

The Appetite of Human Nature

When **Uneeda Biscuit** were first introduced, a conservative said:

"They are all right as far as they go, but they won't satisfy the worker. The worker, you see, wants something solid, and substantial, and plain—like potatoes, cabbage, or beef. These delicate and crisp biscuit, packed so daintily, in that In-er-seal Package, will not appeal to him any more than winter strawberries."

That sounded like good reasoning. But fact upsets theory.

Workers everywhere have been great consumers of **Uneeda Biscuit**. The outdoor worker, seated at noon upon the sidewalk, a house wall for his back rest; mill hands in the mill yard, seated on comfortable bales; teamsters and draymen, on their high box seats—all have eaten **Uneeda Biscuit**, and their wives have eaten them, and their children have eaten them.

Another conservative took another view:

"**Uneeda Biscuit** are all right," he said, "to sell to the workers, but you must not expect to sell them to the more prosperous people. They are too cheap. Five cents a package—that kills **Uneeda Biscuit** so far as the wealthy are concerned. The price should be higher—they are worth it."

That, too, sounded reasonable, but it also turned out to be only theory.

For the greatest grocers of the city and of the country say **Uneeda Biscuit** have taken the place of the more expensive biscuit. Over 200,000,000 packages have been consumed.

The worker eats **Uneeda Biscuit** because of their goodness.

The wealthy eat them because of their delicacy.

The whole world eats them because they represent the highest value as a food product—pure, wholesome, good.

The appetite of human nature always relishes a good change of diet—Uneeda Milk Biscuit is a change that never disappoints.

NATIONAL BISCUIT COMPANY

engine could be procured which would be guaranteed to do the work of twelve horses on any kind of roads, and that three times as much grading can be done with the engine as can be accomplished with horse power. It is just as important that the roads

Opportunities in the South

No portion of the United States has made greater progress in the last year or two than the South. Northern and foreign capital is rapidly invading that section, finding profitable investment in the various industries and factories that are being rapidly developed and built. The great influx of settlers is creating an increased demand for lands of all kinds and prices are gradually advancing, as they will for years to come. Work is plentiful and poverty practically unknown. Alabama is supplying coal and iron to all the world. More money can be made and with less labor in the raising of small fruits and berries and in truck patching on the Gulf Coast than in any other state in the Union. Strawberries from Alabama reach northern markets before those from the states in the southeast. Cattle can be raised with great profit, there being millions of acres of cheap range lands. If you are interested in the south and its resources and desire information on any subject, address

THE P. D. SMITH COMPANY,

Always have the best quality of Lumber and other building materials at the Lowest Prices.

'Phone No. 79.

C. R. JUDKINS, Manager.

leading to Broken Bow be in good condition as that our streets be well graded, and I believe this suggestion is worthy of careful consideration.

SIDEWALKS AND CROSSING.

Perhaps the most important work the Council will be called upon to do this year will be to enforce the repairing and re-building of the sidewalks of the city. I believe it is possible to arrange for sufficient funds to put in sidewalks and tax the costs against the property where the lot owners refuse or neglect to comply with the ordinance, and I emphatically request the council to adopt such measures as will be necessary to enforce the re-building and repairing at the earliest possible time. I would recommend that a new ordinance be drawn determining the width of walks in certain parts of town, and making such provisions as are necessary to enforce immediate repairs.

During the past year considerable work has been accomplished in the way of new cross walks, but a large number of these are still needed and should be put in. The committee on sidewalks and crossings have a very important work to perform, and the pride of our citizens should be sufficient to promptly comply with all sidewalk requests without putting the city to the trouble and expense of doing the work and taxing the costs against the property.

WATER WORKS.

It is a source of considerable regret that up to the present time the purchase of the water works plant has not been consummated after the city has done its part in the matter of voting bonds for the same. It, however, is not necessary to recommend that the negotiations be continued with the company and that all honorable means be used to complete the deal. This is the desire, not only

of the members of the Council, but of the citizens in general, and I feel like assuring our people in advance that everything possible will be done.

ORDINANCES.

