

ALL DONE OUT.

Veteran Joshua Heller of 706 S. Walnut street, Urbana, Ill., says: "In the fall of 1899 after taking Doan's Kidney Pills I told the readers of this paper that they had relieved me of kidney trouble, disposed of a lame back with pain across my loins and beneath the shoulder blades. During the interval which has elapsed I have had occasion to resort to Doan's Kidney Pills when I noticed warnings of an attack. On each and every occasion the results obtained were just as satisfactory as when the pills were first brought to my notice. I just as emphatically endorse the preparation to-day as I did over two years ago."

Foster-Milburn Co., Buffalo, N. Y., proprietors. For sale by all druggists, price 50 cents per box. General Miles' Savings Deposit. In his speech at an Evacuation day dinner in Boston the other evening General Miles mentioned that while working in that city before the civil war he saved up a dollar and deposited it in a savings bank. He had not thought of it for many years, but his visit to Boston recalled the matter. The officials of the bank looked over their books and sure enough found that the dollar was there in the name of Nelson A. Miles. Unfortunately for him however, no deposit of less than \$3 draws interest, so he might as well have had his treasure hidden in a stocking.

LIBERAL CONTRACT FOR BEETS

American Sugar Beet Company Makes Generous Deal With Farmers. GRAND ISLAND.—The American Beet Sugar company has just issued its new contracts for the raising of beets during the season of 1904 and a much more favorable contract than has ever been issued is presented to the farmers. The beet raiser has, indeed, the choice of two contracts, one the same as last year and the other a flat rate contract, which, regardless of the sugar content of the beet—provided only, as always, that it must be a sound beet—pays \$4.75 to the farmer within handling distance to the factory, with 20 cents additional for such of the beets which toward the end of the season have been sliced before delivery. It is the expectation that the beet raisers in this vicinity, within hauling distance of the factory, will largely take advantage of the flat rate contract.

It is the first time the choice of such favorable contracts as these have been submitted. Some of the farmers have been favorable to the flat rate price, owing to the fact that they could not without expense satisfy themselves thoroughly as to the correctness of the tests. Others have preferred the sliding scale, \$4 per ton for 14 per cent beets and 25 cents additional per ton for every additional per cent of sugar content found by chemical analysis made by the factory chemists. The flat rate contract is here regarded as the most liberal ever made by a Nebraska beet sugar company.

THE STATE IN BRIEF.

The Missouri Pacific will put in a new depot at Auburn.

Inne Standerwick, one of the pioneer residents of Boone county, died at his home in Albion last week.

Dodge county will spend \$2,000 more for bridges this year than last. The cost of bridge work for the year is estimated by the board of supervisors at \$18,000.

While Jacob Bauer, living two miles south of Blue Springs, was shelling corn his foot was caught in the gearing, mashing it so that amputation was necessary.

The case of the state vs. Lou F. Woodruff has been on trial in the district court at York. The jury after being out two days and nights could not agree and Judge Evans discharged them.

The Omaha Gas company paid a royalty of \$15,406 into the city treasury for the privilege of doing business in 1903. This amount is \$1,132 more than last year and the largest in history.

Rising City will have another banking institution in the near future, the organization of which was made last week. It will be known as the farmers' State bank of Rising City, Nebraska, with an authorized capital of \$30,000.

John Romberg, living eight miles west of Pender, while driving cattle near his farm fell under his saddle horse and fractured one of his legs in three places. Although a serious injury, the leg will not have to be amputated.

SHOT WHILE STEALING CORN

William Lewis Probably Fatally Injured by Employe of State Farm.

LINCOLN.—William Lewis was shot and probably fatally injured by a state farm employe. A. W. Stratton or Ben Taylor, employes of the farm. For some time corn had been missing from the barn and the two men were detailed to sleep in the barn and catch the thief if possible. During the night they were awakened by someone in the barn and saw Lewis, who had already carried out two sacks full of grain and returned for more. They closed with Lewis and knocked him down, but he got upon his feet again and ran. The men fired and Lewis dropped.

