Election next Tuesday. Go to the polls and vote the republican ticket by placing a cross in the circle at the head of the ticket and you will never have cause to regret it.

As you sow so may you expect to reap. The republican who votes for any candidate but one named by the republican convention will be sowing a seed that may grow up to defeat his or his

friend's candidacy in the not distant future.

The populist leaders in this county have conceded to the republicans the election of their ticket with the exception of sheriff, and they are now sacrificing all the other candidates for Richardson.—Chronicle-Citizen.

The voters of Custer county can well afford to let well enough alone, in the matter of county judge. No judge has kept his books in better shape than Judge Armour. His decisions have been rendered impartially according to the law and the evidence.

The false circular against B. O. Hostetler published in the Beacon and Chief two week ago, which we expose this week, is akin to the tactics the populist leaders have adopted in their efforts to defeat J. O. Taylor for sheriff. Is there a republican in the county who will endorse such low down methods of campaigning by voting for a candidate on the pop ticket?

The Chief, which seems very solicitous over the strenuous campaign the REPUBLICAN is making would do well to look just a little after its own laurels. It may find it difficult to carry water on both shoulders without a mishap. What ever else the REPUBLICAN may be accused of, it can not be charged with secretly working for the defeat of any of its own candidates, with the view of personal gain.

We inadvertently omitted to note that W. F. Greenlee has purchased half interest in the Mason City Star of A. H. Barks, and that Mr. Greenlee is to have editorial charge of the paper. In this connection it gives us pleasure to note that the editorials in the Star last week indicate where the paper stands politically. The REPUBLICAN extends congratulations to Mr. Greenlee in the position he has taken.

Farmers don't you know to a certainty that the 7 mills tax the pop supervisors voted was a political dodge to deceive you? They saw they could wring out of you by distress warrants enough back taxes to practically supply a deficit and then insulted you by saying: "See how cheaply we can run the county!"

The county was not in debt, but the struggling farmers were in debt to the county.—Sargent Leader.

It sometimes makes a difference whose ox is gored. A few years ago when V. C. Talbot was the republican candidate for sheriff, some of the most active opponents he had were fusionists who had been in the Spanish-American war with him. Now that a fusionist has received the nomination for a county office, these same persons are now insisting that it is the duty of all the Spanish-American soldiers to vote for him. It makes a great difference you see.

George B. Mair should be elected by a handsome majority. There is no republican in Custer county more deserving than he. For twelve long years, George B. Mair, through the columns of his Callaway Courier, labored hard year in and year out for the principles of the republican party, battling against adversity and pop majorities that reached into the thousands. As firm as a rock, Mr. Mair never swerved from duty. Conducting a republican newspaper during the dark days of populism in this county, sup-

porting the republican candidates without hope of reward, no doubt cost him more than his party can ever repay. Now that an opportunity is afforded to show appreciation to Mr. Mair for his loyalty to party, it behooves every republican to be at the polls on election and in voting the republican ticket place a mark for George B. Mair for Clerk of the district court.—Chronicle-Citizen.

Col. Tibbles of Lincoln, discussed the political issues of the day from the populist standpoint at the court house last Thursday night. He frankly admitted that the people are prosperous under republican administration, but claimed it was all because of the coinage of the silver bullion the government had accumulated and that was just what the populists had demanded. If republicans are doing just what the pops would have done why does not Mr. Tibbles join the republicans? Mr. Tibbles knows as does every well informed pop that the populists demanded that silver should be made the standard instead of gold and that silver should be coined by the government free. The "free coinage of silver" was their great battle cry. Every dollar of silver that has been coined by the republican administration has been coined on a gold basis and every dollar of it is worth as much as gold. Had the pops succeeded it would have been coined on a silver basis of 16 to 1. Instead of having prosperity we would have had poverty greater than we had under Cleveland.