One of the most urgent needs of the city is to have the ordinances revised and compiled and published in pamphlet form. This has not been done since 1894 and all ordinances passed since that time can only be procured by hunting through the records of the City Clerk. The ordinances should be in the hands of all the citizens who desire them. If this were done many violations of the city laws would be avoided. I would recommend that this matter be referred to the City Attorney for his early action.

A PERMANENT HOME.

A suitable location for the City Hall is very much needed and a plot of ground of not less than fifty feet frontage should be purchased on such terms as the city can comply with, and the city building moved thereon. The steady advance in property indicates that this should not be delayed longer. The building of a suitable place for the Hook & Ladder and Hose Carts, arranged for between the city and fire companies during the past year, as well as other improvements, will then be of a permanent nature. A levy of two mills to create a fund for the City Hall would, in a few years, give Broken Bow such a building as it needs.

STREET LIGHTS.

The lighting of the city is not what it should be and I would recommend that the Council procure better lights for the business portions of town.

HEALTH DEPARTMENT.

It is a source of much satisfaction that Broken Bow has not been infected to any extent with contagious diseases during the past year. The prompt action of the health officer in properly quarantining and thoroughly fumigating whenever occasion demanded has no doubt in several instances checked the spread of disease. The health department of the city during the past year has been run without expense to the city.

PARKS.

Broken Bow is fortunate in having two splendid parks. They are the pride of the city and I would urgently request that every possible effort within the means of the city be made to beautify them. Nothing goes further toward improving the appearance of a town than the neat and tidy appearance of its parks. They both need considerable attention this year and to the park committee will be entrusted the general care of them.

ance of a town than the neat and tidy appearance of its parks. They both need considerable attention this year and to the park committee will be entrusted the general care of them.

IN CONCLUSION.

The fact that Broken Bow is today far in advance as a business, educational, moral and social town is due to the excellent class of its citizens, and I want to ask the further co-operation of the people who have made this condition possible, to assist in improving the outward appearance of the city. A general cleaning up is needed. Haul out your garbage, clean up your yards, improve your lawns, keep down your weeds, repair your walks, and let us make Broken Bow a still better town than it has been before.

Respectfully Submitted,
E. R. PURCELL, Mayor.

OBITUARY.

BIRGE.—Near Ryno April 18th, 1903, of Consumption in her 20th year, Miss Minnie Belle Birge. After embalming, her remains were taken to Iowa by her father and laid to rest beside her mother, who had preceded her to the better land seven years, at Liberty Church nine miles north of Creston Iowa. She is survived by her grandfather, two aunts, her father and one brother. She had the best treatment that money could procure but all of no avail. I bespeak the sympathy of all for her father and only brother in the loss of their loving daughter and sister leaving them to keep house as best they can.

Daughter, thou wast mild and lovely,
Gentle as the summer breeze;
Pleasant as the air of evening,
When it floats among the trees.

RYNO.

BORN.—To Mr. and Mrs. James E. May, April 28, a son.
B. C. Empfield and wife of Anselmo, visited amongst relatives at Ryno during the week.
Fruit and early gardens all froze, oats, barley and rye injured, but how much it is yet too soon to tell.

G. A. Griffith took his cattle to J. W. Conley's on Saturday to pasture for the season. They are in fine condition.

Church Services.

EPISCOPAL CHURCH.
St. John's Episcopal service Sunday May 10, Fourth Sunday after Easter. Morning prayer and sermon 11 a. m. Evening prayer and sermon 8 p. m. The public is cordially invited.
W. H. XANDERS, Rector.

U. B. CHURCH.
Sunday School at 10 a. m. Preaching by J. W. Cummings at 11 a. m. Junior services at 3 p. m. Young peoples meeting at 7 p. m. Sermon in the evening at 8 o'clock. A cordial invitation is extended to the public.
W. F. PERRY.

M. E. CHURCH.
Services at the M. E. church Sunday as follows: Sunday school at 10. Preaching at 11 a. m. Theme "The Blessings of Failure." Text Acts 23:11. Juniors meet at 2:30 p. m. Epworth League at 7. Evening preaching at 8. Theme "The Measure of Eternity." Text, 1st Cor. 9:22. GEO. P. TRITES, Pastor.

