### The August American Boy.

The third installment of Mrs. Gabrielle E. Jackson's story, "Three Good Cronies," appears in this issue. The cover page consists of a splendid picture of "The Old Swinnin' Hole." "Captured," by that fine writer for boys, J. L. Harbour, tells how two boys captured an immense serpent belonging to a circus. Some of the other leading contributions in the August number are: "A Voyage on the Snow," by Will Lisenbee; "The Beginnings of an Astronomer," "The Washington High School Cadets" with some fine pictures, "The Summer Life of the Roosevelt Children," "Tip's Heroism," "Life on a Man-of-War," "Across Niagara with Blondin," "The Printer's Apprentice," "Something About the American's Cup," "The Way to Pitch Real Curves."

There are dozens of practical, helpful departments which will encourage and inspire boys to do things. The best boy's paper in the world is absolutely clean in every respect and has won the confidence and esteem of 11,000 families who receive it each month regularly. Its wonderful success is well deserved.

Published by the Sprague Publishing Company, Detroit, Mich. \$1.00 a year; sample copies ten cents each. The American Boy and the REPUBLICAN for \$1.60. Regular price, \$2.00.

### CALLAWAY.

Alpha Morgan, chairman of the republican county central committee, of Broken Bow, had business in this burg last week.

Callaway will be somewhat deserted the greater part of this week, as a large majority of her citizens will be absent at the County Fair.

School will open up here next Monday with Prof. Hawthorne as principal, Mrs. Stevens in the grammar room, Abbie Steele in the intermediate and Lena Moore in the primary room.

The Callaway and Merna ball teams will meet in a deciding battle at this place next Monday. These teams have already played two games this season, with a game to each one's credit, and this game is to determine which is the master.

The camp meetings, which have been in progress at this place the past ten days, came to a close Sunday evening. Notwithstanding the fact that there were no conversions, a general warming up of the town was very much in evidence, and the meetings were pronounced a success.

One day last week, as Mrs. Eb. Nicholson, who resides just a short distance southwest of here, was sitting in her parlor, she heard her pet cat give a yowl as if it was in distress. Going to the door to ascertain the cause she found the cat and a large eagle in a deadly combat. The cat had been sunning itself on the porch when the eagle swooped down upon it. Mrs. Nicholson gathered up a broom and sailed in on the bird and in a short time had it hors de combat. It proved to be of the bald headed species and measured six feet from tip to tip of its wings.

Mrs. Rev. Buckley met with a serious accident last week while returning home from the camp meeting in the evening. Owing to the bad condition of the sidewalks, she stepped in a hole in one of them, which threw her down, badly twisting and bruising her ankle. She had to almost be carried home, and was several days as a consequence of the accident. It was her first attempt to walk any distance for a number of years, and she will now be incapacitated for some time to come. The condition of the walks here are a disgrace to any town.

Mrs. Earl Whaley, daughter-in-law of Ex-Supervisor Whaley, residing just west of this place met with a very serious accident last Saturday, which might have cost her her life. She, together with her husband and little child, went out into the hills to get a load of clay, and took the gun with them. While driving along the edge of a bank, the dirt caved off, throwing the occupants out of the Wagon and in some manner the gun was discharged, the load striking Mrs. Whaley in the right thigh, inflicting a very serious flesh wound. As her arm was also hurt in the fall, she did not realize she had been shot until her clothing were discovered on fire. The report of the gun, it is supposed, caused the team to run away, and it is only luck that the accident was not much worse. Dr. Mathews was at once called, and while he calls the wound a very serious one, he thinks no bad results will occur from it.