Prof. J. M. Scott came out last week in the Beacon with charges against the republican nominee for county superintendent. This week a copy of the same article is sent to the REPUBLICAN, by Mr. Scott requesting its publication. We supposed the Prof. would not attempt to force his personal grievance upon the public after his bitter experience at the republican county convention. The REPUBLICAN believes in Mr. Lewis and approves his faithful and honest efforts to build up the schools of the county. We do not approve of any one who has had his day in the convention publicly opposing the nominees of that convention. No loyal partisan will do it. The REPUBLICAN has never been guilty of playing the roll of aid to populists and therefore most respectfully decline the use of its columns by Prof. Scott or any one else for that purpose. Bnt, says one "if you refuse to publish it will not Scott work for the defeat of Taylor, Armour, George and the rest of the ticket?" Let that be as it may, we propose to maintain the reputation of the REPUBLICAN and the principles of the republican party as we believe we should regardless of results. Let every loyal republican resent such methods to defeat any one they have chosen for preferment. Strict loyalty to the whole ticket means success. Divisions may bring defeat. Let every voter place a cross at the head of the ticket.

It is a Political Trick.

The assumed leaders of the democratic party of this city has for some reason withdrawn the democratic candidates and refused to certify up the names of their candidates to be placed on the ballot. The chairman of the democratic convention was Dr. C. L. Mullins and the secretary, Ross G. Moore. The law makes it a duty of the chairman and secretary to file a certificate with the county clerk of the nominees of the party. Why did they not do it? Did they expect by this scheme to compel the democrats of Custer county to vote the populist ticket. Will they do it?

The Sheriff.

We have not a word to say against C. U. Richardson, and if we had a personal pique, we should keep it to ourself. In the

matter of Sheriff, we owe more to our political opinions than to our personal friends. We can't swap principles for personal ends and claim to represent political ideas. J. O. Taylor is, in every way, qualified for the Sheriff's office. The personal abuses against Taylor are all in his favor when the facts are known. It is very singular that those who profess a love for the farmer, should invariably accept every pretext to vote against a farmer. J. O. Taylor is farmer by profession, and a successful and honest man. Populists, show your faith by works, and give a farmer a chance.—Sargent Leader.

Interest on County Money.

Ask Mr. Schneringer to stand up and answer, did he ever lend any county money to any person, his answer to this question will be no.

Of course he did not. The law forbids the county treasurer lending or investing one dollar of county money.

Then how can Mr. Schneringer and the Beacon claim that Mr. Schneringer or Mr. George are in any way responsible for the amount of interest received on the county money deposited in the banks. The County Board have full and complete control of this matter and designate the depositories for the county money, designating the limit deposited in each bank and the rate of interest which the county is to receive.

Any bank wishing to have county money deposited with it makes application to the county board, accompanying such application by the proper bond (Surety Bond,) stating the amount of money it can take and the rate of interest it will pay. So the deal is made. Not with the county treasurer but with the county board. That is how it is now, that is how it was when Mr. Schneringer was in the office.

Neither Mr. George nor Mr. Schneringer ever loaned a dollar of county money.

Now Mr. Voter do not be deceived in this matter. If you doubt the above statement take the revised Statute and read Chapter 18, Article 3, Section 18, and then go and examine the Supervisors Record where they designated the Banks for the treasurer to deposit the money in, and you will find that in this matter as in that of the amount of business and the cost of collecting taxes Schneringer and the Beacon are running their campaign on bluff and deception. If Mr. George is elected he

LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had spent \$100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marchfeld, Ill.

will put up such bond as the county board demands whether it be personal or surety.

Vote for W. A. George. If he is elected it guarantees two years more of economic service.

Economy Put in Practice.

"Economy," remarked the pop statesman, "is the science of running the government in such a way as to save the peoples money." Then the P. S. falls into a desecration on the good qualities of M. E. Schneringer as treasurer and longs for the time to come again when the business like administration Mark put up will be again in order at the Court House, with Armstrong or his deputy playing a second economy fiddle in the sheriff's office.

"But what do you think of that particular brand of economy" put in a republican, "that charges 50c for issuing a distress warrant for 14c and turning it over to a pop sheriff for service so that the poor fellow who has it to pay must put up \$3.15 to pay a 14c tax claim?" "Stuff, mere stuff, a lie put up by Hanna hirelings to deceive the very elect," replied the statesman. Yet I will admit that writing looks mightily like Mark's and

Eli's. But since the fellow paid it, I can't see why it is pulled into this campaign to prejudice voters," replied the statesman.

Now look here voters, its like this. If the fellow against whom this warrant was issued had not paid it, it would have been charged up to the county and the taxpayers would have footed the bill. It was done in other cases just like this and where the warrant was returned "not found" and the county paid thousands of dollars for that particular brand of economy. Do
