The republicans of nine states have declared in favor of Gov VanSant of Minnesota, for vice president. His firm stand and successful war against the Jas. Hill & Co. railroad syndicate makes him popular with the west

Senator Dietriech has been vindicated by the Senate Committee and we are inclined to accept the findings as just and consistant with the evidence, but that does not change our opinion that Congressman Burkett should be his successor and that the state convention should settle the question.

The contention between Hearst and Parker for the democratic nomination is growing interesting. The total number of delegates that will be in the St Louis convention is 1,000. New York state instructs for Parker it will give him 547 to start with or 120 short of the required two thirds majority. As Olney, Cockrell and Wall each have a few delegates, Hearst will lack a hundred or two in having enough to control the convention to say nothing of the required two thirds majority necessary to secure the nomination. This makes it look very much as the er, W. A. George, a republican Cleveland element will control the nomination of the next democrat convention.

The old valuation was \$623,735.34, a ridiculously low estimate, and the value as found by the appraisers is \$1,776,600 45 an increase of \$1,156,584.57. This in- times of that of 1903, we venture crease is not confined to any particular section of the state, but dollar, based on one fifth of its appears to be uniform through- valuation than they were in 1903, out. none but the blind and in the ultimate both fall in the ditch.

"We have the tariff yet." we are proud to state is true. It is true from the fact that we have a republican prsident and congress. They always stand for a protective tariff for the American producer and manufacturer and it is largely because of that fact that we can boast of a republican administration at the helm of years of free trade democracy, for which the Beacon is again sighing, (that it may replemish its exchecquer with sheriff sale notices,) but the people who remember those days of poverty and misery are not anxious to reof prosperity that exists today over the free trade days of Cleveland and Bryan democracy is due favorable comparison.

WELL DONE.

The Kinkaid Bill Passed the House.

Congressman Kinkaid has secured the passage of his Section buckets. Mr. Suckney had a lot Homsstead Bill in the House. It is a great victory and fully proves his ability as a legislator. A greater work could not have been done for the Sixth District which he represents. The bill now goes to the Senate under the management of Senator Dietrich. This will give the Senator an opportunity to raise himself in the estimation of the people of western Nebraska. The Washington dispatch says:

"So pleased was Congressman Kinkaid over the success of his bill that he entertained at luncheon today in the house cafe, H. M. Grimes, judge of the Thirteenth judicial district of Nebraska; Attorney Wesley D. Wilcox of North Piatte, Judge Reese, receiver of the land office at Broken Bow, Congressman Burkett, Hinshaw and McCarthy.