The ball, a .22-caliber, entered just below the heart. Lewis was brought to the city and Drs. Beachley and Slatatory were summoned. They are of the opinion that Lewis' injuries are fatal, though there is a bare chance for his recovery.

Complete Railroad Schedules.

LINCOLN.—Secretary Bennett of the state board of equalization has completed his schedules for the assessment of railroad property and it includes everything in sight and will give the state board plenty of facts upon which to base the value of the franchise. Mr. Bennett expects great results from the meetings of the county assessors soon to be held. These will be held in the senate chamber, but the time has not yet been determined. Officers will be elected and an organization will be effected. It will be impressed upon the assessors that they are responsible for the work of their deputies and the law will be discussed with them in detail.

Insurance Solicitor Fined.

PLATTSMOUTH.—J. Forrest Marston was arraigned before Justice M. Archer and pleaded guilty to the charge of having solicited life insurance in this state illegally. The court fined him the sum of \$50. Not having the money to pay the fine he was taken back to the county jail.

Lewis Dies from Wounds.

LINCOLN.—William Lewis, who was shot by A. W. Stratton at the state farm Sunday night while thought to be stealing corn, died on Tuesday. At the coroner's inquest Stratton was exonerated from all blame for the shooting. The dead man leaves two sisters living in Omaha, Mrs. Mary Campbell of 2003 North Twenty-second street and a Miss Lewis.

Young Girl Found Dead.

SUPERIOR.—Eunice, the 11-year-old daughter of Robert Mann, was discovered to be dead when called to get up the other morning. It is thought the death was due to a ruptured blood vessel.

This a Good Year for Fruit.

YORK, Neb.—H. H. Schneibley, one of the largest and most successful fruit growers in York county and a close observer of conditions, predicts that the coming season will be one of the best fruit years.

A married man says he objects to giving his wife spending money because she invariably spends it.

Denies All Liability.

The Union Pacific Railway company filed in the supreme court a brief disclaiming any liability for the death of Michael Smith, a Woodlawn farmer, who was killed in October, 1899, while driving home from Lincoln. The plaintiff, Mary Smith, who acted as administratrix of the estate of her husband, sued the company on the ground that it was negligent in not fencing its track as required by statute, and therefore ought to be held liable for the death of her husband.

A French Giant Leaves Us.

M. Hugo, the French giant, sailed the other day in La Savoye to have his Christmas dinner at home. He weighs 430 pounds, is seen feet nine inches tall and requires a bed ten feet long, so that the largest stateroom on the ship failed ignobly to meet the demand. To solve the difficulty, the partition between two staterooms was cut away and a special bed was constructed. Even at that, the giant is in something of a plight, having to double up every now and then to keep from knocking his towering head against deck coverings, while companions, dining saloon chairs and tables and all of the accommodations of the ship are many sizes too small to comfortably accommodate the Frenchman. He is 25 years old, and says he is still growing.

Professional "Wakers."

A writer in the London Chronicle, noting a reference in Scribner's Magazine to a sign in a Dutch town, "L. Y. D. Zwaan, Morgon Wekkter" (which means morning waker), notes that the industry is common in the districts where London workmen live, and sixpence a week from each client is the usual "waker's" wage. All over London, too, policemen make a little extra in waking those whose work calls them early. He tells of seeing a South Kensington constable clambering suspiciously upon a wall. There the peace officer caught the end of a rope and pulled till an answering shout was heard. The constable explained that the other end of the rope was affixed to a baker's bedclothes.

Salzer's Home Builder Corn.

So named because 50 acres produced so heavily that its proceeds built a lovely home. See Salzer's catalog. Yields in 1902 in Ind., 157 bu., Ohio 160 bu., Tenn., 93 bu., and in Mich., 220 bu., p. a. acre. You can beat this record in 1904.

