, THURSDAY, APRIL 23, 1903.--EIGHT PAGES.

NO. 45.

TWO WAYS

of getting glasses. ONE is to go to the nearest permanent located optician and get what you need, and a guarantee that they will be satisfactory; if not, they will be exchanged free. THE OTHER is to let some traveling peddler sell you a pair run the risk of ruining your eyesight entirely, and when he has your money you never see him again. MY CARE insures better use of the eyes you have. My proper fitted glasses will correct defects, strengthen the eyes, and in time remove the defects. I'd like to fit your eyes. I have every late and scientific appliance for accurate eye-testing, and sell spectacles at all prices. Cash paid for old and broken gold spectacle frames.

The Safest Way

is the best. The modern bank check has superseded cash in the settlement of accounts. This eliminates all chances of errors and disputes. Also danger of loss. Deposit the income from all sources with the

Custer National Bank

It will be absolutely safe under our business system. Draw on the balance when funds are required. Transact all business through the bank. Much time and trouble will be saved.

LOCAL MENTION.

Don't fail to hear Prof. Sutton.

Peter Beck of Georgetown, was a city visitor last Friday.

F. H. Young and Alpha Morgan went to Omaha yesterday morning.

Mrs. Charley Kelley and son Robie of Omaha, arrived in the city Monday morning to visit with the family of Ye Scribe.

Commissioner of Public Lands and Buildings Folmer was in the city Monday on official business. This office acknowledges a friendly call.

W. G. McWilliams of Tabor, Iowa, brother of James McWilliams of this city, arrived last night and expects to spend two weeks visiting.

The Broken Bow Telephone Co. has added very much materially to the general appearance of their line by painting the Telephone poles in the city.

Judge Reese, A. R. Humphrey and D. M. Amsberry went to Lincoln yesterday on special business. They will in all probability return tomorrow.

Register of Deeds, C. O. Lind has appointed John Woods of this vicinity deputy to fill the vacancy made by the resignation of Mr. Chittick. Mr. Wood commenced work in the office last week.

Mel Steinman of Westerville, made this office a friendly call Tuesday and renewed his subscription and ordered another copy sent to Red Bluff, California, where he expects to spend the summer.

The B. & M. have finished grading the ground for their park and have sowed it to blue grass and set out trees which is a great improvement and will add much to the appearance of the depot grounds and city.

The special clubbing offer of \$1.35 for the REPUBLICAN and Nebraska Farmer for a year has been extended. This will give every farmer in Custer county a chance to get both for little more than the price of one.

The Judge that tried Mrs. Lillie for the murder of her husband at David City has refused to grant a new trial. He sentenced her to the penitentiary for life at hard labor. She protested her innocence to the last. The case will be appealed to the Supreme Court.

The Callaway Queen brings out the name of Simon Cameron as a prospective candidate for county judge. The Westerville correspondent for the REPUBLICAN last week proposed the name of F. D. Mills as a candidate in case the convention does not renominate Judge Armour.

John Robinson of Fleming Valley telephoned us Monday that he had commenced planting corn. Mr. Robinson for several years has planted corn in April and his experience has been so favorable that he continues to plant early. This is one of the seasons that has every indication of being favorable to planting corn early.

James Chittick, deputy register of deeds, has resigned his position and moved back to his farm in Wayne township. Mr. Chittick has quite a bunch of cattle, a fine farm and he felt that his business required his personal supervision. He moved back to his farm Monday. Mr. and Mrs. Chittick are most excellent citizens and their many friends of the city were sorry to see them leave. Their best wishes will follow them.

A move is on foot to secure a state normal school for Broken Bow. We believe this the proper location for a school of this kind, as it is centrally located, and can be reached by train or stage from every direction. Broken Bow also has many other inducements which much larger places cannot offer, and if she does not grasp this opportunity by raising the necessary expense to secure the school she will certainly miss the chance of her life. We would be pleased to see it go to Broken Bow. Loup Valley Queen.

Prof. Sutton, electionist, Saturday night.

Phillip Broch and wife of Merna, were city visitors Tuesday. Mr. Brock was in to transact business with land office.

F. H. Young, president of the Anselmo bank, spent the latter part of last week in Anselmo in helping to get the bank started.

The Alliance Grip says: Everett Moore received the good news from Seward last Thursday that a son had been born to him at the home of his wife's parents in Seward.

Wm. Cosner of Merna, was a welcome visitor at this office Saturday. Mr. Cosner reports that much of the gardening is done at Merna and that the Railroad Co. is putting down a well near the depot.

The stories of the big corn crop last season apparently are not all in yet. John Whelming of the West Table tells of a neighbor who has so much corn that he has kept the road barred up with it for the past six months.

Harry Day has disposed of his stock of goods to a Mr. Stevens of Burwell, who will continue the business in this city. Mr. Day has, for a number of years, been identified with the mercantile interests of Broken Bow and in that time has made a host of friends, who regret to have him quit the business. Mr. Day expects to go to the coast, where his wife is now visiting and may conclude to locate there. The best wishes of his many friends will go with him.

The Junior Normal at Alliance will open June 8 and continue in session ten weeks with Prof. W. H. Bartz, principal. The applicants for membership must not be younger than fourteen years of good physical health and good moral character. The student must have a fair knowledge of the common school branches such as may be obtained in the country schools, or in the lower eight grades of well organized city schools. North Platte and McCook will have Junior Normals commencing June 16.

Barber Shop Changes Hands.

Claude Wahl has purchased the barber shop on the west side of the square, which he formerly owned. Mr. Wahl is having the shop repaired and put in excellent condition. He solicits the patronage of all his old customers as well as all new ones that want first-class work.
