

Ayer's Sarsaparilla

You know the medicine that makes pure, rich blood—Ayer's Sarsaparilla. Your mother, grandmother, all your folks, used it. They trusted it. Their doctors trusted it. Your doctor trusts it. Then trust it yourself. There is health and strength in it.

Rich Blood

Ayer's Pills are gently laxative. They greatly aid the Sarsaparilla.

Round Grove. (Omitted last week by mistake.) Mrs. Lee Smith has been quite sick for the past few days.

Andrew Weaver attended the Central Nebraska Teacher's Association at Aurora last week.

Mr. and Mrs. Albert Lang are rejoicing over the arrival of a girl at their place. Albert will probably recover but he has been compelled to walk on a crutch ever since. He claims his trouble is rheumatism.

A most complete surprise was planned on C. W. Mottling's evening before the close of his school. Many of the patrons and children of the district with quite a number of friends gathered at J. R. Lang's place. When Mottling returned from Mr. Dickerson's where he had gone after school, he found the crowd assembled. The evening was spent very pleasantly playing games. Late in the evening refreshments were served.

Arnold. (Too late for last week.) Walter Glaze of Broken Bow, was seen on our streets Friday.

Real Estate is raising and lowering where we poor farmers will not be able to reach it.

A number of loads of hogs went to market today, (Tuesday,) some to Merna, some to Callaway and some to Gothenburg.

Rain or no rain is the great question of the day. It is greatly needed that the farmer may realize profits in the seed he sows this spring.

Mr. Smith, wife and daughter of Gandy, were visiting with Mr. Hoffman and family Saturday night and Sunday. Mr. Smith is an old time friend of Mr. Hoffman.

Mattie Needham took the stage for Callaway Tuesday morning. She will be a guest of Mrs. P. Wymore. Also will take lessons in the art of dress making of Mrs. Wymore.

Last Friday evening Mr. and Mrs. I. P. Mills gave a fish party to the young people of Arnold and vicinity. Refreshments were served and all present had an enjoyable time.

Grandpa Jenkins lost three head of cattle Sunday night by corn stalk disease. We know the cattle die. What is the disease? What is the cause? And what is the remedy for it? This is three great questions which stand unanswered for the past three years.

Attention Farmers

Why remain in the North and stay in doors six months in the year consuming what you raise during the other six months? Go South where you can work out doors every month in the year, and where you are producing something the year round. If you are a stock raiser you know your stock are now "eating their heads off" and besides, have to be protected from the rigors of winter by expensive shelter.

Economical stock feeding requires the combination of both flesh-forming and fat-forming foods in certain proportions. Alabama and Florida produce in abundance the velvet bean and cassava, the first a flesh producer, and the latter a fat producer, and they are the cheapest and best fattening materials known to the world.

More money can be made and with less labor, in general farming, fruit and berry growing and truck gardening along our road in the South than in any other section of the Union.

The cover is in heavy paper with an appropriate and attractive design printed in three colors, just published by the Nebraska Farmer. Single copy, postpaid, 50c; or free with a year's subscription to Nebraska Farmer at regular price, \$1.00. Write for terms and how to get a free trip to the World's Fair at St. Louis.

Easter Sunday was duly celebrated by the people of Arnold in the M. E. Sunday School. Everything passed off pleasantly. The young people and little folks did splendid. Fine music was rendered by the choir. Reba Hoffman presided at the organ. Mr. Smith of Gandy, gave the people a delightful treat in singing a solo. He is a star singer. Homer Harlen presided at the organ.

Miss Bertha Maxon is quite sick. A few years ago when a small child she had swelling on her face caused by a bad tooth. She was treated for it at the Omaha Hospital. Treatment was unsuccessful. Dr. Mullins of Broken Bow, operated on it and removed the tooth and part of the bone, so successful that the young lady recovered and by all appearance was well, up to last week, when her face commenced swelling and paining her until relief came by breaking inside her throat, her life was almost gone, but at present there is hopes of her recovery. Dr. Robinson has the case in charge.

Although Arnold people in the "by way neck of woods" and have been for 20 years, hoping, working, trusting and praying that something would happen that would bring them in touch with the east, west, north and south. Arnold's Diadem has come at last. For several months past a company of capitalists of Denver has been prospecting for and analyzing the chalk beds in this vicinity. Last week a deal was consummated by the company with Messrs. Miller and Babcock of Arnold for their banks of chalk. The estimated amount is 100,000 tons. The gentlemen have received quite a fortune. This insures a railroad, also other capital as there is an unlimited supply of chalk in our vicinity.

Stearns, Druggist, Shullsburg, Wis., writes, May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, \$1.00. Sold by Ed. McComas, Broken Bow and Merna.

Colonial Rates.

During March and April the Burlington will sell one way tickets to the Pacific coast at very low rates. Here are some of them: \$27.40 to San Francisco and Los Angeles. \$25 to Portland, Tacoma and Seattle. \$25.50 to Spokane. \$20.00 to Butte and Helena. \$16.75 to Big Horn Basin, Wyoming. Proportionally low rates to hundreds of other points. These rates offer an excellent opportunity to see the great Northwest which presents unusual attractions to the home-seeker. It possesses the iron and lumber of Michigan, the wheat of Minnesota, the wool of Ohio, the fisheries of New England and a seaboard rivaling the Atlantic Coast. If you will tell me where you are going I shall be glad to give you full information about rates and train service and send you advertising matter descriptive of these wonderful sections. J. FRANCIS, General Passenger Agent, Omaha, Nebraska.