WHAT DO YOU THINK OF THESE YIELDS PER ACRE?  
120 bu. Beardless Barley per acre.  
319 bu. Salzer's New Nat. Oats—per A. 80 bu. Salzer's Speltz & Macaroni Wheat. 1,000 bu. Pedigree Potatoes per acre. 14 tons of rich Billon Dol. Grass Hay. 60,000 lbs. Victoria Hops for sheep—acre. 150,000 lbs. Teosinte, the fodder wonder. 64,000 lbs. Salzer's Superior Fodder Corn—rich, juicy fodder, per A. Now such yields you can have. Mr. Farmer, in 1904, if you will plant Salzer's seeds.

At the Brooklyn Fire.

At the time of the Brooklyn horror, the Kate Claxton "Two Orphans" hetacomb, the first man to leave the theater remained outside. "What's the matter?" said an acquaintance. "Don't like the piece?" "Very much," was the reply. "but I somehow or other can't feel comfortable. I feel like a haunted house. If I were superstitious I'd believe something bad is going to happen around here—an explosion, a railroad disaster, a shipwreck or that sort of thing."

Automobile Sickness.

French physicians report an increasing number of cases of acute nervousness which are due directly to automobiling, and they predict that with an increase of the sport will come an increase in the number of the cases. The sickness is called the neurosis of anxiety, and may be traced to the excitement and mental tension of rapid traveling necessary to secure a reasonable feeling of enjoyment, while speeding rapidly, with risks and dangers constantly at hand.

Dr. Williams' Swears.

Yorktown, Ark., Jan. 18.—Last week a statement was published from Lealand Williamson, M. D., of this place, to the effect that Dodd's Kidney Pills are the best medicine for all Kidney Diseases and that he uses them with uniform success in his daily practice.

No one who knows Dr. Williamson will doubt for a moment the complete truth of his fearless declaration, but to completely clinch the matter in the minds of those who may not have the pleasure of a personal acquaintance with this celebrated physician, Dr. Williamson has appeared before Mr. H. E. Greene, J. P. for Montgomery County, and made a sworn statement. In this sworn statement the doctor has elicited a number of cases which have been completely cured by Dodd's Kidney Pills. Here is case No. 1: "Henry Hall, Sr., age 48, an American, attacked with Malaria Haematuria, or Swamp Fever; temperature ranged from 101 to 105, highly coated tongue, constipated bowels, hemorrhage or passage of blood from Kidneys; used febrifuge and Dodd's Kidney Pills to relieve the inflammation and congested condition of Kidneys and to render the urine bland and non-irritating. Recovery complete after two months' treatment of the Pills."

Industry and prosperity are spelled differently, but they mean about the same thing.

Miss Rose Hennessy, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I have been so blessedly helped through the use of Lydia E. Pinkham's Vegetable Compound that I feel it but just to acknowledge it, hoping that it may help some other woman suffering as I did. For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well."

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was."—Miss Rose Nora Hennessy, 410 S. Broadway, Lexington, Ky.

The experience and testimony of some of the most noted women of America go to prove beyond a question that Lydia E. Pinkham's Vegetable Compound will correct all such trouble and at once, by removing the cause, and restoring the organs to a normal and healthy condition.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month. The physician prescribed for me, but I soon discovered that he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked.

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found that I was completely cured of my trouble, and have been well and hearty ever since, and no more fear the monthly period, as it now passes without pain to me. Yours very truly, Miss PEARL ACKERS, 327 North Summer St., Nashville, Tenn."

When a medicine has been successful in restoring to health more than a million women, you cannot well say without trying it "I do not believe it will help me." If you are ill, do not hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound and write Mrs. Pinkham at Lynn, Mass., for special advice. Her advice is free and helpful. Write to-day. Delay may be fatal.

5000 FORFEIT if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.