CHRISTIAN CHURCH.
A full attendance of the membership especially is desired at the morning service next Lord's Day. There are some matters of importance and interest to be presented. The morning theme will be "Christ's Ministry and Ours." Evening subject "His Second Coming," a subject in which all are interested. You are invited. All Endeavors are specially requested to be present promptly at 7 o'clock. Bible school at 10 a. m. There is nothing dull about this school. Come and see.
A. G. SMITH.

BAPTIST CHURCH.
Bible school will study at 10 a. m. Divine worship at 11 a. m. Preaching by the pastor, topic of the sermon "Remnants." Junior B. Y. P. U. meets at 3 p. m. Senior B. Y. P. U. at 7 o'clock. At 8 p. m. the sixty minute service. Subject "A Biblical X-Ray." Wednesday 8 p. m. The mid-week prayer time. Thursday 2 p. m. Ladies Aid Society. Friday 4 p. m. Boys Brigade drills. Saturday 7:30 p. m. Study of the Bible School lesson at the church, under the direction of the pastor.

NEW HELENA.

Miss Josie Byers visited Miss Schnorf, Sunday.

Brownie Williams was in Anselmo, Tuesday.

Clarence Doman and wife visited at Mr. Kellar's, Sunday.

Oscar Bowley and family attended church at Keota last Sunday.

Quaker Smith and wife were doing business at Anselmo, Saturday.

Considerable hail fell here last Monday but not enough to injure the growing crops.

New Helena is a very attractive place but not attractive enough to keep our boys here.

The heavy frost and the snow storm of the past week did considerable damage to the small grain and trees.

Mr. and Mrs. Farley Wells left here for Alliance Sunday night. They will make their home there for some time.

Burt Lindly of Pleasant Valley, has built a new sod house on his claim in our valley and intends to move soon.

Mr. and Mrs. Will Doman are the proud parents of a baby girl which was born April 28. Mother and babe are doing well.

Burl Robinson and Elmer Bowman left here Sunday night for Spokane, Washington. We wish them success and pleasure.

MEMO.

Neal Smith left Monday for Washington.

F. Jacquot had his 'Phone put in at the new house Tuesday.

Dr. Morrow moved into the Graham house a few days ago.

John F. Haney's smiling face was seen on our streets Wednesday.

Rumor hath it that the M. E. church will be painted in the near future.

Mrs. Hannawald has been visiting with her son, Frank, several days past.

The telephone company have been busy this last week rearranging things. New poles are going up.

WANTED.—Several industrious persons in each state to travel for house established eleven years and with a large capital, to call upon merchants and agents for successful and profitable trade. Permanent engagement. Weekly cash salary of \$15 and all traveling expenses and hotel bills advanced in cash each week. Experience not essential. Mention reference and enclose self-addressed envelope. THE NATIONAL, 334 Dearborn St., Chicago.

Rasmus Anderson,
Real Estate.

ANDERSON & MOORE.

on every box, 25¢

A fine rain visited this place on Tuesday evening. The rain continued all night and the ground was well soaked.

Mr. Neaves' daughter, living about 13 miles west of here, fell from a horse on Monday and broke her arm. Dr. Morrow was called in and set it.

Mrs. John Pirnie and children visited several days with Mrs. Pirnie's mother and other friends near Berwyn, returning home on Monday evening.

The town was interested Wednesday to see a company of Japs, who were going west on a freight. They seemed bright and intelligent, though small in stature.

A gloom rests upon this community today. The one subject in all conversation is the sad accident that befell Nick Jacquot, Junior. The boy was riding a disc when he was thrown forward and terribly mutilated by the disc. Drs. Morrow and Downing were summoned to his help and later Dr. Mullins. The doctors did all they could for him, and the boy fought bravely for his life. His father who was in Omaha was telegraphed for and came in that evening at midnight. The family have the deep sympathy of the entire community.
